The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorised Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Khamrah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office,
the 27th Dec. 1839.

NOTIFICATION.

WITH reference to the notice of the undersigned, dated 27th ultimo, it is hereby further notified that from the 1st proximo, the mid-day despatch will be extended to the line of Trunk Road between Calcutta and Loodianah, from each of which places a Mail, for the other extreme end, will be despatched at noon. This despatch will include Letters, &c., for the several Stations noted in the margin.

Fort William, Genl. Post Office,
The 21st January, 1840.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office,

MARINE DEPARTMENT.

NOTIFICATION.—It is the intention of the Hon'ble the Governor in Council to despatch a Steamer from Bombay to the Persian Gulf, with a Mail for England, on Thursday, the 23d of July.

Arrangements have been made to insure as far as practicable, the safe and speedy passage of the Mails from Bussora to Beyroot, but it is essential that letters, both private and public, be made of small dimensions that the Mail may be light.

By order of the Hon'ble the Governor in Council,
(Signed) E. M. WOOD, *Lieut.-Col.,*
Secretary to Government.

Bombay Castle, 10th June, 1840.

With reference to the above Notification, the Public are hereby informed, that the latest safe date for the transmission of Letters from this Presidency, which may be intended for despatch by the July Steamer, will be the 6th proximo. And it is specially requested, that due attention may be paid to the concluding part of the Bombay Notification, as to the expediency of Letters, both public and private, being made of small dimensions.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office,

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

NOTICE is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received.—First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3. The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration

which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency, that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for ⅓ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October to the March following, consequently the Contracts will be in effect from October next.

5. Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7. Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

MARINE DEPARTMENT.

NOTIFICATION.—It is the intention of the Hon'ble the Governor in Council to despatch a Steamer from Bombay to the Persian Gulf, with a Mail for England, on Thursday, the 23d of July.

Arrangements have been made to insure as far as practicable, the safe and speedy passage of the Mails from Bussora to Beyroot, but it is essential that letters, both private and public, be made of small dimensions that the Mail may be light

By order of the Hon'ble the Governor in Council,

(Signed) E. M. WOOD, *Lieut.-Col.*,
Secretary to Government.

Bombay Castle, 10th June, 1840.

With reference to the above Notification, the Public are hereby informed, that the latest safe date for the transmission of Letters from this Presidency, which may be intended for despatch by the July Steamer, will be the 6th proximo. And it is specially requested, that due attention may be paid to the concluding part of the Bombay Notification, as to the expediency of Letters, both public and private, being made of small dimensions.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office,

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

H. S. OLDFIELD,
Offg. Post Master General.

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

Notice is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received.—First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3. The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency, that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for ⅓ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October to the March following, consequently the Contracts will be in effect from October next.

5. Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired.

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7. Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 29TH JUNE, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 29th of June 1840, is hereby promulgated for general information.

ACT No. XIII. OF 1840.

An Act for the amendment of the Law regarding Factors, by extending to the territories of the East India Company, in cases governed by English law, the prov'sions of the Statute 4 Geo. IV. Ch. 83 as altered and amended by the Statute 6 Geo. IV. Ch. 94.

It is hereby enacted, that the Statute of the 4 Geo IV Cap. 83 as altered and amended by the Statute of 6 Geo. IV Ch 94, shall be extended to the territories of the East India Company; provided always that this Act shall not be construed to affect any case which would not have been governed by the Law of England before the passing of the aforesaid Statutes if this Act had not passed; or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

The Statutes hereby extended to the Territories of the East India Company are as follows.

4 GEO. IV. CAP. 83.

An Act for the better Protection of the Property of Merchants and others, who may hereafter enter into Contracts or Agreements in relation to Goods, Wares, or Merchandizes, intrusted to Factors or Agents. (18th July, 1823.)

" Whereas it has been found that the Law, as it now stands, relating to Goods shipped in the names of persons who are not the actual Proprietors thereof, and to the deposit or pledge of Goods, affords great facility to fraud, produces frequent litigation, and proves, in its effects, highly injurious to the interests of Commerce in general;" Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that from and after the passing of this Act, any person or persons intrusted, for the purpose of sale, with any Goods, Wares, or Merchandize, and by whom such Goods, Wares, or Merchandize shall be shipped, in his, her or their own name or names, or in whose name or names any Goods, Wares, or Merchandize shall be shipped by other person or persons, shall be deemed and taken to be the true Owner or Owners thereof, so far as to entitle the Consignee or Consignees of such Goods, Wares, and Merchandize to a lien thereon, in respect of any money or negotiable security or securiries advanced or given by such Consignee or Consignees to or for the use of the person or persons in whose name or names such Goods, Wares, or Merchandize shall be shipped, or in respect of any money or negotiable security or securities received by him, her or them to the use of such Consignee or Consignees, in the like manner to all intents and purposes as if such person or persons was or were the true Owner or Owners of such Goods, Wares and Merchandize; provided such Consignee or Consignees shall not have notice, by the Bill of Lading for the delivery of such Goods, Wares or Merchandize or otherwise, at or before the time of any advance of such money or negotiable security, or of such receipt of money or negotiable security in respect of which such lien is claimed, that such person or persons so shipping in his, her or their own name or names, or in whose name or names any Goods, Wares or Merchandize shall be shipped by any person or persons, is or are not the actual and *bonâ fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares and Merchandize so shipped as aforesaid, any law, usage or custom to the contrary thereof in any wise notwithstanding: Provided also, that the person or persons in whose name or names any such Goods, Wares or Merchandize are so shipped as aforesaid, shall be taken for the purposes of this Act to have been intrusted therewith, unless the contrary thereof shall appear or be shewn in evidence by any person disputing such fact.

Persons in whose names Goods shall be shipped, shall be deemed the Owners, so as to entitle Consignees to a lien thereon as herein mentioned.

Any person may take Goods or Bill of Lading in deposit from Consignee but shall not acquire any further right than Consignee possessed.

II. And be it further enacted, that it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to accept and take any Goods, Wares or Merchandize, or the Bill or Bills of Lading for the delivery thereof, in deposit or pledge from any Consignee or Consignees thereof; but then and in that case such person or persons, body or bodies, politic or corporate, shall acquire no further or other right, title or interest, in or upon or to the said Goods, Wares or Merchandize, or any Bill of Lading for the delivery thereof than was possessed, or could or might have been enforced by the said Consignee or Consignees at the time of such deposit or pledge as a security as aforesaid: but such person or persons, body or bodies, politic or corporate, shall and may acquire, possess and enforce such right, title, or interest, as was possessed and might have been enforced, by such Consignee or Consignees at the time of such deposit or pledge as aforesaid, any rule of law, usage or custom to the contrary notwithstanding.

Right of Owner to follow his Goods while in the hands of his Agent or of his Assignees in case of Bankruptcy, or to recover them from Assignees, &c. upon paying his advances secured upon them, &c.

III. Provided always, that nothing herein contained shall be deemed, construed, or taken to deprive or prevent the true Owner or Owners, Proprietor or Proprietors of such Goods, Wares or Merchandize, from demanding and recovering the same from

his, her, or their Factor or Factors, Agent or Agents, before the same shall have been so deposited or pledged or from the Assignee or Assignees of such Factor or Factors, Agent or Agents, in the event of his, her, or their Bankruptcy; nor to prevent any such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of, and from any person or persons, or of or from the Assignees of any person or persons in case of his or her Bankruptcy, or of or from any body or bodies, politic or corporate, such Goods, Wares, or Merchandize so consigned, deposited, or pledged, upon repayment of the money or on restoration of the negotiable security or securities, or on payment of a sum of money equal to the amount of such security or securities, for which money or negotiable security or securities such person or persons, his, her, or their Assignee or Assignees, or such body or bodies, politic or corporate, may be entitled to any lien upon such Goods, Wares, or Merchandize, nor to prevent the said Owner or Owners, Proprietor or Proprietors, from recovering of and from such person or persons, body or bodies, politic or corporate, any balance or sum of money remaining in his, her, or their hands, as the produce of the sale of such Goods, Wares, or Merchandize, after deducting thereout the amount of the money or negotiable security or securities so advanced or given upon the security thereof as aforesaid. Provided always, that in case of the Bankruptcy of such Factor or Agent, the Owner of the Goods so pledged and redeemed as aforesaid, shall be held to have discharged *pro-tanto* the debt due by him to the Bankrupt's estate.

Proviso as to Bankruptcy of Factor.

6TH GEO. IV. CAP. 94.

An Act to alter and amend an Act for the better protection of the Property of Merchants and others, who may hereafter enter into Contracts or Agreements in relation to Goods, Wares, or Merchandizes intrusted to Factors or Agents.

4 G. 4. c. 88.

Whereas an Act passed in the fourth year of the Reign of His present Majesty, intituled *an Act for the better protection of the Property of Merchants and others, who may hereafter enter into contracts or agreements in relation to Goods, Wares, or Merchandize intrusted to Factors or Agents*: And whereas it is expedient to alter and amend the said Act, and to make further Provisions in relation to such contracts or agreements, as hereinafter provided: Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that from and after the passing of this Act, any person or persons intrusted for the purpose of consignment or of sale, with any Goods, Wares, or Merchandize, and who shall have shipped such Goods, Wares, or Merchandize in his, her, or their own name or names, and any person or persons in whose name or names any Goods, Wares, or Merchandize shall be shipped by any other person or persons, shall be deemed and taken to be the true Owner or Owners thereof, so far as to entitle the Consignee or Consignees of such Goods, Wares, and Merchandize to a lien thereon, in respect of any money or negotiable security or securities advanced or given by such Consignee or Consignees to or for the use of the person or persons in whose name or names such Goods, Wares, or Merchandize shall be shipped, or in respect of any money or negotiable security or securities received by him, her, or them, to the use of such Consignee or Consignees, in the like manner to all intents and purposes as if such person or persons was or were the true Owner or Owners of such Goods, Wares, and Merchandize, provided such Consignee or Consignees shall not have noticed by the Bill of Lading for the delivery of such Goods, Wares or Merchandize, or otherwise, at or before the time of any advance of such money or negotiable security, or of such receipt of money or negotiable security in respect of which such lien is claimed, that such person or persons so shipping in his, her, or their own name or names, or in whose name or names any Goods, Wares, or Merchandize shall be shipped by any person or persons, is or are not the actual and *bonâ fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares, and Merchandize so shipped as aforesaid, any law, usage, or custom to the contrary thereof in any wise notwithstanding: provided also, that the person or persons in whose name or names any such Goods, Wares, or Merchandize are so shipped as aforesaid, shall be taken, for the purpose of this Act, to have been intrusted therewith for the purpose of consignment or of sale, unless the contrary thereof shall be made to appear by bill of discovery or otherwise, or be made to appear, or be shown in evidence by any person disputing such fact.

Factors or Agents having Goods or Merchandize in their possession, shall be deemed to be true Owners, so as to give validity to Contracts with persons dealing bona fide *upon the Faith of such Property.*

Persons in possession of Bills of Lading, &c., to be the Owners so far as to make valid contracts.

II. And be it further enacted, that from and after the First day of *October* one thousand eight hundred and twenty-six, any person or persons intrusted with and in possession of any Bill of Lading, *India* Warrant, Dock Warrant, Warehouse Keeper's Certificate, Wharfinger's Certificate, Warrant or Order for delivery of Goods, shall be deemed and taken to be the true Owner or Owners of the Goods, Wares, and Merchandize described and mentioned in the said several documents hereinbefore stated respectively, or either of them, so far as to give validity to any contract or agreement thereafter to be made or entered into by such person or persons so intrusted and in possession as aforesaid, with any person or persons, body or bodies, politic or corporate, for the sale or disposition of the said Goods, Wares, and Merchandize, or any part thereof, or for the deposit or pledge thereof, or any part thereof, as a security for any money or negotiable instrument or instruments advanced or given by such person or persons, body or bodies, politic or corporate, upon the faith of such several documents or either of them; provided such person or persons, body or bodies, politic or corporate, shall not have noticed by such documents or either of them, or otherwise, that such person or persons so instrusted as aforesaid is or are not the actual and *bonâ fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares or Merchandize so sold or deposited or pledged as aforesaid; any law, usage, or custom to the contrary thereof in anywise notwithstanding.

No person to acquire a security upon Goods in the hands of an Agent for an antecedent debt, beyond the amount of the Agent's interest in the Goods.

III. Provided always, and be it further enacted, that in case any person or persons, body or bodies, politic or corporate, shall, after the passing of this Act, accept and take any such Goods, Wares, or Merchandize in deposit or pledge from any such person or persons so in possession and intrusted as aforesaid, without notice as aforesaid, as a security for any debt or demand due and owing from such person or persons so intrusted and in possession as aforesaid, to such person or persons, body or bodies, politic or corporate, before the time of such deposit or pledge, then and in that case such person or persons, body or bodies, politic or corporate, so accepting or taking such Goods, Wares, or Merchandize in deposit or pledge, shall acquire no further or other right, title or interest in or upon or to the said Goods, Wares, or Merchandize, or any such document as aforesaid than was possessed, or could or might have been enforced by the said person or persons so possessed and intrusted as aforesaid, at the time of such deposit or pledge as a security as last aforesaid; but such person or persons, body or bodies, politic or corporate, so accepting or taking such Goods, Wares or Merchandize in deposit or pledge, shall and may acquire, possess, and enforce such right, title, or interest as was possessed and might have been enforced by such person or persons so possessed and intrusted as aforesaid; any rule of law, usage, or custom to the contrary notwithstanding.

Persons may contract with known Agents in the ordinary course of business or out of that course if within the Agent's authority.

IV. And be it further enacted, that from and after the first day of *October* one thousand eight hundred and twenty-six, it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to contract with any Agent or Agents, intrusted with any Goods, Wares, or Merchandize, or to whom the same may be consigned, for the purchase of any such Goods, Wares, and Merchandize, and to receive the same of and pay for the same to such Agent or Agents; and such contract and payment shall be

binding upon and good against the Owner of such Goods, Wares, and Merchandize, notwithstanding such person or persons, body or bodies, politic or corporate, shall have notice that the person or persons making and entering into such contract, or on whose behalf such contract is made or entered into, is an Agent or Agents, provided such contract and payment be made in the usual and ordinary course of business, and that such person or persons, body or bodies, politic or corporate, shall not, when such contract is entered into or payment made, have notice that such Agent or Agents is or are not authorized to sell the said Goods, Wares, and Merchandize, or to receive the said purchase money.

Persons may accept and take Goods, &c. in pledge from known Agents; but in that case shall acquire no further interest than was possessed by such Agent at the time of such pledge.

V. And be it further enacted, that from and after the passing of this Act, it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to accept and take any such Goods, Wares or Merchandize, or any such document as aforesaid, in deposit or pledge from any such Factor or Factors, Agent or Agents, notwithstanding such person or persons, body or bodies, politic or corporate, shall have such notice as aforesaid, that the person or persons making such deposit or pledge is or are a Factor or Factors, Agent or Agents; but then and in that case such person or persons, body or bodies, politic or corporate, shall acquire no further or other right, title, or interest in or upon or to the said Goods, Wares, or Merchandize, or any such document as aforesaid, for the delivery thereof, than was possessed or could or might have been enforced by the said Factor or Factors, Agent or Agents, at the time of such deposit or pledge as a security as last aforesaid; but such person or persons, body or bodies, politic or corporate, shall and may acquire, possess, and enforce such right, title, or interest as was possessed and might have been enforced by such Factor or Factors, Agent or Agents, at the time of such deposit or pledge as aforesaid; any rule of law, usage or custom to the contrary notwithstanding.

Right of the true Owner to follow his Goods while in the hands of his Agent or of his Assignee in case of Bankruptcy, or to recover them from a third person, upon paying his advances secured upon them.

VI. Provided always, and be it enacted, that nothing herein contained shall be deemed, construed, or taken to deprive or prevent the true Owner or Owners, or Proprietor or Proprietors, of such Goods, Wares, or Merchandize, from demanding and recovering the same from his, her, or their Factor or Factors, Agent or Agents, before the same shall have been so sold, deposited, or pledged, or from the Assignee or Assignees of such Factor or Factors, Agent or Agents, in the event of his, her, or their bankruptcy; nor to prevent such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of and from any person or persons, body or bodies, politic or corporate, the price or sum agreed to be paid for the purchase of such Goods, Wares, or Merchandize, subject to any right of set off on the patr of such person or persons, body or bodies, politic or corporate, against such Factor or Factors, Agent or Agents; nor to prevent such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of and from such person or persons, body or bodies, politic or corporate, such Goods, Wares, or Merchandize so deposited or pledged, upon repayment of the money, or on restoration of the negotiable instrument or instruments so advanced or given on the security of such Goods, Wares, or Merchandize as aforesaid, by such person or persons, body or bodies, politic or corporate, to such Factor or Factors, Agent or Agents; and upon payment of such further sum of money, or on restoration of such other negotiable instrument or instruments (if any) as may have been advanced or given by such Factor or Factors, Agent or Agents, to such Owner or Owners, Proprietor or Proprietors, or on payment of a sum of money equal to the amount of such instrument or instruments; nor to prevent the said Owner or Owners, Proprietor or Proprietors, from recovering of and from such person or persons, body or bodies, politic or corporate, any balance or sum of money remaining in his, her, or their hands, as the produce of the sale of such Goods, Wares, or Merchandize, after deducting thereout the amount of the money or negotiable instrument or instruments so advanced or given upon the security thereof as aforesaid: Provided always, that in case of the bankruptcy of any such Factor or Agent, the Owner or Owners, Proprietor or Proprietors of the Goods, Wares, and Merchandize so pledged and redeemed as aforesaid, shall be held to have discharged *pro-tanto* the debt due by him, her, or them to the Estate of such Bankrupt.

In case of bankruptcy of Factor, the Owner of Goods so pledged and redeemed shall be held to have discharged pro-tanto *the debt due from him to Bankrupt.*

Agents fraudulently pledging the Goods of their Principals deemed guilty of a misdemeanor.

VII. And whereas it is expedient to prevent the improper deposit or pledge of Goods, Wares, or Merchandize, or the documents relating to such Goods, Wares, or Merchandize, intrusted or consigned as aforesaid to Factors or Agents; be it therefore enacted, that if any such Factors or Agents, at any time from and after the said First Day of *October*, one thousand eight hundred and twenty-six, shall deposit or pledge any Goods, Wares or Merchandize, intrusted or consigned as aforesaid to his or her care or management, or any of the said several documents so possessed or intrusted as aforesaid, with any person or persons, body or bodies, politic or corporate, as a security for any money or negotiable instrument or instruments borrowed or received by such Factor or Agent, and shall apply or dispose thereof to his or her own use, in violation of good faith, and with intent to defraud the Owner or Owners of any such Goods, Wares, or Merchandize, every person so offending, in any part of the United Kingdom, shall be deemed and taken to be guilty of a misdemeanor, and being convicted thereof according to law, shall be sentenced to transportation for any term not exceeding fourteen years, or to receive such other punishment as may by law be inflicted on persons guilty of a misdemeanor, and as the Court before whom such offender may be tried and convicted shall adjudge.

May be transported not exceeding fourteen years, &c.

Not to extend to cases in which the Agent has not made the Goods a security for any sum beyond the extent of his own lien.

VIII. Provided always, and be it further enacted, that nothing herein contained shall extend or be construed to extend to subject any person or persons to prosecution, for having deposited or pledged any Goods, Wares, or Merchandize so intrusted or consigned to him, her or them, provided the same shall not be made a security for or subject to the payment of any greater sum or sums of money than at the time of such deposit or pledge was justly due, and owing to such person or persons from his, her, or their principal or principals: Provided nevertheless that the Acceptances of Bills of Exchange by such person or persons drawn by or on account of such principal or principals, shall not be considered as constituting any part of such debt so due, and owing from such principal or principals within the true intent, and meaning of this Act, so as to excuse the consequence of such a deposit or pledge, unless such Bills shall be paid when the same shall respectively become due.

Acceptances of Bills by an Agent not to create a lien so as to excuse the pledge, unless the Bills are paid when due.

X. Provided also, and be it further enacted, that nothing in this Act contained, nor any proceeding, conviction, or judgment to be had or taken thereupon, shall hinder, prevent,

lessen, or impeach any remedy at Law or in Equity, which any party or parties aggrieved by any offence against this Act might or would have had or have been entitled to against any such offender if this Act had not been made, nor any proceeding, conviction, or judgment had been had or taken thereupon, but nevertheless, the conviction of any offender against this Act shall not be received in evidence in any action at law or suit in Equity against such offender: And further, that no person shall be liable to be convicted by any evidence whatever as an offender against this Act, in respect of any act, matter, or thing done by him, if he shall at any time previously to his being indicted for such offence have disclosed any such matter or thing on oath under or in consequence of any compulsory process of any Court of Law or Equity, in any action, suit, or proceeding, in or to which he shall have been a party, and which shall have been *bonâ fide* instituted by the party aggrieved by the act, matter or thing, which shall have been committed by such offender aforesaid.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
The 29th June, 1840.

The following Act passed by the Right Honorable the Governor General of India in Council on the 29th of June 1840, is hereby promulgated for general information.

Act No. XIV of 1840.

An Act for rendering a written Memorandum necessary to the validity of certain promises and engagements by extending to the Territories of the East India Company, in cases governed by English Law the Provisions of the Statute 9, Geo. IV. Ch. XIV.

It is hereby enacted, that the Statute 9, Geo. IV. Ch. XIV. shall be extended to the Territories of the East India Company; provided always that this Act shall not be construed to affect any case, which, would not have been governed by the Law of England before the passing of the aforesaid Statute, if this Act had not passed; or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

The Statute hereby extended to the Territories of the East India Company is as follows (the sum of £10 mentioned therein to be deemed 100 Rupees in the application of the Statute to the aforesaid Territories.)

9th Geo. IV. Cap. XIV.

An Act for rendering a written Memorandum necessary to the validity of certain Promises and Engagements.

9th May, 1828.

English Act 21, *Jas.* 1 *C.* 16.

Irish Act 10, *Car.* 1, *Sess.* 2, *C.* 6.

Whereas by an Act passed in England in the twenty-first year of the Reign of King James the First, it was, among other things, enacted, that all actions of account and upon the case, other than such accounts as concern the trade of merchandize between Merchant and Merchant, their Factors or Servants, all actions of debt grounded upon any lending or contract without specialty, and all actions of debt for arrearages of rent, should be commenced within three years after the end of the then present Session of Parliament, or within six years next after the cause of such actions or suit, and not after. And whereas a similar Enactment is contained in an Act passed in Ireland in the tenth year of the reign of King Charles the First, and whereas various questions have arisen in actions founded on simple contract, as to the proof and effect of acknowments and promises offered in evidence for the purpose of taking cases out of the operation of the said Enactments; and it is expedient to prevent such questions and to make provision for giving effect to the said Enactments and to the intention thereof. Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same. That in actions of debt or upon the case grounded upon any simple contract no acknowledgment or promise by words only shall be deemed sufficient evidence of a new or continuing contract, whereby to take any case out of the operation of the said Enactments, or either of them, or to deprive any party of the benefit thereof, unless such acknowledgment or promise shall be made or contained by or in some writing to be signed by the party chargeable thereby, and that where there shall be two or more Joint Contractors, or Executors or Administrators of any contractor no such Joint Contractor, Executor, or Administrator shall lose the benefit of the said Enactments, or either of them, so as to be chargeable in respect or by reason only by any written acknowledgment or promise made and signed by any other or others of them. Provided always, that nothing herein contained shall alter or take away or lessen the effect of any payment of any principal or interest made by any person whatsoever.

In actions of debt or upon the case, no acknowledgment shall be deemed sufficient unless it be in writing, or by part payment.

Joint Contractors.

Proviso for the case of Joint Contractors.

Provided also, that in actions to be commenced against two or more such Joint Contractors, or Executors or Administrators, if it shall appear at the trial or otherwise that the Plaintiff, though barred by either of the said recited Acts or this Act, as to one or more of such Joint Contractors, or Executors or Administrators, shall nevertheless be entitled to recover against any other or others of the Defendants, by virtue of a new acknowledgment or promise, or otherwise, judgment may be given and costs allowed for the Plaintiff as to such Defendant or Defendants against whom he shall recover, and for the other Defendant or Defendants against the Plaintiff.

Pleas in Abatement.

II. And be it further enacted, that if any Defendant or Defendants in any action on any simple contract shall plead any matter in abatement, to the effect that any other person or persons ought to be jointly sued and issue be joined on such Plea, and it shall appear at the trial that the action could not, by reason of the said recited Acts, or this act, or of either of them, be maintained against the other person or persons named in such plea, or any of them, the issue joined on such plea shall be found against the party pleading the same.

Indorsements of Payment.

III. And be it further enacted, that no indorsement or Memorandum of any payment written or made after the time appointed for this Act to take effect, upon any Promissory Note, Bill of Exchange, or other writing by or on the behalf of the party to whom such payment shall be made, shall be deemed sufficient proof of such payment so as to take the case out of the operation of either of the said Statutes.

Simple Contract debts alleged by way of set off.

IV. And be it further enacted, that the said recited Acts and this Act shall be deemed and taken to apply to the case of any debt on simple contract alleged by way of set off on the part of any Defendant, either by plea, notice, or otherwise.

Confirmation of promises made by Infants.

V. And be it further enacted, that no action shall be maintained whereby to charge any person upon any promise made after full age to pay any debt contracted during infancy, or upon any ratification after full age of any promise or simple contract made during infancy, unless such promise or ratification shall be made by some writing signed by the party to be charged therewith.

Representations of Character.

VI. And be it further enacted, that no action shall be brought whereby to charge any person upon or by reason of any representation or assurance made or given, concerning or relating to the character, conduct, credit, ability, trade or dealings of any other person, to the intent or purpose that such other person may obtain credit, money, or goods upon, unless such representation or assurance be made in writing, signed by the party to be charged therewith.

29 Car. 2, C. 3.

VII. And whereas by an Act passed in England in the twenty-ninth year of the reign of King Charles the Second, intituled An Act for the prevention of Frauds and Perjuries, it is, among other things enacted, that from and after the twenty-fourth day of June one thousand six hundred and seventy-seven, no contract for the sale of any goods, wares and merchandizes, for the price of ten pounds sterling or upwards, shall be allowed to be good except the buyer shall accept part of the goods so sold, and actually receive the same, or give something in earnest to bind the bargain, or in part of payment; or that some note or memorandum in writing of the said bargain be made and signed by the parties to be charged by such contract, or their Agents thereunto lawfully authorized And whereas a similar Enactment is contained in an Act passed in Ireland in the seventh year of the reign of King William the Third. And whereas it has been held that the said recited Enactments do not extend to certain executory contracts for the sale of goods, which nevertheless are within the mischief thereby intended to be remedied; and it is expedient to extend the said Enactments to such executory contracts; be it enacted, that the said Enactments shall extend to all contracts for the sale of goods of the value of ten pounds sterling and upwards, notwithstanding the goods may be intended to be delivered at some future time, or may not at the time of such contract be actually made, procured or provided, or fit or ready for delivery, or some Act may be requisite for the making or completing thereof, or rendering the same fit for delivery.

Irish Act 7. W. 3. C. 12.

Powers of recited Acts extended to Contracts for Goods of 10£ or upwards although the delivery be not made.

Memorandum exempted from Stamps.

VIII And be it further enacted, that no memorandum or other writing made necessary by this Act shall be deemed to be an agreement within the meaning of any Statute relating to the duties of Stamps.

II. And it is hereby enacted, that in exercising the authority conferred by the above section the Magistrate shall commence by issuing an injunction, which, if practicable, shall be served personally on the parties concerned; but if such service shall be impracticable or very inconvenient, the injunction shall be notified by oral proclamation and a written notice thereof shall be set up at such place or places as may be best adapted for conveying information to the parties concerned And in case such injunction be not obeyed, the Magistrate may compel observance thereof by force, and punish disobedience by fine not exceeding 200 Rupees or by imprisonment without labor for any period not exceeding one month, and if the Magistrate finds it necessary to incur expence in removing noxious or dangerous articles or buildings, it shall be lawful for him to sell the same or their materials by public auction in order to defray the charge, delivering any surplus that may remain to the owner.

III. And it is hereby provided and declared, that it shall be lawful for any person affected by such injunction or written notice as is above described, if he shall object thereto to claim by written petition to be presented to the Magistrate within the period of one day from the receipt of such injunction or of three days from the publication of such notice that a Jury or Punchayet may be appointed to try and decide the question, and the Magistrate shall on receiving such petition pass order thereupon for the appointment of a Jury or Punchayet, which shall consist of not less than five persons, whereof the President and one-half of the other Members shall be nominated by the Magistrate from the residents in the vicinity, and the remaining Members shall be nominated by the party petitioning. And the Magistrate shall suspend the further execution of the injunction or order pending such enquiry, and be guided by the decision of the said Jury which shall be according to the opinion of the majority. Provided however that if the petitioner shall by neglect or in any other way prevent the appointment of such Jury or Punchayet, or if, from any cause the Jury so appointed shall not decide and report within the time fixed in the order for their appointment, their functions shall cease from the date of the expiration of such period unless they be continued by special order of the Magistrate and if from any of the above cause no decision be made by a Jury or Punchayet, the Magistrate's order shall take effect as if not opposed.

IV. And it is hereby provided, that all the proceedings of Magistrates under the authority of this Act shall be subject to the like appeal as other orders of Magistrates according to the Regulations of the respective Presidencies.

V. And it is hereby enacted, that this Act shall not be applicable within the local limits of Her Majesty's Courts of Justice.

Ordered, that the Draft now read be published for general information.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

NOTICE is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received.—First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3. The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency, that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for ⅓ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October to the March following, consequently the Contracts will be in effect from October next.

5 Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7. Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

FORT WILLIAM, LEGISLATIVE DEPARTMENT,

THE 29TH JUNE 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 29th of June 1840, is hereby promulgated for general information.

ACT No. XIII. OF 1840.

An Act for the amendment of the Law regarding Factors, by extending to the territories of the East India Company, in cases governed by English law, the provisions of the Statute 4 Geo. IV. Ch. 83 as altered and amended by the Statute 6 Geo. IV. Ch 94.

It is hereby enacted, that the Statute of the 4 Geo IV Cap. 83 as altered and amended by the Statute of 6 Geo. IV Ch. 94, shall be extended to the territories of the East India Company; provided always that this Act shall not be construed to affect any case which would not have been governed by the Law of England before the passing of the aforesaid Statutes if this Act had not passed; or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

The Statutes hereby extended to the Territories of the East India Company are as follows.

4 GEO. IV. CAP. 83.

An Act for the better Protection of the Property of Merchants and others, who may hereafter enter into Contracts or Agreements in relation to Goods, Wares, or Merchandizes, intrusted to Factors or Agents. (18th July, 1823.)

Persons, in whose names Goods shall be shipped, shall be deemed the Owners, so as to entitle Consignees to a lien thereon as herein mentioned.

" Whereas it has been found that the Law, as it now stands, relating to Goods shipped in the names of persons who are not the actual Proprietors thereof, and to the deposit or pledge of Goods, affords great facility to fraud, produces frequent litigation, and proves, in its effects, highly injurious to the interests of Commerce in general;" Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that from and after the passing of this Act, any person or persons intrusted, for the purpose of sale, with any Goods, Wares, or Merchandize, and by whom such Goods, Wares, or Merchandize shall be shipped, in his, her or their own name or names, or in whose name or names any Goods, Wares, or Merchandize shall be shipped by other person or persons, shall be deemed and taken to be the true Owner or Owners thereof, so far as to entitle the Consignee or Consignees of such Goods, Wares, and Merchandize to a lien thereon, in respect of any money or negotiable security or securiries advanced or given by such Consignee or Consignees to or for the use of the person or persons in whose name or names such Goods, Wares, or Merchandize shall be shipped, or in respect of any money or negotiable security or securities received by him, her or them to the use of such Consignee or Consignees, in the like manner to all intents and purposes as if such person or persons was or were the true Owner or Owners of such Goods, Wares and Merchandize; provided such Consignee or Consignees shall not have notice, by the Bill of Lading for the delivery of such Goods, Wares or Merchandize or otherwise, at or before the time of any advance of such money or negotiable security, or of such receipt of money or negotiable security in respect of which such lien is claimed, that such person or persons so shipping in his, her or their own name or names, or in whose name or names any Goods, Wares or Merchandize shall be shipped by any person or persons, is or are not the actual and *boná fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares and Merchandize so shipped as aforesaid, any law, usage or custom to the contrary thereof in any wise notwithstanding: Provided also, that the person or persons in whose name or names any such Goods, Wares or Merchandize are so shipped as aforesaid, shall be taken for the purposes of this Act to have been intrusted therewith, unless the contrary thereof shall appear or be shewn in evidence by any person disputing such fact.

Any person may take Goods or Bill of Lading in deposit from Consignee but shall not acquire any further right than Consignee possessed.

II. And be it further enacted, that it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to accept and take any Goods, Wares or Merchandize, or the Bill or Bills of Lading for the delivery thereof, in deposit or pledge from any Consignee or Consignees thereof; but then and in that case such person or persons, body or bodies, politic or corporate, shall acquire no further or other right, title or interest, in or upon or to the said Goods, Wares or Merchandize, or any Bill of Lading for the delivery thereof than was possessed, or could or might have been enforced by the said Consignee or Consignees at the time of such deposit or pledge as a security as aforesaid; but such person or persons, body or bodies, politic or corporate, shall and may acquire, possess and enforce such right, title, or interest, as was possessed and might have been enforced, by such Consignee or Consignees at the time of such deposit or pledge as aforesaid, any rule of law, usage or custom to the contrary notwithstanding.

Right of Owner to follow his Goods while in the hands of his Agent or of his Assignees in case of Bankruptcy, or to recover them from Assignees, &c upon paying his advances secured upon them, &c.

III. Provided always, that nothing herein contained shall be deemed, construed, or taken to deprive or prevent the true Owner or Owners, Proprietor or Proprietors of such Goods, Wares or Merchandize, from demanding and recovering the same from

his, her, or their Factor or Factors, Agent or Agents, before the same shall have been so deposited or pledged or from the Assignee or Assignees of such Factor or Factors, Agent or Agents, in the event of his, her, or their Bankruptcy; nor to prevent any such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of, and from any person or persons, or of or from the Assignees of any person or persons in case of his or her Bankruptcy, or of or from any body or bodies, politic or corporate, such Goods, Wares, or Merchandize so consigned, deposited, or pledged, upon repayment of the money or on restoration of the negotiable security or securities, or on payment of a sum of money equal to the amount of such security or securities, for which money or negotiable security or securities such person or persons, his, her, or their Assignee or Assignees, or such body or bodies, politic or corporate, may be entitled to any lien upon such Goods, Wares, or Merchandize, nor to prevent the said Owner or Owners, Proprietor or Proprietors, from recovering of and from such person or persons, body or bodies, politic or corporate, any balance or sum of money remaining in his, her, or their hands, as the produce of the sale of such Goods, Wares, or Merchandize, after deducting thereout the amount of the money or negotiable security or securities so advanced or given upon the security thereof as aforesaid Provided always, that in case of the Bankruptcy of such Factor or Agent, the Owner of the Goods so pledged and redeemed as aforesaid, shall be held to have discharged *pro-tanto* the debt due by him to the Bankrupt's estate.

Proviso as to Bankruptcy of Factor.

6TH GEO IV. CAP 94.

An Act to alter and amend an Act for the better protection of the Property of Merchants and others, who may hereafter enter into Contracts or Agreements in relation to Goods, Wares, or Merchandizes intrusted to Factors or Agents.

4 G. 4. c. 83.

Factors or Agents having Goods or Merchandize in their possession, shall be deemed to be true Owners, so as to give validity to Contracts with persons dealing bona fide *upon the Faith of such Property.*

Whereas an Act passed in the fourth year of the Reign of His present Majesty, intituled *an Act for the better protection of the Property of Merchants and others, who may hereafter enter into contracts or agreements in relation to Goods, Wares, or Merchandize intrusted to Factors or Agents:* And whereas it is expedient to alter and amend the said Act, and to make further Provisions in relation to such contracts or agreements, or hereinafter provided: Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that from and after the passing of this Act, any person or persons intrusted for the purpose of consignment or of sale, with any Goods, Wares, or Merchandize, and who shall have shipped such Goods, Wares, or Merchandize in his, her, or their own name or names, and any person or persons in whose name or names any Goods, Wares, or Merchandize shall be shipped by any other person or persons, shall be deemed and taken to be the true Owner or Owners thereof, so far as to entitle the Consignee or Consignees of such Goods, Wares, and Merchandize to a lien thereon, in respect of any money or negotiable security or securities advanced or given by such Consignee or Consignees to or for the use of the person or persons in whose name or names such Goods, Wares, or Merchandize shall be shipped, or in respect of any money or negotiable security or securities received by him, her, or them, to the use of such Consignee or Consignees, in the like manner to all intents and purposes as if such person or persons was or were the true Owner or Owners of such Goods, Wares, and Merchandize, provided such Consignee or Consignees shall not have noticed by the Bill of Lading for the delivery of such Goods, Wares or Merchandize, or otherwise, at or before the time of any advance of such money or negotiable security, or of such receipt of money or negotiable security in respect of which such lien is claimed, that such person or persons so shipping in his, her, or their own name or names, or in whose name or names any Goods, Wares, or Merchandize shall be shipped by any person or persons, is or are not the actual and *bonâ fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares, and Merchandize so shipped as aforesaid, any law, usage, or custom to the contrary thereof in any wise notwithstanding: provided also, that the person or persons in whose name or names any such Goods, Wares, or Merchandize are so shipped as aforesaid, shall be taken, for the purpose of this Act, to have been intrusted therewith for the purpose of consignment or of sale, unless the contrary thereof shall be made to appear by bill of discovery or otherwise, or be made to appear, or be shown in evidence by any person disputing such fact.

Persons in possession of Bills of Lading, &c., to be the Owners so far as to make valid contracts.

II. And be it further enacted, that from and after the First day of *October* one thousand eight hundred and twenty-six, any person or persons intrusted with and in possession of any Bill of Lading, *India* Warrant, Dock Warrant, Warehouse Keeper's Certificate, Wharfinger's Certificate, Warrant or Order for delivery of Goods, shall be deemed and taken to be the true Owner or Owners of the Goods, Wares, and Merchandize described and mentioned in the said several documents hereinbefore stated respectively, or either of them, so far as to give validity to any contract or agreement thereafter to be made or entered into by such person or persons so intrusted and in possession as aforesaid, with any person or persons, body or bodies, politic or corporate, for the sale or disposition of the said Goods, Wares, and Merchandize, or any part thereof, or for the deposit or pledge thereof, or any part thereof, as a security for any money or negotiable instrument or instruments advanced or given by such person or persons, body or bodies, politic or corporate, upon the faith of such several documents or either of them; provided such person or persons, body or bodies, politic or corporate, shall not have noticed by such documents or either of them, or otherwise, that such person or persons so instrusted as aforesaid is or are not the actual and *bonâ fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares or Merchandize so sold or deposited or pledged as aforesaid; any law, usage, or custom to the contrary thereof in anywise notwithstanding.

No person to acquire a security upon Goods in the hands of an Agent for an antecedent debt, beyond the amount of the Agent's interest in the Goods.

III. Provided always, and be it further enacted, that in case any person or persons, body or bodies, politic or corporate, shall, after the passing of this Act, accept and take any such Goods, Wares, or Merchandize in deposit or pledge from any such person or persons so in possession and intrusted as aforesaid, without notice as aforesaid, as a security for any debt or demand due and owing from such person or persons so intrusted and in possession as aforesaid, to such person or persons, body or bodies, politic or corporate, before the time of such deposit or pledge, then and in that case such person or persons, body or bodies, politic or corporate, so accepting or taking such Goods, Wares, or Merchandize in deposit or pledge, shall acquire no further or other right, title or interest in or upon or to the said Goods, Wares, or Merchandize, or any such document as aforesaid than was possessed, or could or might have been enforced by the said person or persons so possessed and intrusted as aforesaid, at the time of such deposit or pledge as a security as last aforesaid; but such person or persons, body or bodies, politic or corporate, so accepting or taking such Goods, Wares or Merchandize in deposit or pledge, shall and may acquire, possess, and enforce such right, title, or interest as was possessed and might have been enforced by such person or persons so possessed and intrusted as aforesaid; any rule of law, usage, or custom to the contrary notwithstanding.

Persons may contract with known Agents in the ordinary course of business, or out of that course if within the Agent's authority.

IV. And be it further enacted, that from and after the first day of *October* one thousand eight hundred and twenty-six, it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to contract with any Agent or Agents, intrusted with any Goods, Wares, or Merchandize, or to whom the same may be consigned, for the purchase of any such Goods, Wares, and Merchandize, and to receive the same of and pay for the same to such Agent or Agents; and such contract and payment shall be

binding upon and good against the Owner of such Goods, Wares, and Merchandize, notwithstanding such person or persons, body or bodies, politic or corporate, shall have notice that the person or persons making and entering into such contract, or on whose behalf such contract is made or entered into, is an Agent or Agents, provided such contract and payment be made in the usual and ordinary course of business, and that such person or persons, body or bodies, politic or corporate, shall not, when such contract is entered into or payment made, have notice that such Agent or Agents is or are not authorized to sell the said Goods, Wares, and Merchandize, or to receive the said purchase money.

Persons may accept and take Goods, &c. in pledge from known Agents; but in that case shall acquire no further interest than was possessed by such Agent at the time of such pledge.

V. And be it further enacted, that from and after the passing of this Act, it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to accept and take any such Goods, Wares or Merchandize, or any such document as aforesaid, in deposit or pledge from any such Factor or Factors, Agent or Agents, notwithstanding such person or persons, body or bodies, politic or corporate, shall have such notice as aforesaid, that the person or persons making such deposit or pledge is or are a Factor or Factors, Agent or Agents; but then and in that case such person or persons, body or bodies, politic or corporate, shall acquire no further or other right, title, or interest in or upon or to the said Goods, Wares, or Merchandize, or any such document as aforesaid, for the delivery thereof, than was possessed or could or might have been enforced by the said Factor or Factors, Agent or Agents, at the time of such deposit or pledge as a security as last aforesaid; but such person or persons, body or bodies, politic or corporate, shall and may acquire, possess, and enforce such right, title, or interest as was possessed and might have been enforced by such Factor or Factors, Agent or Agents, at the time of such deposit or pledge as aforesaid; any rule of law, usage or custom to the contrary notwithstanding.

Right of the true Owner to follow his Goods while in the hands of his Agent or of his Assignee in case of Bankruptcy, or to recover them from a third person, upon paying his advances secured upon them.

VI. Provided always, and be it enacted, that nothing herein contained shall be deemed, construed, or taken to deprive or prevent the true Owner or Owners, or Proprietor or Proprietors, of such Goods, Wares, or Merchandize, from demanding and recovering the same from his, her, or their Factor or Factors, Agent or Agents, before the same shall have been so sold, deposited, or pledged, or from the Assignee or Assignees of such Factor or Factors, Agent or Agents, in the event of his, her, or their bankruptcy; nor to prevent such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of and from any person or persons, body or bodies, politic or corporate, the price or sum agreed to be paid for the purchase of such Goods, Wares, or Merchandize, subject to any right of set off on the patr of such person or persons, body or bodies, politic or corporate, against such Factor or Factors, Agent or Agents; nor to prevent such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of and from such person or persons, body or bodies, politic or corporate, such Goods, Wares, or Merchandize so deposited or pledged, upon repayment of the money, or on restoration of the negotiable instrument or instruments so advanced or given on the security of such Goods, Wares, or Merchandize as aforesaid, by such person or persons, body or bodies, politic or corporate, to such Factor or Factors, Agent or Agents; and upon payment of such further sum of money, or on restoration of such other negotiable instrument or instruments (if any) as may have been advanced or given by such Factor or Factors, Agent or Agents, to such Owner or Owners, Proprietor or Proprietors, or on payment of a sum of money equal to the amount of such instrument or instruments; nor to prevent the said Owner or Owners, Proprietor or Proprietors, from recovering of and from such person or persons, body or bodies, politic or corporate, any balance or sum of money remaining in his, her, or their hands, as the produce of the sale of such Goods, Wares, or Merchandize, after deducting thereout the amount of the money or negotiable instrument or instruments so advanced or given upon the security thereof as aforesaid:

In case of bankruptcy of Factor, the Owner of Goods so pledged and redeemed shall be held to have discharged pro-tanto the debt due from him to Bankrupt.

Provided always, that in case of the bankruptcy of any such Factor or Agent, the Owner or Owners, Proprietor or Proprietors of the Goods, Wares, and Merchandize so pledged and redeemed as aforesaid, shall be held to have discharged *pro-tanto* the debt due by him, her, or them to the Estate of such Bankrupt.

Agents fraudulently pledging the Goods of their Principals deemed guilty of a misdemeanor.

VII. And whereas it is expedient to prevent the improper deposit or pledge of Goods, Wares, or Merchandize, or the documents relating to such Goods, Wares, or Merchandize, intrusted or consigned as aforesaid to Factors or Agents; be it therefore enacted, that if any such Factors or Agents, at any time from and after the said First Day of *October*, one thousand eight hundred and twenty-six, shall deposit or pledge any Goods, Wares or Merchandize, intrusted or consigned as aforesaid to his or her care or management, or any of the said several documents so possessed or intrusted as aforesaid, with any person or persons, body or bodies, politic or corporate, as a security for any money or negotiable instrument or instruments borrowed or received by such Factor or Agent, and shall apply or dispose thereof to his or her own use, in violation of good faith, and with intent to defraud the Owner or Owners of any such Goods, Wares, or Merchandize, every person so offending, in any part of the United Kingdom, shall be deemed and taken to be guilty of a misdemeanor, and being convicted thereof according to law, shall be sentenced to transportation for any term not exceeding fourteen years, or to receive such other punishment as may by law be inflicted on persons guilty of a misdemeanor, and as the Court before whom such offender may be tried and convicted shall adjudge.

May be transported not exceeding fourteen years, &c.

Not to extend to cases in which the Agent has not made the Goods a security for any sum beyond the extent of his own lien.

VIII. Provided always, and be it further enacted, that nothing herein contained shall extend or be construed to extend to subject any person or persons to prosecution, for having deposited or pledged any Goods, Wares, or Merchandize so intrusted or consigned to him, her or them, provided the same shall not be made a security for or subject to the payment of any greater sum or sums of money than at the time of such deposit or pledge was justly due, and owing to such person or persons from his, her, or their principal or principals:

Acceptances of Bills by an Agent not to create a lien so as to excuse the pledge, unless the Bills are paid when due.

Provided nevertheless that the Acceptances of Bills of Exchange by such person or persons drawn by or on account of such principal or principals, shall not be considered as constituting any part of such debt so due, and owing from such principal or principals within the true intent, and meaning of this Act, so as to excuse the consequence of such a deposit or pledge, unless such Bills shall be paid when the same shall respectively become due.

Act not to extend to Partners not being privy to the offence.

IX. Provided also, and be it further enacted, that the penalty by this Act annexed to the commission of any offence intended to be guarded against by this Act, shall not extend or be construed to extend to any partner or partners or other person or persons of or belonging to any partnership, society, or firm, except only such partner or partners, person or persons, as shall be accessary or privy to the commission of such offence; any thing herein contained to the contrary in any wise notwithstanding.

Act not to lessen any remedy at Law or Equity which the party aggrieved may be entitled to adopt.

X. Provided also, and be it further enacted, that nothing in this Act contained, nor any proceeding, conviction, or judgment to be had or taken thereupon, shall hinder, prevent,

lessen, or impeach any remedy at Law or in Equity, which any party or parties aggrieved by any offence against this Act might or would have had or have been entitled to against any such offender if this Act had not been made, nor any proceeding, conviction, or judgment had been had or taken thereupon, but nevertheless, the conviction of any offender against this Act shall not be received in evidence in any action at law or suit in Equity against such offender: And further, that no person shall be liable to be convicted by any evidence whatever as an offender against this Act, in respect of any act, matter, or thing done by him, if he shall at any time previously to his being indicted for such offence have disclosed any such matter or thing on oath under or in consequence of any compulsory process of any Court of Law or Equity, in any action, suit, or proceeding, in or to which he shall have been a party, and which shall have been *boná fide* instituted by the party aggrieved by the act, matter or thing, which shall have been committed by such offender aforesaid.

An Act for rendering a written Memorandum necessary to the validity of certain Promises and Engagements. 9th May, 1828.

English Act 21, *Jas.* 1 *C.* 16.

Whereas by an Act passed in England in the twenty-first year of the Reign of King James the First, it was, among other things, enacted, that all actions of account and upon the case, other than such accounts as concern the trade of merchandize between Merchant and Merchant, their Factors or Servants, all actions of debt grounded upon any lending or contract without specialty, and all actions of debt for arrearages of rent, should be commenced within three years after the end of the then present Session of Parliament, or within six years next after the cause of such actions or suit, and not after

And whereas a similar Enactment is contained in an Act passed in Ireland in the tenth year of the reign of King Charles the First, and whereas various questions have arisen in actions founded on simple contract, as to the proof and effect of acknowments and promises offered in evidence for the purpose of taking cases out of the operation of the said Enactments; and it is expedient to prevent such questions and to make provision for giving effect to the said Enactments and to the intention thereof. Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same.

In actions of debt or upon the case, no acknowledgment shall be deemed sufficient unless it be in writing, or by part payment.

That in actions of debt or upon the case grounded upon any simple contract no acknowledgment or promise by words only shall be deemed sufficient evidence of a new or continuing contract, whereby to take any case out of the operation of the said Enactments, or either of them, or to deprive any party of the benefit thereof, unless such acknowledgment or promise shall be made or contained by or in some writing to be signed by the party chargeable thereby, and that where there shall

Joint Contractors.

be two or more Joint Contractors, or Executors or Administrators of any contractor no such Joint Contractor, Executor, or Administrator shall lose the benefit of the said Enactments, or either of them, so as to be chargeable in respect or by reason only by any written acknowledgment or promise made and signed by any other or others of them. Provided always, that nothing herein contained shall alter or take away or lessen the effect of any payment of any principal or interest made by any person whatsoever.

Proviso for the case of Joint Contractors.

Provided also, that in actions to be commenced against two or more such Joint Contractors, or Executors or Administrators, if it shall appear at the trial or otherwise that the Plaintiff, though barred by either of the said recited Acts or this Act, as to one or more of such Joint Contractors, or Executors or Administrators, shall nevertheless be entitled to recover against any other or others of the Defendants, by virtue of a new acknowledgment or promise, or otherwise, judgment may be given and costs allowed for the Plaintiff as to such Defendant or Defendants against whom he shall recover, and for the other Defendant or Defendants against the Plaintiff.

Pleas in Abatement.

II. And be it further enacted, that if any Defendant or Defendants in any action on any simple contract shall plead any matter in abatement, to the effect that any other person or persons ought to be jointly sued and issue be joined on such Plea, and it shall appear at the trial that the action could not, by reason of the said recited Acts, or this act, or of either of them, be maintained against the other person or persons named in such plea, or any of them, the issue joined on such plea shall be found against the party pleading the same.

Indorsements of Payment.

III. And be it further enacted, that no indorsement or Memorandum of any payment written or made after the time appointed for this Act to take effect, upon any Promissory Note, Bill of Exchange, or other writing by or on the behalf of the party to whom such payment shall be made, shall be deemed sufficient proof of such payment so as to take the case out of the operation of either of the said Statutes.

Simple Contract debts alleged by way of set off.

VI. And be it further enacted, that no action shall be brought whereby to charge any person upon or by reason of any representation or assurance made or given, concerning or relating to the character, conduct, credit, ability, trade or dealings of any other person, to the intent or purpose that such other person may obtain credit, money, or goods upon, unless such representation or assurance be made in writing, signed by the party to be charged therewith.

29 Car. 2, C. 3.

VII. And whereas by an Act passed in England in the twenty-ninth year of the reign of King Charles the Second, intituled An Act for the prevention of Frauds and Perjuries, it is, among other things enacted, that from and after the twenty-fourth day of June one thousand six hundred and seventy-seven, no contract for the sale of any goods, wares and merchandizes, for the price of ten pounds sterling or upwards, shall be allowed to be good except the buyer shall accept part of the goods so sold, and actually receive the same, or give something in earnest to bind the bargain, or in part of payment; or that some note or memorandum in writing of the said bargain be made and signed by the parties to be charged by such contract, or their Agents thereunto lawfully authorized And whereas a similar Enactment is contained in an Act passed in Ireland in the seventh year of the reign of King William the Third. And whereas it has been held that the said recited Enactments do not extend to certain executory contracts for the sale of goods, which nevertheless are within the mischief thereby intended to be remedied; and it is expedient to extend the said Enactments to such executory contracts; be it enacted, that the said Enactments shall extend to all contracts for the sale of goods of the value of ten pounds sterling and upwards, notwithstanding the goods may be intended to be delivered at some future time, or may not at the time of such contract be actually made, procured or provided, or fit or ready for delivery, or some Act may be requisite for the making or completing thereof, or rendering the same fit for delivery.

Irish Act 7. W. 3. C. 12.

Powers of recited Acts extended to Contracts for Goods of 10£ or upwards although the delivery be not made.

Memorandum exempted from Stamps.

VIII And be it further enacted, that no memorandum or other writing made necessary by this Act shall be deemed to be an agreement within the meaning of any Statute relating to the duties of Stamps.

II. And it is hereby enacted, that in exercising the authority conferred by the above section the Magistrate shall commence by issuing an injunction, which, if practicable, shall be served personally on the parties concerned; but if such service shall be impracticable or very inconvenient, the injunction shall be notified by oral proclamation and a written notice thereof shall be set up at such place or places as may be best adapted for conveying information to the parties concerned And in case such injunction be not obeyed, the Magistrate may compel observance thereof by force, and punish disobedience by fine not exceeding 200 Rupees or by imprisonment without labor for any period not exceeding one month, and if the Magistrate finds it necessary to incur expense in removing noxious or dangerous articles or buildings, it shall be lawful for him to sell the same or their materials by public auction in order to defray the charge, delivering any surplus that may remain to the owner.

III. And it is hereby provided and declared, that it shall be lawful for any person affected by such injunction or written notice as is above described, if he shall object thereto to claim by written petition to be presented to the Magistrate within the period of one day from the receipt of such injunction or of three days from the publication of such notice that a Jury or Punchayet may be appointed to try and decide the question, and the Magistrate shall on receiving such petition pass order thereupon for the appointment of a Jury or Punchayet, which shall consist of not less than five persons, whereof the President and one-half of the other Members shall be nominated by the Magistrate from the residents in the vicinity, and the remaining Members shall be nominated by the party petitioning. And the Magistrate shall suspend the further execution of the injunction or order pending such enquiry, and be guided by the decision of the said Jury which shall be according to the opinion of the majority. Provided however that if the petitioner shall by neglect or in any other way prevent the appointment of such Jury or Punchayet, or if, from any cause the Jury so appointed shall not decide and report within the time fixed in the order for their appointment, their functions shall cease from the date of the expiration of such period unless they be continued by special order of the Magistrate, and if from any cause no decision be made by a Jury or Punchayet, the Magistrate's order shall take effect as if not opposed.

IV. And it is hereby provided, that all the proceedings of Magistrates under the authority of this Act shall be subject to the like appeal as other orders of Magistrates according to the Regulations of the respective Presidencies

V. And it is hereby enacted, that this Act shall not be applicable within the local limits of Her Majesty's Courts of Justice.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

NOTICE is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received.—First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3. The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency, that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for ⅓ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October to the March following, consequently the Contracts will be in effect from October next.

5. Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired.

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7. Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

CIVIL SERVICE ANNUITY FUND.

NOTICE.—The following Despatch from the Honorable Court of Directors dated 25th March last, has been communicated in a letter from the Secretary to the Government of Bengal, dated 20th May, instant, viz.

To the Managers of the Civil Service Annuity Fund.

GENTLEMEN,

With reference to your letter dated the 7th April 1838, submitting a memorial from the Subscribers to the Civil Service Annuity Fund of this Presidency, I am directed by the Right Hon'ble the Governor to transmit to you for their information, the accompanying copy of a dispatch from the Hon'ble the Court of Directors in the Financial Department dated the 25th March last, intimating that the Hon'ble Court have determined to sanction the continuance of the Plan of retirement on the payment of quarter value with refund of excess contribution until the 30th April 1842, and that the Court intend at no distant period to communicate to the Government their determination upon the questions upon this subject now under reference to them.

2nd. I am at the same time directed to call your early and particular attention to the 2nd Para. of the Despatch.

I have, &c.

Fort William, Financl Depart.
The 20th May, 1840.

Our Governor of the Presidency of Fort William in Bengal.

Letter from dated 11th April 1838, No. 9 Submitting Memorial from Managers of Civil Service Annuity Fund (of 7th April 1838)

Secy.'s letter dated 11th July 1838, No 150, A. Transmitting letter from Secretary to Civil Service Annuity Fund with enclosures, shewing the state of the Institution (of 30th June, 1838.

Para 1. We have delayed noticing the letters referred to in the margin because we anticipated receiving the accounts of the state of the Civil Service Annuity Fund up to the 30th April last (1839,) sufficiently early to enable us to consider them before it became necessary to prepare for the expiration of the experimental term granted by our despatch to the Governor General of India of the 27th May, No. 7, of 1835, and extended to the 30th April next by our despatch of the 20th March 1838. In this however we have been disappointed, as those accounts have not yet reached us from your Presidency, although those for the year 1837-38, were despatched by you in the month of July 1838, and those for the past year have long since been received from Bombay.*

2nd. In order to afford time for the due examination of the Statements of the condition of the Fund, we have determined to sanction the continuance of the plan now in operation until the 3 th April 1842, and we desire that in the meantime we may be furnished annually, and at the earliest practicable period, with such Statements as were required by our former orders on this subject *

3rd We intend at no distant period to communicate to you our determination upon the questions upon this subject now under reference to us.

We are, &c.

London, the 25th March, 1840.

(Signed) R. JENKINS, &c.

True Copy,

(Signed) G. A. BUSHBY,

Secy. to the Government of Bengal.

With reference to the orders contained in this Despatch, the Managers publish for general information, the Statement entered in the margin* of unappropriated Annuities, which will be available on the 1st of August next. *in case the Subscribers to the Fund should resolve upon the continuance of Rules* 35 *and* 36 CONSEQUENTLY *on the receipt of the above despatch.*

* *Statement prepared according to the tenor of Rule 35.*

The value of nine Annuities allowed for 1840-41, commencing from the 1st May 1840, whereof two have been taken under the original Rules of the Fund, calculated upon the average age of those so taken, viz, 47 years, Co.'s Rs.	9,45,216
Reducible by the values of two Annuities taken on 1st May 1840, under the original Rules, i. e. at ½ Value Premium, ...	2,10,048
	7,35,168
Reducible, by one-third as lapsing to the Fund, ...	2,45,056
Remainder	4,90,112

If the Subscribers at the ensuing Meeting accept the Court's offer contained in the Dispatch now published, Annuities to the value of this last sum (reducible if the whole be not claimed by Seniors by a part of the unadjusted value of one Annuity granted in 1838 at ¼ Value Premium under special orders from the Court) will be available to Subscribers duly qualified, in the order of Seniority as respects the Applicants before the 1st of August next, and as respects other Applicants in the order in which they may apply for Annuities, upon payment of one fourth instead of one-half of the value of their respective Annuities. And in the event of the sum at the credit of a Subscriber so applying exceeding one-fourth of the value of his Annuity, the Balance will be refundable to him on his admission to an Annuity.

A Meeting of the Subscribers will be held at the Town Hall at 11 A. M. on Tuesday July 14th, to consider the course proper to be taken under these orders of the Hon'ble Court. It is particularly requested that every Subscriber will simply communicate his affirmative or negative vote (to be addressed to the Chairman) as to the continuance or discontinuance of the Grant of Annuities in the present and following season under the Rules referred to, viz. on completion of payment of one quarter value, with refund of all excess Subscriptions beyond.

This is more especially required in order to remove all doubts in respect to the Resolution on the subject being passed by a "Majority of the Subscribers in India" as required by Rule 38.

By order of the Managers,

H. V. BAYLEY, *Secretary.*

Civil Service Annuity Fund Office,
The 27th May, 1840.

Third—"That the present circumstances of the Service are such as to render it unadvisable for the Subscribers to alter the Original Rules of the Fund in any manner which shall not provide for the two points mentioned in the foregoing resolution."

By order of the Managers,

H. V. BAYLEY, *Secretary.*

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

WEDNESDAY, JULY 15, 1840.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 29TH JUNE, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 29th of June 1840, is hereby promulgated for general information.

ACT No. XIII. OF 1840.

An Act for the amendment of the Law regarding Factors, by extending to the territories of the East India Company, in cases governed by English law, the provisions of the Statute 4 Geo. IV. Ch. 83 as altered and amended by the Statute 6 Geo. IV. Ch. 94.

It is hereby enacted, that the Statute of the 4 Geo IV Cap. 83 as altered and amended by the Statute of 6 Geo. IV Ch 94, shall be extended to the territories of the East India Company; provided always that this Act shall not be construed to affect any case which would not have been governed by the Law of England before the passing of the aforesaid Statutes if this Act had not passed; or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

The Statutes hereby extended to the Territories of the East India Company are as follows.

4 GEO. IV CAP. 83.

An Act for the better Protection of the Property of Merchants and others, who may hereafter enter into Contracts or Agreements in relation to Goods, Wares, or Merchandizes, intrusted to Factors or Agents. (18th July, 1823.)

"Whereas it has been found that the Law, as it now stands, relating to Goods shipped in the names of persons who are not the actual Proprietors thereof, and to the deposit or pledge of Goods, affords great facility to fraud, produces frequent litigation, and proves, in its effects, highly injurious to the interests of Commerce in general;" Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that from and after the passing of this Act, any person or persons intrusted, for the purpose of sale, with any Goods, Wares, or Merchandize, and by whom such Goods, Wares, or Merchandize shall be shipped, in his, her or their own name or names, or in whose name or names any Goods, Wares, or Merchandize shall be shipped by other person or persons, shall be deemed and taken to be the true Owner or Owners thereof, so far as to entitle the Consignee or Consignees of such Goods, Wares, and Merchandize to a lien thereon, in respect of any money or negotiable security or securiries advanced or given by such Consignee or Consignees to or for the use of the person or persons in whose name or names such Goods, Wares, or Merchandize shall be shipped, or in respect of any money or negotiable security or securities received by him, her or them to the use of such Consignee or Consignees, in the like manner to all intents and purposes as if such person or persons was or were the true Owner or Owners of such Goods, Wares and Merchandize; provided such Consignee or Consignees shall not have notice, by the Bill of Lading for the delivery of such Goods, Wares or Merchandize or otherwise, at or before the time of any advance of such money or negotiable security, or of such receipt of money or negotiable security in respect of which such lien is claimed, that such person or persons so shipping in his, her or their own name or names, or in whose name or names any Goods, Wares or Merchandize shall be shipped by any person or persons, is or are not the actual and *bonâ fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares and Merchandize so shipped as aforesaid, any law, usage or custom to the contrary thereof in any wise notwithstanding: Provided also, that the person or persons in whose name or names any such Goods, Wares or Merchandize are so shipped as aforesaid, shall be taken for the purposes of this Act to have been intrusted therewith, unless the contrary thereof shall appear or be shewn in evidence by any person disputing such fact.

Persons, in whose names Goods shall be shipped, shall be deemed the Owners, so as to entitle Consignees to a lien thereon as herein mentioned

Any person may take Goods or Bill of Lading in deposit from Consignee but shall not acquire any further right than Consignee possessed.

II. And be it further enacted, that it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to accept and take any Goods, Wares or Merchandize, or the Bill or Bills of Lading for the delivery thereof, in deposit or pledge from any Consignee or Consignees thereof; but then and in that case such person or persons, body or bodies, politic or corporate, shall acquire no further or other right, title or interest, in or upon or to the said Goods, Wares or Merchandize, or any Bill of Lading for the delivery thereof than was possessed, or could or might have been enforced by the said Consignee or Consignees at the time of such deposit or pledge as a security as aforesaid: but such person or persons, body or bodies, politic or corporate, shall and may acquire, possess and enforce such right, title, or interest, as was possessed and might have been enforced, by such Consignee or Consignees at the time of such deposit or pledge as aforesaid, any rule of law, usage or custom to the contrary notwithstanding.

Right of Owner to follow his Goods while in the hands of his Agent or of his Assignees in case of Bankruptcy, or to recover them from Assignees, &c upon paying his advances secured upon them, &c.

III. Provided always, that nothing herein contained shall be deemed, construed, or taken to deprive or prevent the true Owner or Owners, Proprietor or Proprietors of such Goods, Wares or Merchandize, from demanding and recovering the same from

his, her, or their Factor or Factors, Agent or Agents, before the same shall have been so deposited or pledged or from the Assignee or Assignees of such Factor or Factors, Agent or Agents, in the event of his, her, or their Bankruptcy; nor to prevent any such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of, and from any person or persons, or of or from the Assignees of any person or persons in case of his or her Bankruptcy, or of or from any body or bodies, politic or corporate, such Goods, Wares, or Merchandize so consigned, deposited, or pledged, upon repayment of the money or on restoration of the negotiable security or securities, or on payment of a sum of money equal to the amount of such security or securities, for which money or negotiable security or securities such person or persons, his, her, or their Assignee or Assignees, or such body or bodies, politic or corporate, may be entitled to any lien upon such Goods, Wares, or Merchandize, nor to prevent the said Owner or Owners, Proprietor or Proprietors, from recovering of and from such person or persons, body or bodies, politic or corporate, any balance or sum of money remaining in his, her, or their hands, as the produce of the sale of such Goods, Wares, or Merchandize, after deducting thereout the amount of the money or negotiable security or securities so advanced or given upon the security thereof as aforesaid. Provided always, that in case of the Bankruptcy of such Factor or Agent, the Owner of the Goods so pledged and redeemed as aforesaid, shall be held to have discharged *pro tanto* the debt due by him to the Bankrupt's estate.

Proviso as to Bankruptcy of Factor.

6th Geo. IV. Cap. 94.

An Act to alter and amend an Act for the better protection of the Property of Merchants and others, who may hereafter enter into Contracts or Agreements in relation to Goods, Wares, or Merchandizes intrusted to Factors or Agents.

4 G. 4. c. 83.

Whereas an Act passed in the fourth year of the Reign of His present Majesty, intituled *an Act for the better protection of the Property of Merchants and others, who may hereafter enter into contracts or agreements in relation to Goods, Wares, or Merchandize intrusted to Factors or Agents*: And whereas it is expedient to alter and amend the said Act, and to make further Provisions in relation to such contracts or agreements, or hereinafter provided: Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, that from and after the passing of this Act, any person or persons intrusted for the purpose of consignment or of sale, with any Goods, Wares, or Merchandize, and who shall have shipped such Goods, Wares, or Merchandize in his, her, or their own name or names, and any person or persons in whose name or names any Goods, Wares, or Merchandize shall be shipped by any other person or persons, shall be deemed and taken to be the true Owner or Owners thereof, so far as to entitle the Consignee or Consignees of such Goods, Wares, and Merchandize to a lien thereon, in respect of any money or negotiable security or securities advanced or given by such Consignee or Consignees to or for the use of the person or persons in whose name or names such Goods, Wares, or Merchandize shall be shipped, or in respect of any money or negotiable security or securities received by him, her, or them, to the use of such Consignee or Consignees, in the like manner to all intents and purposes as if such person or persons was or were the true Owner or Owners of such Goods, Wares, and Merchandize, provided such Consignee or Consignees shall not have noticed by the Bill of Lading for the delivery of such Goods, Wares or Merchandize, or otherwise, at or before the time of any advance of such money or negotiable security, or of such receipt of money or negotiable security in respect of which such lien is claimed, that such person or persons so shipping in his, her, or their own name or names, or in whose name or names any Goods, Wares, or Merchandize shall be shipped by any person or persons, is or are not the actual and *bonâ fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares, and Merchandize so shipped as aforesaid, any law, usage, or custom to the contrary thereof in any wise notwithstanding: provided also, that the person or persons in whose name or names any such Goods, Wares, or Merchandize are so shipped as aforesaid, shall be taken, for the purpose of this Act, to have been intrusted therewith for the purpose of consignment or of sale, unless the contrary thereof shall be made to appear by bill of discovery or otherwise, or be made to appear, or be shown in evidence by any person disputing such fact.

Factors or Agents having Goods or Merchandize in their possession, shall be deemed to be true Owners, so as to give validity to Contracts with persons dealing bona fide *upon the Faith of such Property.*

Persons in possession of Bills of Lading, &c. to be the Owners so far as to make valid contracts.

II. And be it further enacted, that from and after the First day of *October* one thousand eight hundred and twenty-six, any person or persons intrusted with and in possession of any Bill of Lading, *India* Warrant, Dock Warrant, Warehouse Keeper's Certificate, Wharfinger's Certificate, Warrant or Order for delivery of Goods, shall be deemed and taken to be the true Owner or Owners of the Goods, Wares, and Merchandize described and mentioned in the said several documents hereinbefore stated respectively, or either of them, so far as to give validity to any contract or agreement thereafter to be made or entered into by such person or persons so intrusted and in possession as aforesaid, with any person or persons, body or bodies, politic or corporate, for the sale or disposition of the said Goods, Wares, and Merchandize, or any part thereof, or for the deposit or pledge thereof, or any part thereof, as a security for any money or negotiable instrument or instruments advanced or given by such person or persons, body or bodies, politic or corporate, upon the faith of such several documents or either of them; provided such person or persons, body or bodies, politic or corporate, shall not have noticed by such documents or either of them, or otherwise, that such person or persons so instrusted as aforesaid is or are not the actual and *bonâ fide* Owner or Owners, Proprietor or Proprietors of such Goods, Wares or Merchandize so sold or deposited or pledged as aforesaid; any law, usage, or custom to the contrary thereof in anywise notwithstanding.

No person to acquire a security upon Goods in the hands of an Agent for an antecedent debt, beyond the amount of the Agent's interest in the Goods.

III. Provided always, and be it further enacted, that in case any person or persons, body or bodies, politic or corporate, shall, after the passing of this Act, accept and take any such Goods, Wares, or Merchandize in deposit or pledge from any such person or persons so in possession and intrusted as aforesaid, without notice as aforesaid, as a security for any debt or demand due and owing from such person or persons so intrusted and in possession as aforesaid, to such person or persons, body or bodies, politic or corporate, before the time of such deposit or pledge, then and in that case such person or persons, body or bodies, politic or corporate, so accepting or taking such Goods, Wares, or Merchandize in deposit or pledge, shall acquire no further or other right, title or interest in or upon or to the said Goods, Wares, or Merchandize, or any such document as aforesaid than was possessed, or could or might have been enforced by the said person or persons so possessed and intrusted as aforesaid, at the time of such deposit or pledge as a security as last aforesaid; but such person or persons, body or bodies, politic or corporate, so accepting or taking such Goods, Wares or Merchandize in deposit or pledge, shall and may acquire, possess, and enforce such right, title, or interest as was possessed and might have been enforced by such person or persons so possessed and intrusted as aforesaid; any rule of law, usage, or custom to the contrary notwithstanding.

Persons may contract with known Agents in the ordinary course of business or out of that course if within the Agent's authority.

IV. And be it further enacted, that from and after the first day of *October* one thousand eight hundred and twenty-six, it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to contract with any Agent or Agents, intrusted with any Goods, Wares, or Merchandize, or to whom the same may be consigned, for the purchase of any such Goods, Wares, and Merchandize, and to receive the same of and pay for the same to such Agent or Agents; and such contract and payment shall be

binding upon and good against the Owner of such Goods, Wares, and Merchandize, notwithstanding such person or persons, body or bodies, politic or corporate, shall have notice that the person or persons making and entering into such contract, or on whose behalf such contract is made or entered into, is an Agent or Agents, provided such contract and payment be made in the usual and ordinary course of business, and that such person or persons, body or bodies, politic or corporate, shall not, when such contract is entered into or payment made, have notice that such Agent or Agents is or are not authorized to sell the said Goods, Wares, and Merchandize, or to receive the said purchase money.

Persons may accept and take Goods, &c. in pledge from known Agents; but in that case shall acquire no further interest than was possessed by such Agent at the time of such pledge.

V. And be it further enacted, that from and after the passing of this Act, it shall be lawful to and for any person or persons, body or bodies, politic or corporate, to accept and take any such Goods, Wares or Merchandize, or any such document as aforesaid, in deposit or pledge from any such Factor or Factors, Agent or Agents, notwithstanding such person or persons, body or bodies, politic or corporate, shall have such notice as aforesaid, that the person or persons making such deposit or pledge is or are a Factor or Factors, Agent or Agents; but then and in that case such person or persons, body or bodies, politic or corporate, shall acquire no further or other right, title, or interest in or upon or to the said Goods, Wares, or Merchandize, or any such document as aforesaid, for the delivery thereof, than was possessed or could or might have been enforced by the said Factor or Factors, Agent or Agents, at the time of such deposit or pledge as a security as last aforesaid; but such person or persons, body or bodies, politic or corporate, shall and may acquire, possess, and enforce such right, title, or interest as was possessed and might have been enforced by such Factor or Factors, Agent or Agents, at the time of such deposit or pledge as aforesaid; any rule of law, usage or custom to the contrary notwithstanding.

Right of the true Owner to follow his Goods while in the hands of his Agent or of his Assignee in case of Bankruptcy, or to recover them from a third person, upon paying his advances secured upon them.

VI. Provided always, and be it enacted, that nothing herein contained shall be deemed, construed, or taken to deprive or prevent the true Owner or Owners, or Proprietor or Proprietors, of such Goods, Wares, or Merchandize, from demanding and recovering the same from his, her, or their Factor or Factors, Agent or Agents, before the same shall have been so sold, deposited, or pledged, or from the Assignee or Assignees of such Factor or Factors, Agent or Agents, in the event of his, her, or their bankruptcy; nor to prevent such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of and from any person or persons, body or bodies, politic or corporate, the price or sum agreed to be paid for the purchase of such Goods, Wares, or Merchandize, subject to any right of set off on the patr of such person or persons, body or bodies, politic or corporate, against such Factor or Factors, Agent or Agents; nor to prevent such Owner or Owners, Proprietor or Proprietors, from demanding or recovering of and from such person or persons, body or bodies, politic or corporate, such Goods, Wares, or Merchandize so deposited or pledged, upon repayment of the money, or on restoration of the negotiable instrument or instruments so advanced or given on the security of such Goods, Wares, or Merchandize as aforesaid, by such person or persons, body or bodies, politic or corporate, to such Factor or Factors, Agent or Agents; and upon payment of such further sum of money, or on restoration of such other negotiable instrument or instruments (if any) as may have been advanced or given by such Factor or Factors, Agent or Agents, to such Owner or Owners, Proprietor or Proprietors, or on payment of a sum of money equal to the amount of such instrument or instruments; nor to prevent the said Owner or Owners, Proprietor or Proprietors, from recovering of and from such person or persons, body or bodies, politic or corporate, any balance or sum of money remaining in his, her, or their hands, as the produce of the sale of such Goods, Wares, or Merchandize, after deducting thereout the amount of the money or negotiable instrument or instruments so advanced or given upon the security thereof as aforesaid: Provided always, that in case of the bankruptcy of any such Factor or Agent, the Owner or Owners, Proprietor or Proprietors of the Goods, Wares, and Merchandize so pledged and redeemed as aforesaid, shall be held to have discharged *pro-tanto* the debt due by him, her, or them to the Estate of such Bankrupt.

In case of bankruptcy of Factor, the Owner of Goods so pledged and redeemed shall be held to have discharged pro-tanto *the debt due from him to Bankrupt.*

Agents fraudulently pledging the Goods of their Principals deemed guilty of a misdemeanor.

VII. And whereas it is expedient to prevent the improper deposit or pledge of Goods, Wares, or Merchandize, or the documents relating to such Goods, Wares, or Merchandize, intrusted or consigned as aforesaid to Factors or Agents; be it therefore enacted, that if any such Factors or Agents, at any time from and after the said First Day of *October*, one thousand eight hundred and twenty-six, shall deposit or pledge any Goods, Wares or Merchandize, intrusted or consigned as aforesaid to his or her care or management, or any of the said several documents so possessed or intrusted as aforesaid, with any person or persons, body or bodies, politic or corporate, as a security for any money or negotiable instrument or instruments borrowed or received by such Factor or Agent, and shall apply or dispose thereof to his or her own use, in violation of good faith, and with intent to defraud the Owner or Owners of any such Goods, Wares, or Merchandize, every person so offending, in any part of the United Kingdom, shall be deemed and taken to be guilty of a misdemeanor, and being convicted thereof according to law, shall be sentenced to transportation for any term not exceeding fourteen years, or to receive such other punishment as may by law be inflicted on persons guilty of a misdemeanor, and as the Court before whom such offender may be tried and convicted shall adjudge.

May be transported not exceeding fourteen years, &c.

Not to extend to cases in which the Agent has not made the Goods a security for any sum beyond the extent of his own lien.

VIII. Provided always, and be it further enacted, that nothing herein contained shall extend or be construed to extend to subject any person or persons to prosecution, for having deposited or pledged any Goods, Wares, or Merchandize so intrusted or consigned to him, her or them, provided the same shall not be made a security for or subject to the payment of any greater sum or sums of money than at the time of such deposit or pledge was justly due, and owing to such person or persons from his, her, or their principal or principals: Provided nevertheless that the Acceptances of Bills of Exchange by such person or persons drawn by or on account of such principal or principals, shall not be considered as constituting any part of such debt so due, and owing from such principal or principals within the true intent, and meaning of this Act, so as to excuse the consequence of such a deposit or pledge, unless such Bills shall be paid when the same shall respectively become due.

Acceptances of Bills by an Agent not to create a lien so as to excuse the pledge, unless the Bills are paid when due.

Act not to extend to Partners not being privy to the offence.

IX. Provided also, and be it further enacted, that the penalty by this Act annexed to the commission of any offence intended to be guarded against by this Act, shall not extend or be construed to extend to any partner or partners or other person or persons of or belonging to any partnership, society, or firm, except only such partner or partners, person or persons, as shall be accessary or privy to the commission of such offence; any thing herein contained to the contrary in any wise notwithstanding.

Act not to lessen any remedy at Law or Equity which the party aggrieved may be entitled to adopt.

X. Provided also, and be it further enacted, that nothing in this Act contained, nor any proceeding, conviction, or judgment to be had or taken thereupon, shall hinder, prevent,

lessen, or impeach any remedy at Law or in Equity, which any party or parties aggrieved by any offence against this Act might or would have had or have been entitled to against any such offender if this Act had not been made, nor any proceeding, conviction, or judgment had been had or taken thereupon, but nevertheless, the conviction of any offender against this Act shall not be received in evidence in any action at law or suit in Equity against such offender: And further, that no person shall be liable to be convicted by any evidence whatever as an offender against this Act, in respect of any act, matter, or thing done by him, if he shall at any time previously to his being indicted for such offence have disclosed any such matter or thing on oath under or in consequence of any compulsory process of any Court of Law or Equity, in any action, suit, or proceeding, in or to which he shall have been a party, and which shall have been *bonâ fide* instituted by the party aggrieved by the act, matter or thing, which shall have been committed by such offender aforesaid.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 29th June, 1840.

The following Act passed by the Right Honorable the Governor General of India in Council on the 29th of June 1840, is hereby promulgated for general information.

Act No. XIV. of 1840.

An Act for rendering a written Memorandum necessary to the validity of certain promises and engagements by extending to the Territories of the East India Company, in cases governed by English Law the Provisions of the Statute 9, Geo. IV. Ch. XIV.

It is hereby enacted, that the Statute 9, Geo. IV. Ch. XIV. shall be extended to the Territories of the East India Company; provided always that this Act shall not be construed to affect any case, which, would not have been governed by the Law of England before the passing of the aforesaid Statute, if this Act had not passed; or to extend or alter the jurisdiction of any of Her Majesty's Courts of Justice.

The Statute hereby extended to the Territories of the East India Company is as follows (the sum of £10 mentioned therein to be deemed 100 Rupees in the application of the Statute to the aforesaid Territories.)

9th Geo. IV. Cap. XIV.

An Act for rendering a written Memorandum necessary to the validity of certain Promises and Engagements. 9th May, 1828.

English Act 21, *Jas.* 1 *C.* 16.

Irish Act 10, *Car.* 1, *Sess.* 2, *C.* 6.

Whereas by an Act passed in England in the twenty-first year of the Reign of King James the First, it was, among other things, enacted, that all actions of account and upon the case, other than such accounts as concern the trade of merchandize between Merchant and Merchant, their Factors or Servants, all actions of debt grounded upon any lending or contract without specialty, and all actions of debt for arrearages of rent, should be commenced within three years after the end of the then present Session of Parliament, or within six years next after the cause of such actions or suit, and not after. And whereas a similar Enactment is contained in an Act passed in Ireland in the tenth year of the reign of King Charles the First, and whereas various questions have arisen in actions founded on simple contract, as to the proof and effect of acknowments and promises offered in evidence for the purpose of taking cases out of the operation of the said Enactments; and it is expedient to prevent such questions and to make provision for giving effect to the said Enactments and to the intention thereof. Be it therefore enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same.

In actions of debt or upon the case, no acknowledgment shall be deemed sufficient unless it be in writing, or by part payment.

That in actions of debt or upon the case grounded upon any simple contract no acknowledgment or promise by words only shall be deemed sufficient evidence of a new or continuing contract, whereby to take any case out of the operation of the said Enactments, or either of them, or to deprive any party of the benefit thereof, unless such acknowledgment or promise shall be made or contained by or in some writing to be signed by the party chargeable thereby, and that where there shall be two or more Joint Contractors, or Executors or Administrators of any contractor no such Joint Contractor, Executor, or Administrator shall lose the benefit of the said Enactments, or either of them, so as to be chargeable in respect or by reason only by any written acknowledgment or promise made and signed by any other or others of them.

Joint Contractors.

Provided always, that nothing herein contained shall alter or take away or lessen the effect of any payment of any principal or interest made by any person whatsoever.

Proviso for the case of Joint Contractors.

Provided also, that in actions to be commenced against two or more such Joint Contractors, or Executors or Administrators, if it shall appear at the trial or otherwise that the Plaintiff, though barred by either of the said recited Acts or this Act, as to one or more of such Joint Contractors, or Executors or Administrators, shall nevertheless be entitled to recover against any other or others of the Defendants, by virtue of a new acknowledgment or promise, or otherwise, judgment may be given and costs allowed for the Plaintiff as to such Defendant or Defendants against whom he shall recover, and for the other Defendant or Defendants against the Plaintiff.

Pleas in Abatement.

II. And be it further enacted, that if any Defendant or Defendants in any action on any simple contract shall plead any matter in abatement, to the effect that any other person or persons ought to be jointly sued and issue be joined on such Plea, and it shall appear at the trial that the action could not, by reason of the said recited Acts, or this act, or of either of them, be maintained against the other person or persons named in such plea, or any of them, the issue joined on such plea shall be found against the party pleading the same.

Indorsements of Payment.

III. And be it further enacted, that no Indorsement or Memorandum of any payment written or made after the time appointed for this Act to take effect, upon any Promissory Note, Bill of Exchange, or other writing by or on the behalf of the party to whom such payment shall be made, shall be deemed sufficient proof of such payment so as to take the case out of the operation of either of the said Statutes.

Simple Contract debts alleged by way of set off.

IV. And be it further enacted, that the said recited Acts and this Act shall be deemed and taken to apply to the case of any debt on simple contract alleged by way of set off on the part of any Defendant, either by plea, notice, or otherwise.

Confirmation of promises made by Infants.

V. And be it further enacted, that no action shall be maintained whereby to charge any person upon any promise made after full age to pay any debt contracted during infancy, or upon any ratification after full age of any promise or simple contract made during infancy, unless such promise or ratification shall be made by some writing signed by the party to be charged therewith.

Representations of Character.

VI. And be it further enacted, that no action shall be brought whereby to charge any person upon or by reason of any representation or assurance made or given, concerning or relating to the character, conduct, credit, ability, trade or dealings of any other person, to the intent or purpose that such other person may obtain credit, money, or goods upon, unless such representation or assurance be made in writing, signed by the party to be charged therewith.

29 Car. 2. C. 3.

VII. And whereas by an Act passed in England in the twenty-ninth year of the reign of King Charles the Second, intituled An Act for the prevention of Frauds and Perjuries, it is, among other things enacted, that from and after the twenty-fourth day of June one thousand six hundred and seventy-seven, no contract for the sale of any goods, wares and merchandizes, for the price of ten pounds sterling or upwards, shall be allowed to be good except the buyer shall accept part of the goods so sold, and actually receive the same, or give something in earnest to bind the bargain, or in part of payment; or that some note or memorandum in writing of the said bargain be made and signed by the parties to be charged by such contract, or their Agents thereunto lawfully authorized. And whereas a similar Enactment is contained in an Act passed in Ireland in the seventh year of the reign of King William the Third. And whereas it has been held that the said recited Enactments do not extend to certain executory contracts for the sale of goods, which nevertheless are within the mischief thereby intended to be remedied; and it is expedient to extend the said Enactments to such executory contracts; be it enacted, that the said Enactments shall extend to all contracts for the sale of goods of the value of ten pounds sterling and upwards, notwithstanding the goods may be intended to be delivered at some future time, or may not at the time of such contract be actually made, procured or provided, or fit or ready for delivery, or some Act may be requisite for the making or completing thereof, or rendering the same fit for delivery.

Irish Act 7. W. 3. C. 12.

Powers of recited Acts extended to Contracts for Goods of 10£ or upwards although the delivery be not made.

Memorandum exempted from Stamps.

VIII And be it further enacted, that no memorandum or other writing made necessary by this Act shall be deemed to be an agreement within the meaning of any Statute relating to the duties of Stamps.

THE 6TH JULY, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 6th July 1840.

ACT No. —— of 1840.

An Act for the better Prevention of Local Nuisances.

I. It is hereby enacted, that it shall be lawful for any Magistrate when the public benefit and comfort are in question, to cause obstructions and nuisances to be removed from thoroughfares and public places, and to suppress or cause to be removed to a different place, trades or occupations injurious to the health or comfort of the community, and to prevent such construction of buildings and such disposal of combustible substances as may appear to him likely to occasion conflagration, and to cause the removal of buildings in such state of weakness, as by the probability of their falling may appear to him to expose individuals to danger.

II. And it is hereby enacted, that in exercising the authority conferred by the above section the Magistrate shall commence by issuing an injunction, which, if practicable, shall be served personally on the parties concerned, but if such service shall be impracticable or very inconvenient, the injunction shall be notified by oral proclamation and a written notice thereof shall be set up at such place or places as may be best adapted for conveying information to the parties concerned And in case such injunction be not obeyed, the Magistrate may compel observance thereof by force, and punish disobedience by fine not exceeding 200 Rupees or by imprisonment without labor for any period not exceeding one month, and if the Magistrate finds it necessary to incur expence in removing noxious or dangerous articles or buildings, it shall be lawful for him to sell the same or their materials by public auction in order to defray the charge, delivering any surplus that may remain to the owner.

No. 192.

FORT WILLIAM,

GENERAL DEPARTMENT,

THE 15TH JULY, 1840.

Notice is hereby given, that the Salaries and Allowances of the Civil and Marine Departments, for July, Instant, will be discharged by the Sub-Treasurer and Marine Paymaster respectively, on or after Saturday, the 15th Proximo.

Published by Order of the Right Hon'ble the Governor General in Council,

G. A BUSHBY,

Secy. to Govt. of India.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, *8th July*, 1840.

No. 146 of 1840.—1. It having been deemed an object of great importance to equalize the Pay and Allowances of the whole of the European Troops at the several Presidencies, on the same principle as that which guided the recent equalization of the Allowances of the Native Soldiery; viz by taking the allowances fixed for the Bengal Army as the standard for the whole of India, the Right Hon'ble the Governor General of India in Council, in obedience to the instructions of the Hon'ble the Court of Directors issued with the sanction of Her Majesty's Secretary at War, is pleased to promulgate the following Orders:

2. From and after the 1st of November next, the European Troops at Madras and Bombay will be victualled by the public, and will receive the same rates of Pay and Compensation for Spirits as are issued to the corresponding classes of the Bengal Army.

3. The rates of Pay fixed for Soldiers of Her Majesty's Army by the Royal Warrant dated the 20th March 1837, if converted into Company's Rupees at the intrinsic par value of the two Coins, viz 2*s.* 0½*d.* for the Rupee, are less than the rates established for the payment of the same ranks in Her Majesty's Regiments and in the East India Company's European Artillery and Infantry serving in the Bengal Presidency; but as the Bengal Scale has been enjoyed during a long course of years, it is not deemed necessary or desirable to make any reduction or alteration in it. The Bengal Standard, therefore, has been followed in the annexed general Table wherein a distinctive issue of Compensation for Spirits is omitted, and a consolidated amount declared, the whole of which is to be drawn in abstract from the Pay Department; and except in some few instances where the Pay is slightly increased, in order to preserve the relative proportions between the different ranks, as established by the Royal Warrant, the rates here laid down are precisely the same as now drawn by the Bengal Troops, and are declared to be henceforth applicable to the whole of India.

4. In the introduction of the new Pay Tables at the Presidencies of Madras and Bombay, it is directed that, in all cases when the Pay and Allowances of the other Presidencies have exceeded those of Bengal, the reductions are to be prospective and applicable only to Non-Commissioned Officers promoted, or to Men enlisted after the promulgation of this Order.

5. An uniform Table of daily rations for the three Presidencies at all Stations and Seasons, is established as follows; to take effect from the 1st of November, being the same scale as ordered for Her Majesty's Soldiers at Jamaica, with the addition herein granted of Firewood and Salt.

1 lb. of Bread.
1 Do of Meat.
4 Oz. of Rice.
1¼ Oz. of Sugar.
¼ Oz of Tea or Coffee.
3 lbs of Firewood.
1 Chattack of Salt

6. Hospital Stoppages at one established rate; that of Bengal to be introduced throughout India from the 1st of November: viz. Non-Commissioned Officers, including Serjeants Corporals, Bombardiers, Horse and Foot Artillery, Trumpeters, Drummers and Fifers, each Company's Annas (3) Three, per diem; Privates and Farriers, Company's Annas (2) Two, per diem; European and East Indian Women, Company's Anna (1) One, per diem.

7. In the realization of Hospital Stoppages, Chap. 2d, Section 12, Page 167 to 172 of the Bengal Medical Regulations to be strictly attended to in all practical particulars at the other Presidencies.

8. In farther obedience to the Orders of the Hon'ble Court, the following Scale of Allowances, which are to be deemed prospective only and are not to affect those who now are, or who previously to the 1st of January 1841, may be drawing a higher rate of subsistence is hereby established for all families of European Soldiers in future serving at the three Presidencies, the allowance for Children being strictly confined to legitimate Children:

	Rupees.	
European Women,	5	per Month.
East Indian,	3½	Ditto.
Children,	2½	Ditto.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office,

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

NOTICE is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received —First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3. The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for ⅓ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October to the March following, consequently the Contracts will be in effect from October next.

5 Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7 Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve : and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

NOTICE is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received.—First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3. The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency, that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for ¼ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October to the March following, consequently the Contracts will be in effect from October next.

5. Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired.

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7. Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

Mr. Parker proposed the following Resolution, which was seconded by Mr. Young—

That in communicating the above Resolution to the Hon'ble Court, the Managers be requested on the part of the Subscribers to the Civil Service Annuity Fund to intimate that they receive with respect and a deep sense of gratitude the communication of the Hon'ble Court's orders regarding a present continuance of the rules for granting Annuities on the terms of payment of one quarter value, with refund of surplus subscriptions. The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

Offg. Post Master General.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

Offg. Post Master General.

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

NOTICE is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received.—First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3. The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency, that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for $\frac{1}{3}$ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October to the March following, consequently the Contracts will be in effect from October next.

5. Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired.

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7. Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

NOTICE is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received.—First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3. The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency, that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for ⅓ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October to the March following, consequently the Contracts will be in effect from October next.

5. Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7. Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

The mid-day despatch will convey letters, newspapers, &c., for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail. The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

Offg. Post Master General.

NOTICE.

Tenders for the conveyance of Salt from Cuttack to the Government Golahs at Sulkea.

NOTICE is hereby given, that Tenders for the Transportation of Salt from the Central and Southern Agencies only to the Honorable Company's Golahs at Sulkea will be received by the respective Salt Agents, at their Offices until noon of the 1st August next, after which date no Tenders will be received.

2. Two separate Tenders will be received.—First, one for five years, from any Parties who will engage to furnish only Vessels which are *bonâfide* their own property, provided that the rates are not in excess of those for the season just closed.—Second, for three years unfettered by the obligation of furnishing Vessels their own bonâfide property.

3 The Tenders are to be made strictly according to a form which will be delivered on application by the several Agents, or may be obtained from this Office where full information will be afforded; and it is to be distinctly understood that no Tender will receive any consideration which varies at all from the form in question, or that does not Tender for the transport of at least one-third of the Quantity to be exported from* each Agency, that is to say, one and the same Tender shall express the rate per 100 Maunds at which the Salt will be brought from the Central Cuttack Agency and the rate per 100 Maunds at which the Salt will be brought by the same Tendering Party from the Southern Agency, and each Party tendering is to forward separate Tenders to each Agent whether for five or three years, each Tender including the rate for both Agencies.

* Note.—Parties are prohibited from tendering for different proportions from the two Agencies. That is, if they tender for ⅓ of the Quantity from one, they must tender for the same proportion from the other.

4. The season of transportation extends from October, to the March following, consequently the Contracts will be in effect from October next.

5 Parties tendering for five years are required to satisfy the Agent that they actually possess as their own bonâfide property at the time of tendering, a sufficient quantity of Tonnage on fit and proper Vessels duly to convey the quantity of Salt for which they tender. If tendering only for three years, Parties are in like manner to satisfy the Agent, that they possess ample means whether by their own Vessels or hired ones to convey the quantity of Salt tendered for, and in both cases Lists of the Vessels are to be sent to the Agent; in the latter case specifying those actually belonging to the Tenderer and those which are hired.

6. Parties tendering are to furnish at the same time to the satisfaction of the Agent the security either of a House of Agency in Calcutta, or of a Landholder in the province of Cuttack for the due performance of the Contract.

7. Reference is to be made to the respective Agents for the probable quantity of Salt required to be exported during each season.

By Order of the Board of Customs, Salt and Opium, the 12th June, 1840,

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. NOTICE.—With reference to the intended despatch of a Steamer from Bombay, on the 28th of August, with an Overland Mail to Suez,—Notice is hereby given, that the 11th proximo will be the latest safe date for the transmission of letters from Calcutta, which may be intended for that opportunity.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office,

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore
Serampore
Chandernagore
Hooghly
Noiseral
Digrah
Santipore
Nuddea
Calnah

Jehanagore
Patooloo
Cutwah
Merai
Berhampore
Jeagunge
Bogowangolah
Jungypore
Khamrah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master; so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

H. S. OLDFIELD,
Offg. Post Master General.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

FORT WILLIAM,

FINANCIAL DEPARTMENT,

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at…………………	Bengal.
	Ditto………… Ditto…………	Madras.
	Ditto………… Ditto…………	Bombay.
	Per Spanish Dollar Ditto……	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange* at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

** Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

6.—Several Packages of Tobacco upon which you have made Advances have been seized by the Officers of Customs, in consequence of their having been imported in illegal Packages.—Extracts from the Acts 3 and 4, Will 4, Cap 52, Sec. 58, and 6th and 7th Will 4, Cap. 60, Sec. 4, relating to the Article of Tobacco, are transmitted in the Packet.

The following Act passed by the Right Hon'ble the Governor General of India in Council, on the 3d of August 1840, is hereby promulgated for general information:

ACT No. XVI. OF 1840.

An Act concerning the management of Convicts transported to places within the territories of the East India Company.

I. Whereas doubts have arisen touching the legal mode of treating Convicts transported to places within the territories of the East India Company, and it is expedient to modify the rules which have heretofore been followed with regard to the management of such Convicts;

It is hereby declared and enacted, that as soon as any offender shall be delivered to the person or persons to be appointed by the Governor General in Council on that behalf at the place to which he is transported, the property in the service of such offender shall be vested in such person or persons during the term of transportation.

II. And it is hereby declared and enacted, that it shall be lawful for the Governor General in Council to appoint the Governor or other Authority at any place within the territories of the East India Company, or to appoint one or more Superintendents at any such place as the persons to whom Convicts undergoing transportation shall be delivered and in whom the property in the service of such Convicts shall be vested as aforesaid.

III. And it is hereby declared and enacted, that it shall be lawful for the Governor General in Council to issue orders from time to time to any such Governor, Authority, or Superintendent, and which orders are hereby required to be duly executed, and to frame rules touching the classification of Convicts, their confinement, treatment, and discipline, and touching such moderate correction as may be necessary in cases of misbehaviour and disorderly conduct, and of neglect or disobedience in the service of those persons in whom the property of such service may be vested as aforesaid.

IV. And it is hereby declared and enacted, that all persons who have heretofore been transported to any place within the territories of the East India Company, and whose terms of transportation are not yet expired, shall be subject to the provisions contained in this Act, and nothing heretofore done with respect to offenders who have been so transported in conformity with the provisions of this Act, or by the orders, or with the sanction of Government, shall be called in question in any Court of law.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Jehanagore
Patoolee
Cutwah
Merai
Berhampore
Jeagunge
Bogowangolah
Jungypore
Khamrah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

Offg. Post Master General.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

BENGAL CIVIL FUND.

NOTICE.—With reference to the Resolutions of the Subscribers past at their General Meeting of the 31st January last, quoted in the margin, a Special General Meeting will be held on Tuesday, the 13th of August next, at 11 A. M., at which the Managers purpose under Rule XIII. to submit a proposition to the effect that the Assessment for Additional Contribution to provide the requisite Yearly Surplus of Rupees 25,000, if found necessary at the next triennial adjustment of the Accounts of the Fund, be levied from Married and Widower Subscribers, who may wish to retain a contingent interest in the Fund.

> "Resolved unanimously in reference to the aforesaid proceedings (of the Managers relating to the providing an Annual Surplus of Rs. 25,000) that it will be for the benefit of the Fund to rescind Clause 3d of Article IV, as it stands in the Committee's pamphlet of 1837, and as passed at the Meetings of 30th July 1838 and 18th February 1839, whereby it was rendered imperative that the additional cess for 25,000 Rs. Annual Surplus be levied from all Subscribers; and that this Meeting conceive the fairest plan and the only one which can be adopted without great loss to the Fund will be to levy the said Surplus from Married and Widower Subscribers wishing to retain an interest in the Fund.
>
> Resolved, that the Managers give due notice under Article XIII. that the Rule in question will be reconsidered at the next July Meeting."

East India Army Agency,

16, Cornhill, and 8, St. Martin's Place,
Charing Cross.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN and MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN and MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. Colvin, Ainslie, Cowie & Co., Calcutta.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

Thirdly.—That the Zillah Judge, after making such enquiries as he may deem proper, in order to ascertain that nothing exists against the character of the applicant to render him unfit to enjoy the privilege of examination, shall certify on the face of the application, that the applicant may be examined.

Fourthly.—That the Divisional Committee shall meet at least twice in each year, for the purpose of examining Candidates certified to them for examination during the preceding six months, by Zillah Judges within their Divisions.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

" I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

** Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore	Jehanagore	The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.
Serampore	Patoolee	
Chandernagore	Cutwah	
Hooghly	Merai	
Noiserai	Berhampore	
Digrah	Jeagunge	
Santipore	Bogowangolah	
Nuddea	Jungypore	
Calnah	Khamrah	

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTIFICATION.

WITH reference to the notice of the undersigned, dated 27th ultimo, it is hereby further notified that from the 1st proximo, the mid-day despatch will be extended to the line of Trunk Road between Calcutta and Loodianah, from each of which places a Mail, for the other extreme end, will be despatched at noon. This despatch will include Letters, &c., for the several Stations noted in the margin.

Mungulpore.
Sheerghattee.
Benares.
Allahabad.
Futtehpore.
Cawnpore.
Mynpooree.
Allyghur.
Delhie.
Kurnaul.
Umbalah.
Loodianah.

Letters from Calcutta intended for transmission by the noon despatch, for these Stations, must be delivered at this Office between the hours of 10 and 11½ A. M.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office,
The 21st January, 1840.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore
Serampore
Chandernagore
Hooghly
Noiserai
Digrah
Santipore
Nuddea
Calnah
Jehanagore
Patoolee
Cutwah
Merai
Berhampore
Jeagunge
Bogowangolah
Jungypore
Khamrah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office,
the 27th Dec. 1839.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

Offg. Post Master General.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.

	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose to re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills ; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England ; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Calcutta, General Post Office, the 1st September, 1840.   WM. MOORE, *Deputy Post Master.*

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore
Serampore

Digrah
Santipore
Nuddea
Calnah

Jehanagore
Patoolee
Cutwah
Merai
Berhampore
Jeagunge

Khamrah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl. Post Office, the 27th Dec. 1839.

WITH reference to the notice of the undersigned, dated 27th ultimo, it is hereby further notified that from the 1st proximo, the mid-day despatch will be extended to the line of Trunk Road between Calcutta and Loodianah, from each of which places a Mail, for the other extreme end, will be despatched at noon. OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

H. S. OLDFIELD,
Offg. Post Master General.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

ADVERTISEMENT.

It being understood that Public Officers, in ignorance of the existence and nature of the Orphan Press Contract with Government, occasionally employ other Presses to the prejudice of the Orphan Institution, the General Management deem it expedient to publish, for general information, the following extract of a Letter from Mr. Secretary Prinsep, shewing that the Orphan Press has the exclusive privilege of Printing for Government.

"I am directed to acknowledge the receipt of your letter of the 6th instant, and in reply to state that it is by no means the intention of the Government to withdraw any part of its printing business from the Orphan School Establishment, or to allow Public Officers to give a preference to other Presses. On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

(Signed) H. T. PRINSEP,
Secy. to Government Genl. Dept.

Council Chamber, the 7th August, 1832."

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto............ Ditto............	Madras.
	Ditto... .... Ditto............	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at....................	Bengal.
	Ditto.. .... Ditto............	Madras.
	Ditto........... Ditto............	Bombay.
	Per Spanish Dollar Ditto... ..	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bilia, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with Interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the *Policies* with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those *Parties* or their Agents

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

1st.—No letter to exceed 1 Tolah in weight.

H. S. OLDFIELD,

Offg. Post Mr. Genl.

Fort William, Genl. Post Office,
the 4th September, 1840.

STEAM NOTICE.

THE Government of Bombay having fixed the 30th of the ensuing month of September for the despatch of a Steamer thence with a Mail for Suez—Notice is hereby given, that the latest safe date for the transmission of letters from Calcutta, which may be intended for conveyance by that opportunity, will be the 13th proximo.

H. S. OLDFIELD,
Offg. Post Master Genl.

Fort William, Genl Post Office,
the 26th August, 1840.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Digrah
Santipore
Nuddea
Calnah
Jehanagore
Patoolee
Cutwah
Merai
Berhampore
Jeagunge
Bogowangolah
Jungypore
Khamrah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, Genl Post Office,
the 27th Dec. 1839.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

H. S. OLDFIELD,
Offg. Post Master General.

The Right Hon'ble the Governor General in Council directs that the following Order in Council, published in the *London Gazette* of the 5th June last, received from the Hon'ble the Court of Directors, be republished at this Presidency for general information.

At the Court at *Buckingham-Palace*, the 22d day of May, 1840.

PRESENT,

The QUEEN's Most Excellent Majesty in Council.

WHEREAS by an Act, passed in the session of Parliament held in the sixth and seventh years of the reign of His late Majesty King William the Fourth, intituled "An Act for granting to His "Majesty, until the fifth day of July one thousand "eight hundred and thirty-seven, certain duties on "sugar imported into the United Kingdom, for the "service of the year one thousand eight hundred "and thirty-six," it was, among other things, enacted, that on and from and after the fifth day of July one thousand eight hundred and thirty-six, and until the fifth day of July one thousand eight hundred and thirty-seven, there should be raised, levied, collected, and paid unto His Majesty, his heirs, and successors, among other duties of customs therein-mentioned, the duty on sugar, being the growth of any British possession within the limits of the East India Company's charter, into which the importation of foreign sugar might be by that Act prohibited (which prohibition extended only to the presidency of Fort William, in Bengal, and its dependencies, being British possessions), and imported from thence, of one pound four shillings (£1-4s.) the hundred weight:

And by the same Act it was further enacted, that before any sugar should be entered as being of the produce of any of the provinces composing the presidency of Fort William, in Bengal, or of any of the dependencies thereof, being a British possession, at the lower rate of duty fixed by that Act (being the said duty of one pound four shillings (£1-4s) the hundred weight), the master of the ship importing the same should deliver to the collector or controller of the customs at the port of importation a certificate, under the hand and seal of the collector of sea customs of the port where such sugar was taken on board, within the limits of the presidency of Fort William, in Bengal, or of any of the dependencies thereof, being a British possession, testifying, that there had been produced to him by the shipper of such sugar a certificate under the hand and seal of the collector, or assistant collector of the land or custom revenue of the district within which such sugar was produced, that such sugar was of the produce of the district, and that the importation into such district of foreign sugar, or sugar the growth of any British possession into which foreign sugar could be legally imported, was prohibited, which certificate so granted by the said collector of sea customs should state the name of the district in which such sugars were produced, their quantity and quality, the number and denomination of the packages containing the same, and the name of the ship in which they were laden, and of the master thereof; and that such master should also make a declaration before the collector or controller that such certificate was received by him at the place where such sugar was taken on board, and that the sugar so imported was the same as was mentioned therein:

And it was by the said Act further enacted, that it should be lawful for the Governor-General of India in Council, to appoint any officer or officers, other than the said collector and assistant collector of land revenue, and the collector of customs, to give such certificates:

And whereas, by an Act, passed in the session of Parliament held in the seventh year of the reign of His said late Majesty King William the Fourth, and the first year of the reign of Her Majesty, it was, among other things, enacted, that the duties imposed on sugar by the said hereinbefore recited Act should be further continued, until the fifth day of July one thousand eight hundred and thirty-eight:

And whereas by another Act, passed in the session of Parliament held in the first and second years of the reign of Her Majesty, intituled "An Act for "granting to Her Majesty, until the fifth day of July

" one thousand eight hundred and thirty-nine, " certain duties on sugar imported into the United " Kingdom, for the service of the year one thousand " eight hundred and thirty-eight," the said duties on sugar were continued until the fifth day of July one thousand eight hundred and thirty-nine :

And whereas by another Act, passed in the session of Parliament held in the second and third years of the reign of Her Majesty, intituled " An Act " for granting to Her Majesty, until the fifth day " of July one thousand eight hundred and forty, " certain duties on sugar which should be im- " ported into the United Kingdom, for the service " of the year one thousand eight hundred and " thirty-nine," the said duties on sugar were further continued until the fifth day of July one thousand eight hundred and forty :

And, by the same Act, it was enacted, that if at any time satisfactory proof should have been laid before Her Majesty in Council, that the importation of foreign sugar into any British possession, within the limits of the East India Company's charter, was prohibited, it should be lawful for Her Majesty, by and with the advice of Her Privy Council, or by Her Majesty's Order in Council, to be published, from time to time, in the London Gazette, to allow the importation of sugar, the growth of any such British possession, at the lower rate of duty in the said first therein and hereinbefore recited Act, specified, in like manner and under the same restrictions as sugar the growth of the presidency of Fort-William, in Bengal, might be imported, subject to a lower rate of duty under the provisions of the same Act :

And whereas by an Act, passed by the Honourable the President of the Council of India, in Council, on the tenth day of June one thousand eight hundred and thirty-nine, the importation of foreign sugar, or any sugar which is the growth of any British possession into which foreign sugar can be legally imported, was prohibited in any part of the territories subject to the Government of the presidency of Fort Saint George :

And whereas it is considered by Her Majesty to be expedient to allow the importation of sugar, the growth of any part of the said territories subject to the Government of the presidency of Fort Saint George, at such lower rate of duty as hereinbefore mentioned, Her Majesty is therefore pleased, by and with the advice of Her Privy Council, to allow the importation of sugar, the growth of any part of the said territories subject to the Government of the presidency of Fort Saint George, at the lower rate of duty in the first hereinbefore recited Act specified, in like manner, and under the same restrictions and conditions, as sugar, the growth of the presidency of Fort William, in Bengal, may be imported, subject to a lower rate of duty under the hereinbefore recited provisions of the same Act.

And the Right Honourable the Lords Commissioners of Her Majesty's Treasury, and the Right Honourable Sir John Hobhouse, Bart , President of the Board of Commissioners for the Affairs of India, are to give the necessary directions herein as to them may respectively appertain.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

FORT WILLIAM,
GENERAL DEPARTMENT,
The 9th September, 1840.

The Right Hon'ble the Governor of Bengal, in continuation of the publication of this Department dated the 18th December 1839, in the *Calcutta Gazette* of the 25th idem, directs that the following Copy of a Despatch addressed by Sir George Gipps to Her Majesty's Secretary of State for the Colonial Department under date the 1st November 1839, relative to the effect of the alteration of the Minimum price of Land in New South Wales upon the Interests of Naval and Military Settlers, received from the Hon'ble the Court of Directors, be published for general information.

Executive. Government House,
No. 142. *Sydney,* 1*st Novr.* 1839.

My Lord,

In the concluding part of my despatch No. 62 of the 1st April last, I stated to your Lordship the course which I had then adopted with respect to the remission allowed in the purchase of Land to Military and Naval Officers settling in the Colony: and that under the advice of the Executive Council it had been determined, that all Officers who might bonâ fide have left England on the faith of the Regulations of the 15th August 1834, should be considered Settlers under those Regulations, and have the full benefit of them

I have now to report to your Lordship, that difficulties having arisen in deciding upon the claims of Officers to be considered Settlers under the old Regulations, I felt the necessity of laying down some definite rule upon the subject, and that consequently it was fixed with the advice of the Executive Council, that all officers who left the United Kingdom before the 1st January 1839, should have the full benefit of the Regulations of the 15th August 1834, whilst those who might leave England on or after the same day, should be considered Settlers under the Regulations of the 1st August 1838.

As I have reason to believe that some Officers who feel themselves aggrieved under this decision, have made representations on the subject to the Lords of the Admiralty, or to the General Commanding in Chief, I feel it right to address your Lordship more at length upon the subject, and particularly to explain the way in which Officers are affected by the change in Regulations.

The Regulations of 1838 differ from those of 1834 solely by the omission of the 8th Clause, or the Clause by which Officers were allowed to take the amount of their remission money in land at the upset price and without competition, provided such land had been previously exposed to sale at public auction, and not bought. Under the old Regulations, as under the new, the advantages held out to Officers were estimated in money and not in land, and the price at which Officers were allowed by the 8th Clause of the old Regulations to obtain land which had been exposed to auction, was not the fixed price of 5s , but the upset price which could never be less than 5s. per acre, though it might very much exceed it Whatever might be the price at which a certain piece of land had been put up, at that price an Officer could obtain it: such at least was (I apprehend) the meaning of the Regulations: in practice, however, all land was, with little exception, put up, until very lately at 5s. per acre, whatever might be its value, and as at every sale a good deal remained unsold, the aggregate quantity of land which had been put up at 5s but not sold, came to be very considerable, but of this land it was not difficult for an Officer having good means of information, and allowing himself sufficient time for enquiry, to select portions worth considerably more than 5s , and by a local Regulation he was not confined to the exact quantity sufficient to absorb his remission money, but was allowed to take, at the same price of 5s. the excess that there might be in the lot or lots selected by him, over what his remission money would cover. For example, a Captain in the Army entitled to a remission of £200 might select two sections of 640 acres each (one section not being sufficient to absorb his remission money.) The price of these two sections of land at 5s per acre would be £320, he would, therefore, in addition to his remission money have to pay one hundred and twenty pounds out of his pocket: the real value of the land, however, or what it would fetch if again put up at auction, might be, and perhaps generally was, about seven shillings, it is therefore evident that in addition to his remission money he must gain an advantage of two shillings per acre on the whole one thousand two hundred acres, or one hundred and twenty-eight pounds, making his real remission three hundred and twenty-eight pounds in lieu of two hundred pounds. In proportion to the rise in the value of land his advantage would of course be encreased, and if it were so to rise as to make the value of the land 12s. per acre, the additional advantage would be 7s. on each of the 1280 acres (or £428) and the real remission would of course be £628 in lieu of two hundred pounds.

This statement will sufficiently explain to your Lordship the dissatisfaction with which the new Regulations have been received by Officers recently arrived in the Colony. Many of those Officers have complained that they were not made aware of the charge before they left England, by any public notice, either from the Horse Guards or the Admiralty, but this omission (allowing it to have been such) is one for which I respectfully submit that this Government can be in no way responsible.

It seems to me extremely probable that the altered position in which Officers are placed by the new Regulations, is not even known at the Horse Guards, as Certificates are still given to Officers, in which the General Orders issued to the Army on the 25th August 1834 are quoted, although those Officers come clearly under the Regulations of the 1st August 1838: a copy of one of these Certificates I enclose, in which the Officer is stated to be about to proceed to New South Wales as a Settler, under the General Order of the 25th August 1834, although he obtained his first Commission in the Army subsequent to the new Regulations of August 1838.

I beg to assure your Lordship that I am always happy to see Officers of the Army or Navy in the Colony, and am anxious to secure to them all the advantages intended for them by Her Majesty's Government At the same time I think it my duty to say that although they certainly are now in a less favorable position than they were, the real difference is that they henceforth will get only what was intended for them, whilst heretofore they got more.

I have, &c.

SIR,

I am directed by Lord John Russell to transmit to you for the information of the President of the Board of Control, the Copy of a Despatch from the Governor of New South Wales, relative to the effect which the alteration of the minimum price of land in that Colony has on the interests of Naval and Military Settlers.

No 142, 1*st Novr.* 1839.

Lord John Russell has had under his consideration representations from various parties affected by the recent Regulation: but His Lordship does not feel justified in directing a further modification of it in favor of Naval or Military Settlers than that reported in the enclosed Despatch. The amount of remission which may be accorded to them in the purchase money must be considered as quite independent of any increase which may take place in the price of Land at Government Sales.

I am, &c

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s

Newspapers, if sent via Falmouth, are *free* of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. ---

** Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next, but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co.,	Calcutta.

CORRESPONDENCE

Between Europe and India Overland.

THE following PLAN, now in practice by a large number of the Subscribers to Messrs. GRINDLAY and Co.'s Agency, is recommended for general adoption :—

The Postages, with the Annual Subscription, are charged periodically in account with the Subscriber, payable either in England or India; or in many cases a remittance in advance is made to cover the probable estimated amount during the year.

An Envelope, containing several enclosures, written on thin paper and wafered, may thus be sent:—

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order ; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued ; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor ; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills ; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England ; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company ; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents

---

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 *of* 1838.

POST OFFICE NOTICE.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The ordinary Mail, from Calcutta, as at present, will go out at 8 P. M. The other daily despatch will be sent off at noon.

Barrackpore	Jehanagore
Serampore	Patoolee
Chandernagore	Cutwah
Hooghly	Merai
Noiserai	Berhampore
Digrah	Jeagunge
Santipore	Bogowangolah
Nuddea	Jungypore
Calnah	Khamrah

The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail.

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked " via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

OUR GOVERNOR OF THE PRESIDENCY OF FORT WILLIAM IN BENGAL.

A copy having been transmitted to us of a Despatch addressed by Sir George Gipps to Her Majesty's Secretary of State for the Colonial Department, under date 1st November, 1839, relative to the effect of the alteration of the Minimum price of Land in New South Wales upon the interests of Naval and Military Settlers, we deem it proper, with reference to our Despatch in this Department of the 25th September last, to forward a copy of the same for information, and to apprise you, that Lord John Russell having had the subject under consideration, has not thought fit to direct any modification in the existing Regulations, beyond that reported in the Despatch, copy of which is now forwarded.

LONDON, 1*st July*, 1840. We are, &c.,

Executive.

No. 142.

THE MARQUIS OF NORMANBY,
&c. &c. &c.

MY LORD,

In the concluding part of my Despatch No. 62 of the 1st April last, I stated to your Lordship the course which I had then adopted with respect to the remission allowed in the purchase of Land to Military and Naval Officers settling in the Colony, and that under the advice of the Executive Council it had been determined that all Officers, who might bonâ fide have left England on the faith of the Regulations of the 15th August, 1834, should be considered Settlers under those Regulations, and have the full benefit of them.

I have now to report to your Lordship that difficulties having arisen in deciding upon the claims of Officers to be considered Settlers under the old Regulations, I felt the necessity of laying down some definite Rule upon the subject, and that consequently, it was fixed with the advice of the Executive Council, that all Officers who left the United Kingdom before the 1st January, 1839, should have the full benefit of the Regulations of the 15th August, 1834, whilst those who might leave England on or after the same day, should be considered Settlers under the Regulations of the 1st August, 1838.

As I have reason to believe that some Officers who feel themselves aggrieved under this decision, have made representations on the subject to the Lords of the Admiralty, or to the General Commanding in Chief, I feel it right to address your Lordship more at length upon the subject, and particularly to explain the way in which Officers are affected by the change in Regulations.

The Regulations of 1838 differ from those of 1834 solely by the omission of the 8th Clause, or the Clause by which Officers were allowed to take the amount of their remission money in land at the upset price and without competition, provided such land had been previously exposed to sale at public auction, and not bought. Under the old Regulations, as under the new, the advantages held out to Officers were estimated in money and not in land, at the price at which Officers were allowed by the 8th Clause of the old Regulations to obtain land which had been exposed to auction, was not the fixed price of 5s., but the upset price which could never be less than 5s. per acre, though it might very much exceed it. Whatever might be the price at which a certain piece of land had been put up, at that price an Officer could obtain it; such at least (I apprehend) the meaning of the Regulations: in practice, however, all land was, with little exception, put up, until very lately at 5s. per acre, whatever might be its value, and as at every sale a good deal remained unsold, the aggregate quantity of land which had been put up at 5s. but not sold, came to be very considerable, but of this land it was not difficult for an Officer having good means of information, and allowing himself sufficient time for enquiry, to select portions worth considerably more than 5s., and by a local Regulation he was not confined to the exact quantity sufficient to absorb his remission money, but was allowed to take at the same price of 5s. the excess that there might be in the lot or lots selected by him, over what his remission money could cover. For example, a Captain in the Army entitled to a remission of £200 might select two sections of 640 acres each (one section not being sufficient to absorb his remission money.) The price of these two sections of land at 5s. per acre would be £320, he would, therefore, in addition to his remission money have to pay one hundred and twenty pounds out of his pocket: the real value of the land, however, or what it would fetch if again put up at auction, might be, and perhaps generally was, about seven shillings, it is therefore evident that in addition to his remission money he must gain an advantage of two shillings per acre on the whole one thousand two hundred acres, or one hundred and twenty-eight pounds, making his real remission three hundred and twenty-eight pounds in lieu of two hundred pounds. In proportion to the rise in the value of land his advantage would of course be encreased, and if it were so to rise as to make the value of the land 12s. per acre, the additional advantage would be 7s on each of the 1280 acres (or £428) and the real remission would of course be £628 in lieu of two hundred pounds.

This Statement will sufficiently explain to your Lordship the dissatisfaction with which the new Regulations have been received by Officers recently arrived in the Colony. Many of those Officers have complained that they were not made aware of the change before they left England by any public notice, either from the Horse Guards or the Admiralty; but this omission (allowing it to have been such) is one for which I respectfully submit that this Government can be in no way responsible.

It seems to be extremely probable that the altered position in which Officers are placed by the new Regulations is not even known at the Horse Guards, as Certificates are still given to Officers, in which the General Orders issued to the Army on the 25th August 1834 are quoted, although those Officers come clearly under the Regulations of the 1st August 1838. A copy of one of these Certificates I enclose in which the Officer is stated to be about to proceed to New South Wales as a Settler, under the General Order of the 25th August 1834, although he obtained his first Commission in the Army subsequent to the new Regulations of August 1838.

I beg to assure your Lordship that I am always happy to see Officers of the Army or Navy in the Colony, and am anxious to secure to them all the advantages intended for them by Her Majesty's Government. At the same time I think it my duty to say that although they certainly are now in a less favorable position than they were, the real difference is that they henceforth will get only what was intended for them, whilst heretofore they got more.

I have the honor to be, &c.,

&c. &c. &c.

Sir,

I am directed by Lord John Russell to transmit to you for the information of the President of the Board of Control, the copy of a Despatch from the Governor of New South Wales, relative to the effect which the alteration of the minimum price of land in that Colony has on the interests of Naval and Military Settlers.

Lord John Russell has had under his consideration, representations from various parties affected by the recent Regulation; but His Lordship does not feel justified in directing a further modification of it in favor of Naval or Military Settlers than that reported in the enclosed Despatch. The amount of remission which may be accorded to them in the purchase money must be considered as quite independent of any increase which may take place in the price of land at Government Sales.

I am, &c.,

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 6d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

NOTICE.—Under the Orders of the Hon'ble the President in Council, from and after the 15th of the ensuing month of January, there will be a second despatch, daily, from Calcutta to Khamrah, six stages in advance of Berhampore; as, also, a second daily despatch thence to Calcutta. The mid-day despatch will convey letters, newspapers, &c. for the stations noted in the margin, thus giving them an advantage of 8 hours over the night Mail

The hour most suitable for despatching the second daily Mail from Khamrah will be fixed by the local Post Master, so that, similar convenience may be afforded to the Public, by a saving of 12 hours, more or less, in the arrival of letters, &c. in Calcutta from the stations specified.

It has not been found expedient to extend the double despatch on this line of Dawk route, beyond Khamrah, as the great encrease of expense for the maintenance of the additional establishment which would thus be required, would not be compensated for by the advantage likely to be gained.

Arrangements are making for adopting a similar double-despatch, along the whole line of Dawk route, from Calcutta to Kurnaul, which will, probably, be brought into operation by the 1st of February next; but of which, further notice will be given, hereafter.

Letters for the stations specified which may be intended for transmission by the mid-day Mails, must be delivered at the General Post Office between the hours of 10 and 11½ A. M.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

East India Army Agency,

16, Cornhill, and 8, St. Martin's Place,
Charing Cross.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. Colvin, Ainslie, Cowie & Co.,	Calcutta.
Messrs. Binny & Co.	Madras.
Messrs. Leckie & Co.	Bombay.
Messrs. Frith & Co.	Do.

CORRESPONDENCE

Between Europe and India Overland.

THE following Plan, now in practice by a large number of the Subscribers to Messrs. Grindlay and Co.'s Agency, is recommended for general adoption:—

All Letters should be addressed in the ordinary manner, but with the addition of "16, *Cornhill*" below, and the name of the Subscriber on the back, to whose account the Postage is to be charged. The Letters are, immediately on their receipt, *registered* and forwarded (post paid) by Messrs. G and Co to the address, either permanent or variable, of the Party in Europe or India respectively. The Postages, with the Annual Subscription, are charged periodically in account with the Subscriber, payable either in England or India; or in many cases a remittance in advance is made to cover the probable estimated amount during the year.

An Envelope, containing several enclosures, written on thin paper and wafered, may thus be sent:—

Via Marseilles.

IF WEIGHING

Under Quarter of an Ounce, a single rate of postage	2*s.* 8*d.*
Under Half ditto, double ditto	3*s.* 6*d.*

Via Falmouth.

IF WEIGHING

Under Half of an Ounce, a single rate of postage	1*s.* 0*d.*
Under One Ounce, double ditto............	2*s.* 0*d.*

The Enclosures would then be forwarded by Messrs. G. and Co. to their respective destinations.

Subscribers absent from England have the privilege of naming a Proxy, to avail himself of the resources of the East India Rooms, in London.

And it is requested that a Letter of full Instruction be addressed to Messrs. G. and Co.

WEDNESDAY, OCTOBER 7, 1840.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 5TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 5th October 1840.

ACT No. —— OF 1840.

For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta.

Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and to confine the appropriation of such rates to some only of the various purposes to which they have hitherto been deemed applicable. And whereas it is expedient to abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per-centage being inadequate for the purposes to which the rates have hitherto been deemed applicable, and which purposes it is proposed to limit by the present Act. And whereas it is expedient to make the per-centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo. 3, Cap. 52 in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act.

It is hereby enacted, that the assessments which by the Statute 33 Geo. 3 Ch. 52 are authorized to be made for the Town of Calcutta. shall be applicable to the following purposes only—viz. lighting, cleansing, watering and repairing the roads and streets of the said Town.

2. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever.

3 And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular districts being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within the following districts of the Town, so long as the assessment collection or management of the rates for such districts shall remain under their jurisdiction, viz. The districts of ——,——,——,——,——,——,——,——,——,——,——,——,——,——,——,——,——.

4. And it is hereby enacted, wherever two-thirds in number and value of the rate-payers of any of such respective districts shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such district, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorise the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular district shall not be considered as necessarily limited by the amount expended within such district, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

5. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

6. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

7. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

8. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any Zenana, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 5th day of December next.

WEDNESDAY, OCTOBER 7, 1840.

NOTIFICATION.

SECRET DEPARTMENT, FORT WILLIAM,

THE 7TH OCTOBER, 1840.

The Right Hon'ble the Governor General of India in Council is pleased to direct, that Extracts from a despatch from Major General G. Burrell, Commanding the Military Force in the China Seas, be published for general information, announcing the occupation of the Island of Chusan, on the East Coast of China, by a portion of the force under his command.

By order of the Right Hon'ble the Governor General of India in Council,

H. TORRENS,
Offg. Secy. to the Govt. of India.

Brigade Head Quarters, City of Ting-hae-heen, July 18th, 1840.

TO HIS EXCELLENCY THE RIGHT
HON'BLE EARL AUCKLAND, G. C. B.,
Governor General of India, &c. &c. &c.

MY LORD,—I have the honor to acquaint your Lordship, that on the 4th instant, H. M. Ships "*Wellesley*," "*Conway*," and "*Alligator*," (to the former of which I had transferred Brigade Head Quarters, in compliance with the wishes of Sir Gordon Bremer) with the Troop Ship "*Rattlesnake*," and two transports, arrived in the anchorage of Chusan Harbor: the Ships of War taking up a position in front of a Hill, upon which there was a large Temple or Joss House.

In the evening, a summons was sent to the Admiral, who was also Governor of the Chusan group of Islands, calling upon him to surrender the Island, and soliciting him to do so, that blood might not be shed in useless opposition.

The Officers bearing the summons returned with the Chinese Admiral to the *Wellesley*, accompanied by two Mandarins, and although they acknowledged their incapacity to resist, they attempted by evasion and requests to obtain time, and left the ship without any satisfactory result: but perfectly understanding that if submission was not made before day-light next day, hostilities must commence.

On the morning of the 5th the Hill and Shore were crowded with a large body of Troops, and from the mast head of the ships, the City was seen at the distance of a mile from the beach, the walls of which were also lined with Troops. On Temple Hill, the landing place or wharf, and a round tower adjacent, there were twenty-four guns of small calibre, independent of a number of War Junks; and from their proceedings it appeared that resistance was to be offered. As both wind and tide were against the Transports, and only 350 men, including Marines, were in the Harbor, I availed myself of the time offered to reconnoitre the beach beyond Temple Hill, with a view of landing at some distance from the batteries, but which I abandoned as if opposed there, the shipping must have opened their fire on the different batteries, and the result have been the same with respect to loss of life, as of opening upon the batteries at once; besides which it was not considered expedient to take from the Ships of War, under the prospect of action, so many hands as were required to man the boats.

About 2 o'clock P. M., H. M. Brigs "*Cruizer*" and "*Algerine*" had got into position, and as the Transports were then entering the Harbor, the signal was given for landing in rotation, as boats could be supplied, in the following order:

First Division.—18th Royal Irish, Royal Marines, two 9-Pounders, and 26th Regiment.

Second Division.—Volunteer Corps and 49th Regiment, and detachment of Sappers and Miners.

On the 18th and Royal Marines quitting their ships for the boats, the waving of flags and beating of gongs and drums gave further intimation of decided hostile intentions on the part of the Chinese.

As previously arranged with His Excellency Sir Gordon Bremer, Commander in Chief, a gun was fired from the "*Wellesley*," after the 18th and Royal Marines were in the boats, with a view of ascertaining whether resistance was intended. The gun was fired at the round tower most correctly; and no individual injured thereby. As the whole of the guns on shore were manned, a return fire was instantly given from them, and a number of War Junks, which brought a fire upon the Batteries and Junks from the whole of the Ships of War but of very short duration: the guns and Hills being abandoned, and suburbs evacuated in a very few minutes. The Beach and Wharf and Temple Hill being cleared, the Troops landed without opposition, and I immediately took possession of the Hill, from which a very good view of the City is obtained at the distance of about 1,500 yards. As soon as the landing of the 26th Regiment was completed, I pushed forward advanced posts from the 18th and 26th Regiments, to within 500 yards of the walls of the City, which although in a dilapidated state are extremely formidable and difficult of access, being surrounded on three sides with a deep canal of about 25 feet wide, and a continued flat of inundated paddy land.

Having consulted with Lieut.-Colonel Montgomerie, C. B., of the Madras Artillery, and Captain Pears, the Senior Officer of Engineers, I decided upon breaching the walls of the City near the W. Gate, and throwing shells into N. W. Angle, so that in the event of the Ordnance being inadequate to breach the point already specified, the N. W. Angle, which I meant to attempt by escalade, might be more easily carried from the fire kept up on that point having weakened the defence. On the advanced posts taking up this position, a fire was opened upon them from the walls of the City, and kept up at intervals until near midnight. A few shot, not exceeding 8 or 9, were fired from our Battery which tended to silence their firing without doing any injury. Whilst I was visiting them, several shot were fired without any other effect than proving that the Chinese were utterly ignorant of gunnery.

The second Division, consisting of the Madras Sappers and Miners, Bengal Volunteers and 49th Regiment, were landed without delay, and having taken up their position, threw out advanced posts to the front, the latter corps protecting the left of the suburbs.

Early on the morning of the 6th I was happy to find from the very great exertions of Lieut. Col. Montgomerie, that during the night, he had, in addition to the two 9-pounders landed with the troops, got into position six other guns of the same size, two 5½-in. Howitzers, and two Mortars, making a total of ten guns in a position within four hundred yards of the walls. From the stillness in the City, I apprehended a change had taken place there, and I waited for day-light, before issuing orders for offensive operations; on the first dawn, the flags were seen on the walls, as they were the preceding evening—but as the light increased, there did not appear a single person, where there had been thousands the preceding evening, which gave reason to suppose that the City was evacuated; and I sent forward Lieutenant Colonel Montgomerie, Major Mountain, Deputy Adjutant General, and Captain Pears, Field Engineer, with a small escort to reconnoitre as closely as possible the state of the works, and endeavour to ascertain whether the City was abandoned or not.

These Officers passed the canal, (the bridge over which had been broken up) by throwing spars across, and with Captain Bethune, of the *Conway*, who had now joined them, scaled the wall by means of a ladder found amongst the buildings outside. One or two unarmed Chinese, who appeared above the gate, hung a placard over the wall, and refused by signs to admit them, but offered no other opposition.

The gate was found strongly barricadoed within by large sacks of grain, and by the time that a few planks had been thrown over the canal a Company of the 49th, which I had sent for, took possession of the principal gate of the City of Ting-hae-heen, upon which the British flag was hoisted.

Guards were quickly posted at the whole of the gates, and every protection given to life and property. I lament that several houses in the City had been plundered by the lower order of the Chinese people before we took possession—and that it was carried to considerable extent in the suburbs by the same class during the nights of the 5th and 6th from their occupying houses which were ultimately proved not to belong to parties claiming them. Order is now restored: but a large portion of the people, who went into the country, have not yet returned.

A return of the Ordnance captured on shore is herewith transmitted, that on board the War Junks was considerable, but of which I have not a return.

The loss of the Chinese is estimated at about 25 killed, the number wounded I cannot learn, but it must be very small, from round shot having been fired. The Admiral is said to be among the latter. I am happy to say, Her Majesty's Troops escaped without loss of any description, and are prepared for any further services required.

The City of Ting-hae-heen is extensive, the walls being about 6 miles in circumference, they are built of granite and brick of inferior quality—and with the exception of a Hill where the defences are unusually high, there is a deep ditch or canal about 25 feet wide carried round the walls at the distance of a few yards. There are numerous Bastions in the works, and with good Troops in its present state, the City is capable of making a good defence.

This Dispatch will be delivered to your Lordship by the Hon'ble Captain Osborne, to whom I beg to refer you for further particulars respecting the Island of Chusan and our position here.

I have the honor to be, &c.,

FORT WILLIAM, *7th October*, 1840.

No. 218 of 1840.—1. In continuation of General Orders of the 8th July last, No. 146, the Right Hon'ble the Governor General of India in Council is pleased to direct that the consolidated rates of Pay therein laid down, for the Non-Commissioned Officers and Privates of Her Majesty's and Hon'ble Company's Services, are to be drawn for men in confinement: the amount being disposed of[*] as directed in G. O. No. 184, 21st November 1828, and the prisoner being dieted under the regulations at present in force.

2. The same rates of Pay are to be drawn for men in Hospital, who will continue to be dieted by the Commissariat, as at present, in conformity with the Medical Regulations.

3. One month's pay to defray Funeral Charges as authorized in G. O. 5th October 1827, No. 207, will also be drawn at the above rates, for men deceased, whose bodies require sepulture.

4. The Pay of Boys attached to Her Majesty's Regiments of Dragoons, and Infantry, will be allowed as heretofore, at 5d. for the former, and 6½d. for the latter per day, with the new scale of rations. The Pay converted into Indian currency, at the rate of 2s. 0½d. per Rupee, will stand as follows:

	For 28 days.			For 29 days.			For 30 days.			For 31 days.		
Cavalry.......	5	11	5	5	14	9	6	2	0	6	5	3
Infantry, ...	7	6	10	7	11	1	7	15	4	8	3	7

5. The future rate of dry batta (or compensation in lieu of rations without spirits) payable, where, necessary, by the Commissariat Department, will be the same as at present, namely, Company's Annas (3-4,) Three and Four Pie per diem, this amount being a close approximation to the actual and general average cost of the new scale of rations, less the compensation for liquor, to be included in the future consolidated Regimental Pay of European Soldiers.

6. In cases where detachments moving or stationary may be without a Canteen Establishment, and it may become necessary in consequence for the Commissariat to issue Rum to the men, the rate of payment is to be Ten Pie for each dram, to be recovered by bills drawn by the department on Paymasters of Regiments, or Officers drawing the pay of of the men thus supplied with liquor.

7. Whenever it may happen, that any of the articles prescribed for the Soldier's future rations, shall not be obtainable, Compensation in lieu is to be paid by the Commissariat at such rates, as will accord with the cost to Government of the same Articles, at the nearest European Station—the Commissariat Officer of which will grant a monthly certificate of such cost, for the information and guidance of the parties concerned.

8. It is left to the discretion of the Commissariat Department to issue either Tea or Coffee (or a proportion of both) as an article of the daily rations, as may be most convenient, or as circumstances may demand; but it is to be understood, that where both articles are procurable with equal facility, the wishes of Commanding Officers should be attended to.

9. In consequence of the difficulty of making the necessary arrangements for the introduction of the new scale of rations, in some of the more distant stations of the Bengal European Troops, it is hereby directed, that the provisions of General Orders, 8th July 1840, instead of having effect from the 1st November next shall come into operation throughout the Presidency of Fort William, from the 1st January, and in Affghanistan, from the 1st March 1841. The Governments of Madras and Bombay will adopt such similar measure of postponement, as may be considered expedient.

10. The extra daily allowance of half a pound of meat at present issued to the European Troops serving beyond the Indus is to be continued to them, should the General Officer Commanding the Troops in Affghanistan consider the allowance necessary, as a special indulgence, after the introduction of the new scale of rations, and until further orders.

11. The existing Regulations for the supply of Rum to Canteens, by the Commissariat, are not affected in any way by the new system of rations now under advertence.

The Collector has no objection to pass Packages, which are intended for private use, and not for Sale, unopened—provided that at the time they are applied for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets, *Third.*—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTIFICATION.

FORT WILLIAM,
SECRET DEPARTMENT,
THE 10TH OCTOBER, 1840.

The Governor General in Council has great satisfaction in giving publicity to the annexed copy of a despatch from Major General Sir Willoughby Cotton, K. C. B. and K. C. H., Commanding Troops in Afghanistan, announcing a brilliant success gained by a party of the 35th Regiment N. I. and of H. M. Shah Soojah's Troops, over Dost Mahomed Khan and his Oosbeg Confederates.

By order of the Right Hon'ble the Governor General in Council,

H. TORRENS,
Offg. Secy. to the Govt. of India.

Camp Cabul, 20th September, 1840.

SIR,—I have the greatest satisfaction in apprising you for the information of the Governor General, that I have this morning received accounts from Brigadier Dennie, dated the 18th instant, of a most brilliant action which took place on that day, wherein the Brigadier, with 230 of the 35th N. I, 270 of the Goorkha Corps; 2 guns, in conjunction with a party of Captain Anderson's Cavalry, the Jaunbazes and a few men of Captain Conolly's escort, totally routed the combined forces under Dost Mahummud Khan, and the Walee of Khoolum, wounding the former, and capturing his Tents, Kettle-Drums, Baggage, some Standards, and the only Gun he brought into the Field (a large 16-pounder) with a further loss to the enemy of 500 killed, and a proportionable number of wounded.

The Brigadier speaks in the highest terms of the conduct of the Troops of all Arms engaged, which I shall fully detail when the official report reaches me: the loss on our side, the Brigadier mentions, as comparatively small. Lieut. Legeyt of the Cavalry, and Captain Hart of the Jaunbazes, are the only Officers, his private letter names, as wounded.

The flight is represented as complete.

Brigadier Dennie's decision and judgment, in immediately with the Force, though small, which he had with him, attacking the enemy, deserves in my opinion the highest praise.

This action will have the best effect and be the means of tranquillizing the spirit of insurrection which was rife in various parts of the country, and of effectually destroying all influence Dost Mahummud might have hoped to have excited. The official report shall be transmitted the moment it reaches me.

I have, &c.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 5TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 5th October 1840.

ACT NO. —— OF 1840.

For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta

Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and to confine the appropriation of such rates to some only of the various purposes to which they have hitherto been deemed applicable And whereas it is expedient to abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per-centage being inadequate for the purposes to which the rates have hitherto been deemed applicable, and which purposes it is proposed to limit by the present Act. And whereas it is expedient to make the per-centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo 3, Cap. 52 in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act.

It is hereby enacted, that the assessments which by the Statute 33 Geo. 3 Ch 52 are authorized to be made for the Town of Calcutta, shall be applicable to the following purposes only—viz. lighting, cleansing, watering and repairing the roads and streets of the said Town.

2. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever.

3 And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular districts being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within the following districts of the Town, so long as the assessment collection or management of the rates for such districts shall remain under their jurisdiction, viz. The districts of ——, ——, ——, ——, ——, ——, —— ——, ——, ——, ——, —— ——, ——, ——, ——, ——.

4. And it is hereby enacted, whenever two-thirds in number and value of the rate-payers of any of such respective districts shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such district, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorise the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts the transfer of which from the present authorities is sought for Provided always that in any such assessment, the amount to be levied in any particular district shall not be considered as necessarily limited by the amount expended within such district, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

5 And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

6. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

7. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

8. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any Zenana, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the

rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India, after the 5th day of December next.

JUDICIAL AND REVENUE DEPARTMENT,

THE 28TH SEPTEMBER, 1840.

The Right Hon'ble the Governor General of India in Council is pleased to direct, that the following Resolutions and Schedule relative to Works of Public Utility constructed by Individuals at their own private cost within the North Western Provinces, be published for general information

Resolution by the Right Hon'ble the Governor General of India in Council.

In continuation of the Memoir published in the Calcutta Gazette of the 18th March 1835, the Right Hon'ble the Governor General of India in Council, cordially concurring in the sentiments expressed in the Resolution recorded by the Hon'ble the Lieutenant Governor N W. Provinces, dated the 20th July last, upon the subject of Works of Public Utility executed throughout the N W. Provinces at private cost, and being desirous that the greatest publicity should be given to the honorable examples of public spirited munificence contained in the List which is appended to it, is pleased to direct that the Resolution in question, together with the Schedule appended to it, be published for general information in the Calcutta Gazette, and in the Bengalee and Oordhoo Gazettes.

Resolution by the Hon'ble the Lieutenant Governor N. W. Provinces, dated the 20th July 1840

The several functionaries of the North Western Provinces having, in accordance with the provisions of the Resolution of Government, dated the 8th October 1839, furnished a report of the various Works of Public Utility executed by Individuals at their own private cost, with a list of their names—His Honor the Lieutenant Governor is pleased to record the following observations thereon.

It is satisfactory to His Honor to remark, that although of the Works reported there are none on a very extensive scale, yet there are many of great local importance, and which from their number form no inconsiderable addition to the operations of public improvement now in progress throughout these Provinces.

To those individuals who have thus distinguished themselves as public benefactors, the thanks of Government are due, and His Honor expressed a sincere hope that they will persevere in a course which is productive of credit to themselves and advantage to the community at large.

While thus expressing generally his feelings of approbation of these acts of public benevolence, His Honor feels himself bound to select from this honorable body, some individuals who are in His Honor's opinion pre-eminently entitled to notice.

Division Allahabad, Zillah Allahabad Dalchund Mittur constructed at an outlay of Rupees 44,000 1 Tank, 2 Wells and an avenue of trees; also a Bazaar, all of which are thrown open to the public. In return for this munificence, the Commissioner recommends, that he be presented with a Khelut of 5 Parchas.

Zillah Futtehpore. Zoolfacar Ally Bahadur has erected a Pucka Seraie on the high road, at an expence of 5000 Rupees.

Division Meerut, Zillah Bolundshuhur. The thanks of Government are due, in the opinion of the Commissioner, to Rajah Kishen Chund, Jagheerdar of Burodah, for the construction of 2 Puckah Bridges one over the Chooeca Nuddee at an expence of Rupees 7,000, and one over another Stream, of the same name, at a cost of 4,500, both works of great utility,—total expense 11,500 Rupees.

Division Rohilkhund, Zillah Shajehanpore. Sunkur Suhaiee built at the expense of 800 Rupees a Puckah Bridge over the Buxan Nullah. The Commissioner recommends that a Medal or title as Koonwar, be conferred on him in return.

His Honor confidently hopes that the excellent example afforded by these individuals will be cordially followed by many others, and thus private munificence may form an union with the exertions of the Government in promoting and executing such works as will bring into action the resources of this vast country, and add greatly to the comfort and happiness of its Inhabitants.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Di-

rectors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Charing Cross,

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN and MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN and MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

The following Draft of a proposed Act was read in Council for the first time on the 19th of October 1840.

ACT No. —— 1840.

An Act for the better protection of the Abkaree Revenue.

I. Whereas it has been found necessary, with a view to make better provision for the protection of the Abkaree Revenue than is afforded by the existing system of management, to place the superintendence of certain Districts in a separate Commissioner acting under the direction and control of the Board of Customs, Salt and Opium, and it is required to make provision by law for the extension and improvement of this system of management within the Presidency of Fort William in Bengal;—

It is hereby enacted, that whenever a Commissioner or Commissioners shall be appointed by the Governor of Bengal, or by the Governor or Lieutenant Governor of the N. W. Provinces, with the sanction of the Government of India, for the superintendence of the Abkaree Revenue, such Commissioner or Commissioners shall exercise within such Districts as may be assigned and prescribed from time to time by the said Governors or Lieutenant Governor the powers, authority and jurisdiction vested by the Regulations and Acts of the Government in Commissioners of the Land Revenue in all matters appertaining to the Abkaree Revenue.

II. And it is hereby enacted, that within the Districts so assigned to such Commissioner or Commissioners, the Governor of Bengal or Governor or Lieutenant Governor of the N. W. Provinces may appoint any duly qualified persons not being of the description specially provided for in Section XXXI. Regulation V. 1813, to be Superintendents of the Abkaree Revenue, and to vest them with the charge and management of the Abkaree Revenue under the orders of the said Commissioner within such local limits as to him may seem fit, and the persons so appointed shall exercise all the powers of Collectors in regard to this Revenue, excepting the adjudication of cases of contravention of the Laws relating to Abkaree.

III. And it is hereby enacted, that it shall be competent for the Governor of Bengal to vest any person appointed under the foregoing Clause to the charge and superintendence of the Abkaree Revenue with the power of adjudicating cases of contravention of the Abkaree Laws, in addition to the powers attaching to the office of Superintendent of Abkaree Revenue in the District or Districts assigned to him—provided that no such Superintendent when so vested with the powers of adjudication shall sentence any person to a fine exceeding 200 Rupees, or to imprisonment for a term exceeding 3 months, except for a second offence under Section XVII. of this Act.

IV. And it is hereby enacted that the warrant of any Officer authorized, or specially appointed, to adjudicate cases of contravention of the Abkaree Laws certifying the conviction of any individual, with a specification of the offence proved and penalty adjudged, shall be authority for the levying of any fine imposed, as therein specified, and for the detention of the person therein described in the Civil Jail of the District as may be therein prescribed,—provided always that it shall be competent to the Commissioner, upon appeal by the parties concerned, or of his own motion, to call for the papers and revise the proceedings in any case decided by such Superintendent, and to alter or reverse the judgment passed thereon, and a like power shall be possessed and exercised by the Board of Customs, Salt and Opium, or by any other Board possessing like authority whenever they think proper.

V. And it is hereby enacted, that any Officer employed in the Akbaree Department above the rank of Jemadar of Peons, who shall receive information that any person without a license is engaged in the manufacture of fermented or spirituous liquors, or in the preparation of intoxicating drugs, or has on his premises fermented or spirituous liquors or intoxicating drugs in such quantity as may render such person liable to the suspicion of secretly and illicitly trafficking in such articles, shall and is hereby authorised and required to take the deposition of the informer in writing, and if the information so given shall appear credible, so as to justify such proceeding, it shall further be competent to such Officer to enter and search such premises as may be declared by the informer to contain the illicit articles specified in his deposition, and to seize all illicit stills and materials of the kind used in manufacturing liquors and preparing drugs as well as all fermented or spirituous liquors, or intoxicating drugs, and to arrest the owner or occupant of the premises, together will all parties concerned in the transaction who may be found on the premises.

VI. And it is hereby enacted, that except in cases already provided for by Section XVIII Regulation VII of 1824, if any person or persons shall by threats or violence prevent the lawful arrest of any person by an Officer duly authorized to seize illicit stills, fermented or spirituous liquors, or intoxicating drugs and materials for the manufacture of the same, or shall procure by unlawful means his release after arrest, or shall obstruct any Officer duly authorized in making search for or seizure of any of the above mentioned illicit articles, or shall rescue such articles after seizure, or if the party found with any such illicit articles in possession, or any other person or persons shall resist such Officer in the execution of a legal process, such person or persons shall severally and respectively be liable on conviction before a Magistrate, to be sentenced for the same to pay a fine not exceeding 500 Rupees, commutable, if not paid, to imprisonment for a term not exceeding six months, provided that such person or persons shall be further liable, in the event of an affray or breach of the peace occurring, in consequence of his or their resistance, on conviction of the same before a competent tribunal to such punishment as is prescribed in the general rules applicable to cases of affray and breach of the peace in addition to the penalties above prescribed for the resistance of process.

VII. And it is hereby enacted in modification of Clause 6, Section XXII Regulation X of 1813 of the Bengal Code, that if any person shall wilfully and maliciously give false information in respect to there being an illicit still or illicit stills, or fermented or spirituous liquors, or intoxicating drugs or materials prepared for the manufacture of spirituous liquors and drugs in any premises, and so procure that such premises shall be searched to the injury and vexation of the owners thereof, or of any other person or persons whatsoever, such false informer shall, on conviction of the offence before any Magistrate, besides being subject to any other penalties or damages (to which he would be *subject*) under the general law, be liable to imprisonment with or without labor for a term not exceeding two years, and to fine not exceeding 500 Rupees, commutable to a further term of six months if not paid.

And it is hereby enacted, that whenever any Officer of the Abkaree Department duly authorized under Section V of this Act shall arrest any person charged with an infraction of the Laws for the protection of the Abkaree Revenue, or shall seize any still, or fermented or spirituous liquors or intoxicating drugs, or enter any premises for the purpose of searching for such illicit articles, he shall make a full report of all the particulars of such arrest or seizure or search to his official superior, within twenty-four hours after the transaction has occurred.

IX. And it is hereby enacted, that whenever any person may be arrested by an Officer employed in the Abkaree Department or by any other Officer of other Departments duly empowered to make seizure of illicit stills or spirituous liquors, or intoxicating drugs, or materials prepared for the purpose of manufacturing spirituous liquors or intoxicating drugs, the person making the arrest shall be bound to carry the party arrested with all convenient despatch to the Officer of the Department who may be competent to try the case, and no person so arrested shall be released until the case shall have been brought to judgment in the manner provided by Law.

X. And it is hereby enacted, that any Officer who shall neglect to report all the particulars of an arrest, seizure, or search within 24 hours after the transaction has occurred, or who shall delay carrying the person arrested to the proper Officer with all convenient despatch, or who shall release or connive at the escape of the person arrested shall be liable, on conviction, to dismissal from his situation, and to pay a fine not exceeding 200 Rupees, and to imprisonment for a term not exceeding three months, and in case of non-payment of the fine, to further imprisonment not exceeding three months, and the sentence shall be adjudged by any Officer competent to adjudicate cases of contravention of the Abkaree Laws.

XI. And it is hereby enacted, that it shall be lawful for any Officer employed in the Abkaree Department to enter and inspect at any time, by day or by night, the shop or premises in which any licensed Abkar shall carry on the sale or manufacture of fermented or spirituous liquors, or intoxicating drugs or liquors, in order to satisfy himself that nothing is going on in contravention of the Abkaree Laws, or of the conditions of the license.

XII. And it is hereby enacted, that if any Officer of the Abkaree Department be convicted before the Magistrate of any District, of having vexatiously and unnecessarily seized the goods of any person on the pretence of seizing or searching for illicit stills, spirituous liquors, intoxicating drugs, or the materials for manufacturing the same, or of having vexatiously and unnecessarily arrested any person, or of committing any other excess not required for the execution of his duty, every such Officer shall, besides dismissal, be punished with imprisonment not exceeding six months, and with fine not exceeding 200 Rupees, commutable, if not paid to a further imprisonment not exceeding six months.

XIV. And it is hereby enacted, that every person holding a license for the manufacture or sale of fermented or spirituous liquors or intoxicating drugs, shall preserve such license at the shop or premises specified in the body of the license, and shall exhibit the license on the demand of any Abkaree Officer, who shall desire to inspect the same, and any such licensed manufacturer or vender who shall refuse, or be unable to produce his license on the demand of any Abkaree Officer, shall be liable to a fine not exceeding 200

Rupees, or to imprisonment for a term not exceeding three months, and in case of non-payment of the fine to further imprisonment not exceeding a like term.

XV. And it is hereby enacted, that one moiety of all fines realized from persons convicted of the illicit possession or manufacture or sale of fermented or spirituous liquors or intoxicating drugs, excepting Opium, and of the proceeds from sale of articles confiscated, shall upon adjudication of the case be awarded to the Officer or Officers who may have apprehended the offender or seized the illicit articles, and the other half shall be given to the informer as provided in Clause 8, Section XXII. Regulation X. of 1813, and if no fine be realized, the Commissioner may recommend through the Board of Customs, Salt and Opium such reasonable reward, not exceeding the sum of 200 Rupees in each case as may appear to him fit,—provided however, that it shall be competent to the Board of Customs, Salt and Opium to prescribe by General Order what classes of Officers of the Department shall receive reward and what classes shall have no title to participate therein.

XVI. And it is hereby enacted, that any Officer employed in the Abkaree Department, who shall be convicted of conniving at the manufacture or sale of fermented or spirituous liquors without license, or by any licensed manufacturer or vender contrary to the terms of such license, shall be liable to the same penalties that would be incurred by the offender at whose act in contravention of the law he so connived.

XVII. Act No. —— 1840.

An Act for the better protection of the Abkaree Revenue within the Presidency of Fort William in Bengal.

I. Whereas it has been found necessary, with a view to make better provision for the protection of the Abkaree Revenue than is afforded by the existing system of management, to place the superintendence of certain Districts in a separate Commissioner acting under the direction and control of the Board of Customs, Salt and Opium, and whereas it is required to make provision by law for the extension and improvement of this system of management within the Presidency of Fort William in Bengal ;—

II. And it is hereby enacted, that within the Districts so assigned to such Commissioner or Commissioners, the Governor of Bengal or Governor or Lieutenant Governor of the N. W. XII. And it is hereby enacted, that if any Officer of the Abkaree Department be convicted before the Magistrate of any District, of having vexatiously and unnecessarily seized the goods of any person on the pretence of seizing or searching for illicit stills, spirituous liquors, intoxicating drugs, or the materials for manufacturing the same, or of having vexatiously and unnecessarily arrested any person, or of committing any other excess not required for the execution of his duty, every such Officer shall, besides dismissal, be punished with imprisonment not exceeding six months, and with fine not exceeding 200 Rupees, commutable, if not paid to a further imprisonment not exceeding six months.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 26th October, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 26th of October 1840:

Act No. —— of 1840.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedarree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient, on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Putteedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Dustucks in the same manner, and under the same limitation, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrear.

4th. Annulment of the Settlement as regards the defaulting Puttee, and lease thereof to the members of any other Puttee which may not be in arrear or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Act   of   for the sale of an entire Mehal, and the Puttee after the sale shall have been duly comfirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land thereinfrom, and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to payment to the purchaser or transferree at the rate demanded by the purshaser or transferree. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V. to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bakee and detailed Kuteonee of the Tehsildar signed and sealed by him, and countersigned by the Canoongoes and Putwarry exhibiting in detail the amount paid by and arrear due from each Puttee shall be taken to be sufficient evidence of the arrear due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferrees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient In every such case it is hereby declared in modification of Regulation XI. of 1822, that the entire proprietary rights of every member of the coparcenary shall be annulled and forfeited, and the provision of Section V. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII. of 1822, and IX. of 1833 and the Order of Government shall be sufficient authorities for such extension.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 26th day of December next.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 26TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 26th of October 1840:

ACT No. —— OF 1840.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedarree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient, on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Putteedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Dustucks in the same manner, and under the same limitation, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrear.

4th. Annulment of the Settlement as regards the defaulting Puttee, and lease thereof to the members of any other Puttee which may not be in arrear or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himelf in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Act   of   for the sale of an entire Mehal, and the Puttee after the sale shall have been duly comfirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land thereinfrom, and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to payment to the purchaser or transferree at the rate demanded by the purshaser or transferree. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V. to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bakee and detailed Kuteonee of the Tehsildar signed and sealed by him, and countersigned by the Canoongoes and Putwarry exhibiting in detail the amount paid by and arrear due from each Puttee shall be taken to be sufficient evidence of the arrear due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferrees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient. In every such case it is hereby declared in modification of Regulation XI. of 1822, that the entire proprietary rights of every member of the coparcenary shall be annulled and forfeited, and the provision of Section V. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII. of 1822, and IX. of 1833 and the Order of Government shall be sufficient authorities for such extension.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 26th day of December next.

Junr. Secy. to the Govt. of India.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 19TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 19th of October 1840.

ACT No. —— 1840.

An Act for the better protection of the Abkaree Revenue within the Presidency of Fort William in Bengal

I. Whereas it has been found necessary, with a view to make better provision for the protection of the Abkaree Revenue than is afforded by the existing system of management, to place the superintendence of certain Districts in a separate Commission acting under the direction and control of the Board of Customs, Salt and Opium, and whereas it is required to make provision by law for the extension and improvement of this system of management within the Presidency of Fort William in Bengal,—

It is hereby enacted, that whenever a Commissioner or Commissioners shall be appointed by the Governor of Bengal, or by the Governor or Lieutenant Governor of the N W Provinces, with the sanction of the Government of India, for the superintendence of the Abkaree Revenue, such Commissioner or Commissioners shall exercise within such Districts as may be assigned and prescribed from time to time by the said Governors or Lieutenant Governor the powers, authority and jurisdiction vested by the Regulations and Acts of the Government in Commissioners of the Land Revenue in all matters appertaining to the Abkaree Revenue.

II. And it is hereby enacted, that within the Districts so assigned to such Commissioner or Commissioners, the Governor of Bengal or Governor or Lieutenant Governor of the N. W. Provinces may appoint any duly qualified persons not being of the description specially provided for in Section XXXI Regulation X. 1813, to be Superintendents of the Abkaree Revenue, and to vest them with the charge and management of the Abkaree Revenue under the orders of the said Commissioner within such local limits as to him may seem fit, and the persons so appointed shall exercise all the powers of Collectors in regard to this Revenue, excepting the adjudication of cases of contravention of the Laws relating to Abkaree.

III. And it is hereby enacted, that it shall be competent for the Governor of Bengal to vest any person appointed under the foregoing Clause to the charge and superintendence of the Abkaree Revenue with the power of adjudicating cases of contravention of the Abkaree Laws, in addition to the powers attaching to the office of Superintendent of Abkaree Revenue in the District or Districts assigned to him—provided that no such Superintendent when so vested with the powers of adjudication shall sentence any person to a fine exceeding 200 Rupees, or to imprisonment for a term exceeding 3 months, except for a second offence under Section XVII. of this Act.

IV. And it is hereby enacted that the warrant of any Officer authorized, or specially appointed, to adjudicate cases of contravention of the Abkaree Laws certifying the conviction of any individual, with a specification of the offence proved and penalty adjudged, shall be authority for the levying of any fine imposed, as therein specified, and for the detention of the person therein described in the Civil Jail of the District as may be therein prescribed,—provided always that it shall be competent to the Commissioner, upon appeal by the parties concerned, or of his own motion, to call for the papers and revise the proceedings in any case decided by such Superintendent, and to alter or reverse the judgment passed thereon, and a like power shall be possessed and exercised by the Board of Customs, Salt and Opium, or by any other Board possessing like authority whenever they think proper.

V. And it is hereby enacted, that any Officer employed in the Akbaree Department above the rank of Jemadar of Peons, who shall receive information that any person without a license is engaged in the manufacture of fermented or spirituous liquors, or in the preparation of intoxicating drugs, or has on his premises fermented or spirituous liquors or intoxicating drugs in such quantity as may render such person liable to the suspicion of secretly and illicitly trafficking in such articles, shall and is hereby authorised and required to take the deposition of the informer in writing, and if the information so given shall appear credible, so as to justify such proceeding, it shall further be competent to such Officer to enter and search such premises as may be declared by the informer to contain the illicit articles specified in his deposition, and to seize all illicit stills and materials of the kind used in manufacturing liquors and preparing drugs as well as all fermented or spirituous liquors, or intoxicating drugs, and to arrest the owner or occupant of the premises, together will all parties concerned in the transaction who may be found on the premises.

VI. And it is hereby enacted, that except in cases already provided for by Section XVIII Regulation VII of 1824, if any person or persons shall by threats or violence prevent the lawful arrest of any person by an Officer duly authorized to seize illicit stills, fermented or spirituous liquors, or intoxicating drugs and materials for the manufacture of the same, or shall procure by unlawful means his release after arrest, or shall obstruct any Officer duly authorized in making search for or seizure of any of the above mentioned illicit articles, or shall rescue such articles after seizure, or if the party found with any such illicit articles in possession, or any other person or persons shall resist such Officer in the execution of a legal process, such person or persons shall severally and respectively be liable on conviction before a Magistrate, to be sentenced for the same to pay a fine not exceeding 500 Rupees, commutable, if not paid, to imprisonment for a term not exceeding six months, provided that such person or persons shall be further liable, in the event of an affray or breach of the peace occurring, in consequence of his or their resistance, on conviction of the same before a competent tribunal to such punishment as is prescribed in the general rules applicable to cases of affray and breach of the peace in addition to the penalties above prescribed for the resistance of process.

VII. And it is hereby enacted in modification of Clause 6, Section XXII Regulation X of 1813 of the Bengal Code, that if any person shall wilfully and maliciously give false information in respect to there being an illicit still or illicit stills, or fermented or spirituous liquors, or intoxicating drugs or materials prepared for the manufacture of spirituous liquors and drugs in any premises, and so procure that such premises shall be searched to the injury and vexation of the owners thereof, or of any other person or persons whatsoever, such false informer shall, on conviction of the offence before any Magistrate, besides being subject to any other penalties or damages (to which he would be *subject*) under the general law, be liable to imprisonment with or without labor for a term not exceeding two years, and to fine not exceeding 500 Rupees, commutable to a further term of six months if not paid.

VIII. And it is hereby enacted, that whenever any Officer of the Abkaree Department duly authorized under Section V of this Act shall arrest any person charged with an infraction of the Laws for the protection of the Abkaree Revenue, or shall seize any still, or fermented or spirituous liquors or intoxicating drugs, or enter any premises for the purpose of searching for such illicit articles, he shall make a full report of all the particulars of such arrest or seizure or search to his official superior, within twenty-four hours after the transaction has occurred.

IX. FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 26TH OCTOBER, 1840.

The following Draft of a proposed Act was read in Council for the first time on the 26th of October 1840:

ACT No. —— OF 1840.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedarree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient, on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Putteedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Dustucks in the same manner, and under the same limitation, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrear.

4th. Annulment of the Settlement as regards the defaulting Puttee, and lease thereof to the members of any other Puttee which may not be in arrear or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himelf in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Act   of   for the sale of an entire Mehal, and the Puttee after the sale shall have been duly comfirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land thereinfrom, and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to payment to the purchaser or transferree at the rate demanded by the purshaser or transferree. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V. to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bakee and detailed Kuteonee of the Tehsildar signed and sealed by him, and countersigned by the Canoongoes and Putwarry exhibiting in detail the amount paid by and arrear due from each Puttee shall be taken to be sufficient evidence of the arrear due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferrees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient In every such case it is hereby declared in modification of Regulation XI. of 1822, that the entire proprietary rights of every member of the coparcenary shall be annulled and forfeited, and the provision of Section V. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII. of 1822, and IX of 1833 and the Order of Government shall be sufficient authorities for such extension.

Ordered, that the Draft now read, be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 26th day of December next.

Junr. Secy. to the Govt. of India.

ACT No. —— OF 1840.

An Act for the greater uniformity of the process upon Trials for State Offences, and the amendment of such process in certain cases.

I Whereas it is expedient that the rules of process for the trials of state offences should be uniform at the different Presidencies, which at present is not the case; and whereas some of the rules heretofore in force at particular Presidencies appear capable of amendment

It is hereby enacted, that it shall be competent for the ordinary tribunals to try charges of treason, rebellion or other crime against the state according to the competency of such tribunals to award the punishments to which persons guilty of the respective offences may be subject.

II. And it is hereby enacted, that it shall be competent for the Government of any Presidency to issue a commission for the trial of any offences of treason, rebellion or crime against the state by one or more Judges, together with such Law Officers as shall be required and be deemed expedient.

III And it is hereby enacted, that the Courts convened under the preceding Section are to try the prisoners brought before them in the same manner as they would have been tried before the Ordinary Courts; and shall exercise all powers and authorities vested in such Courts, except that their sentence, whether of acquittal or punishment, shall in every instance be reported with their proceedings to the highest Company's Court for Criminal matters of the Presidency, previous to carrying the same into execution; and they are to be guided as to the place where they are to assemble, the persons to be tried by them, and all other particulars not provided for in the Regulations, by the special orders which they may receive from the executive Government, or from the highest Company's Court for Criminal matters in the Presidency.

IV. And it is hereby enacted, that in case of the death, or of the absence from indisposition or other cause, of any of the Judges, or Law Officers of the Courts which may be appointed to try offenders under this Regulation, the remaining Judge or Judges, or Law Officer or Officers, shall be competent to form a Court, and proceed with the trial or trials, until, provision can be made by the Government of the Presidency for supplying the place of such Judge or Judges, or Law Officer or Officers, if any such provision shall be deemed necessary; or, if no such provision be made, the powers and proceedings of the said Courts shall not be affected by the death or absence of such Judge or Judges, or Law Officer or Officers.

V. And it is hereby enacted, that the highest Company's Court for Criminal matters of the respective Presidencies on the receipt of any trials referred to them under this Regulation, are to proceed thereupon according to the rules in force with respect to other trials referred to them; except that they are in every instance to report their sentences to the executive Government of the Presidency for the time being; and are to wait the orders of Government before they direct their sentence to be carried into execution.

And it is hereby enacted, that the Magistrates of the several Zillahs, and Cities, where any person or persons shall be charged with the crimes mentioned in this Regulation, shall give immediate notice thereof to the Government of the Presidency to which their several Districts or Cities belong, and shall pay immediate and strict attention to all orders which may be transmitted to them by their respective Governments for the apprehension of persons charged as aforesaid, or for making any enquiry respecting such persons, or for committing them to take their trials before the Ordinary Courts, or before the Special Courts described in this Regulation

VII And it is hereby enacted that this Act shall not be construed to alter or affect the jurisdiction of any of Her Majesty's Court's of Justice.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India: and as the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

Offg. Post Master General.

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India, considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn: the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

FORT WILLIAM,
SECRET DEPARTMENT,

THE 2D NOVEMBER, 1840.

The following despatches this day received from Major General Sir W. Cotton, K. C. B. and K. C. H, &c., Commanding the Forces in Afghanistan, are published for general information.

By Order of the Right Honorable the Governor General of India in Council,

T. H. MADDOCK, *Secretary to the Govt. of India.*

No. 72.

Affghanistan, Head-Quarters, Camp Cabool, 4th October, 1840.

SIR,

I have now the honor to forward Brigadier Dennie's report of his action with the combined force under Dost Mahomed Khan and the Wullee of Kooloom on the 18th instant.

This official account corrects some inaccuraies in my letter of the 23d, which was framed upon the Brigadier's hurried letter written on the field. Captain Hart, of the Janbazees, was not wounded as at first reported; and it appears that the loss of the enemy, although very severe, was not so great in killed as mentioned in my first account. The rout, however, was complete.

The results of this action have been in all respects most satisfactory and highly conducive to the public interests at a very critical conjuncture, and I cannot but feel sensible that these important consequences are to be attributed to the decision and spirit of the Brigadier's attack when he found himself with so small a force in the presence of the main body of the enemy, and to the gallant bearing of the Troops engaged.

I therefore beg to recommend the Officers and Troops employed on this service to the favorable consideration of the Right Honorable the Governor General.

I have the honor to be, Sir,
Your most obedient Servant,
WILLOUGHBY COTTON, *Major General,*
Commanding the Troops in Affghanistan.

To H. TORRENS, Esq.
Secretary to the Government of India,
Calcutta.

Service. (Copy.)

Camp Bameean, 18th September, 1840.

SIR,—My last communication will have apprized you of our having crossed the Irak Mountain.

At the urgent representations of Dr. Lord, Political Agent, of the proximity of the enemy to Bameean, I continued to press on to its relief by forced marches and arrived here on the 14th instant. That same evening having drawn out the Goorkah Regiment, I disarmed Captain Hopkins' Corps of Afghans, who although loaded, offered no resistance, and this essential duty, I am happy to say, was performed without difficulty. Finding no enemy in the neighbourhood, I proceeded to make arrangements for an advance on Syghan, where it appeared the enemy really was in force.

These measures were, however, rendered unnecessary by his actual but unexpected presence.

Allow me to congratulate you in our having obtained a complete and decisive victory over the conjoint Army of Dost Mahomed Khan and his Usbeg Allies under the Wallee of Koolloom. Last evening I received information from my advanced posts that bodies of Cavalry were entering the valley from the great defile in our front, six miles from hence. Wishing to draw them well on, I did not discourage their approach, but learning this morning that they had attacked a fortified village that was friendly to us, and as these people had claims on our protection, it became necessary to drive off their assailants.

From the reports brought in I was led to conclude that only a few hundred had entered the valley, and therefore took with me only one-third of our force, with a 6-pounder gun and howitzer.

I confess I was taken by surprize, after driving in what proved to be only their advanced party, to find an Army in my Front. To have sent back for reinforcements would have caused delay, and given confidence to the enemy. It would have checked the forward feeling that animated the party with me, and gave assurance of success.

The enemy had got possession of the chain of Forts before us, reaching to the mouth of the defile. They drew up, and attempted to make a stand at each, with the main body, while their wings crowned the heights on either side. In dislodging them from the latter, I am sorry to say the Goorkahs suffered. After four or five vollies, seeing our steady and rapid advance, the whole force appeared to us to lose heart, and fled in a confused mass to the gorge of the Pass. I now ordered the whole of the Cavalry in pursuit, who drove them four miles up the defile, cutting down great numbers and scattering them in all directions, many throwing away their arms, and escaping up the hills.

Of the deserters from Captain Hopkins' Corps, not a few have paid the penalty of their treachery, and their muskets and accoutrements were found in all directions.

The Dost, and his Son Mahomed Ufzul Khan, and the Wallee, owed their escape to the fleetness of their horses, and were last seen with not more than 200 followers around them.

The prisoners report that the ex-Chief was wounded early in the day. His only gun, his kettle drums, with his camp ammunition and provisions, have fallen into our hands.

The number of the Enemy was at least 6000, and those chiefly Usbegs.

I can form no accurate estimate of their killed and wounded, but their loss must have been considerable.

I enclose a list of our Casualties and my Order of the day, in which I have endeavored to express my sense of the conduct of the Officers and men in this brilliant affair.

I have the honor to be, Sir,
Your most obedient Servant,
W. H. DENNIE,
Brigr. Comg. N. Frontier.

ORDERS BY BRIGADIER DENNIE, C. B.

Brigadier Dennie has pride and pleasure in recording his sense of the conduct of the Troops employed against the Enemy yesterday, and congratulating them on the success which rewarded their efforts.

The Brigadier begs to offer his particular thanks to Lieutenant McKenzie, commanding the two pieces of Horse Artillery, to whose admirable practice the result of the day was mainly attributable. He requests that Captains Younghusband and Codrington will receive for themselves, and convey to the Officers and men under their orders, his sense of their merits. Lieutenant Golding, with the Flankers on the heights, deserve by their coolness and steadiness every commendation. Anderson's Horse, led by Lieutenant LeGeyt, severely wounded in the pursuit, distinguished themselves.

The Janbazes, headed by Captain Hart, proved themselves faithful and forward. To Captain Shortreed the Brigadier offers his best acknowledgments for the valuable assistance he afforded, as also to Lieutenant Broadfoot of the Engineers, who gave him his personal attendance.

Captain Arthur Conolly and Lieutenant Rattray, volunteers on the occasion, will be pleased to accept this mark of their zealous exertions being fully appreciated.

Afghanistan, Head Quarters, Camp Cabool, October 1, 1840.

Sir, I have the honor to forward a despatch under date the 29th ultimo, from Major General Sir Robert Sale, K.C.B., containing a detail of the assault and capture on that day of the Fort and Town of Tootumdurra, lately occupied by Ali Khan, a refractory Chief of the Kohistan of Cabool.

The disposition of the Troops and the mode of attack, which were conducted with the Major General's usual skill and vigor, appear to have nullified in a great measure the formidable position of the enemy, and to have produced the most brilliant results with a comparatively trifling loss.

The conduct of the Troops engaged appears to have been most satisfactory, and I beg to recommend the services of the Major General, and the Officers and men employed on this occasion, to the favorable notice of the Right Honorable the Governor General.

I much regret having to report the loss of an intelligent and enterprising Officer, Captain E. Conolly of the 6th Regiment of Light Cavalry, who fell in the advance of the main column of attack. This Officer was originally detached on special duty in the Political Department, and appears to have volunteered his services in the attack.

I have the honor to be, Sir,
Your most obedient Servant,
WILLOUGHBY COTTON, *Major General,*
Commanding the Troops in Afghanistan.

To H. Torrens, Esq.,
Secretary to the Government,
Calcutta.

Camp Tootumdurra, 29th September, 1840.

Sir, At daylight this morning I quitted my encampment at Rohat and was joined at Charekar, 5 miles in advance, by the Detachment under the command of Captain Fraser of the 2nd Lt. Cavalry.

At Charekar I learned from Sir Alexander Burnes that no alteration had taken place in his views, with reference to the expediency of an attack on the Forts at the entrance of the Ghorebund Pass, belonging to Aly Khan, and known by the name of Tootumdurra. I therefore determined to attempt their capture immediately, and moved forward from Charekar at 8 A. M., having the Cavalry in advance.

On arriving in front of Tootumdurra I found the enemy posted in a very strong position—a village surrounded by Garden walls, defended by a small Fort and several detached towers, commanded the undulating ground below the high and steep hills which bound the Ghorebund Pass to the south and a chain of there detached Forts within musket range respectively of the village and each other, extends to the Eastward of the village, one of these Forts, a hexagonal structure, with Towers at the angles, is of considerable strength. The rear or north of the position was defended by a deep canal carried along the high ground above the Ghorebund River, the vale below is entirely covered with gardens, beyond which again rise the rocky hills to the south of the Pass.

A party of the enemy was drawn up in front of the village protected by a mound, a second occupied the face of the hill to the west of the village, and the Towers and Forts were garrisoned by matchlock men, who opened a brisk fire on the party of Cavalry sent on in advance to reconnoitre.

The Grenadier Company of the 37th N. I., a party of H. M. Shah Shuja's 2d Cavalry and two of H. M.'s Guns, 6-Pdrs., under Lieut. Warburton, was directed to clear the Hill to our left, and then to take the position of the Enemy in flank and co-operate with the other parties engaged in clearing the village.

Two Companies of H. M. 13th Light Infantry, under Lieut. Holkham, were detached to the right to take possession of two of the small detached forts, in which operation they were supported by three 9-Pounder guns under Captain Abbott. The fire from these guns was also, as opportunity offered, directed on the Towers and other defences of the village, with the view of dislodging the enemy from their advantageous position and facilitating the advance of the Infantry.

These operations were crowned with complete success.

The principal column of attack consisting of the remainder of H. M. 13th Light Infantry, two Co.'s of the 27th N. I. and the Light Company of the 37th N. I. was then ordered to advance and moved on the village at a rapid pace. The enemy continued their fire till the heads of the Companies were within 50 paces of the walls, when they fled with precipitation across the river and over ground where they could not be followed by the Cavalry.

The Garrison of the large fort seeing the position both to their right and left thus in the possession of our troops, and Captain Abbott's Guns in battery opposite the gate, abandoned the post and escaped through a wicket, which opening to the south was covered from the fire of the Detachment.

Parties of Infantry were sent in pursuit across the valley, and another small Fort on the low ground temporarily occupied, but finding the enemy completely broken and dispersed, these parties were recalled, and I encamped in the vicinity of the Forts, the whole of which were in our possession by 11 A. M.

The accompanying Casualty Return will show that this advantage has been attended by little loss, a fact which I in a great measure attribute to the dread inspired by the excellent practice of the Artillery under the able direction of Captain Abbott, assisted by Lieutenants Maule and Warburton; but I have to lament the loss of Captain Edward Conolly of the 6th Light Cavalry, who joined me in the morning as a Volunteer. He was shot through the heart on our advance against the village.

It is my gratifying duty to express my entire satisfaction with the conduct of the Troops it has fallen to my lot on this occasion to command. The rapid flight of the enemy prevented their sustaining or inflicting much loss, but the steadiness and gallantry with which the Troops advanced was such as to warrant my entertaining the most sanguine hopes of success, even had the really formidable position we attacked been defended to the last.

I am now, at the request of Sir Alexander Burnes, (who accompanied me throughout the operations I have detailed) taking steps for the destruction of the Forts that have fallen into our hands.

To Captain Sanders of the Engineers, I was much indebted for his judicious and scientific observations both during and previous to the commencement of the operations.

Captain Wade of H. M. 13th Light Infantry, my Brigade Major, gave me every assistance in seeing my orders carried into effect.

Though not in the Army, Mr. Wheeler accompanied me as a Volunteer to carry orders, and I had several times occasion to employ him thus.

I have the honor to be, Sir,
your most obedt. Servant,
R. SALE, *M. G.*
Comg. Detachment.

Afghanistan, Head-Quarters, Camp Cabool,
October 6, 1840.

SIR,

I have the honor to forward a copy of despatch from Major General Sir Robert Sale, dated the 5th instant, containing, I am grieved to state, an account of his failure in an attempt to storm the Fort of Julgar on the 3d instant.

It appears from the Major General's despatch that he thought his Artillery had effected a practicable breach, and he accordingly formed a storming party, which, notwithstanding the most determined gallantry of their attack, on reaching the breach, could not effect an entrance owing to the causes mentioned in the despatch.

I lament beyond measure the loss sustained by these brave troops; but considering all the circumstances it does not strike me to be so great as might have been expected.

I regret the Mortars were not available for more timely service.

Although the attack was unfortunately not successful, the conduct of the storming party, consisting of the Detachment of H. M. 13th Light Infantry under Brevet Major Kershaw, and the detachments of the 27th and 37th Regiments of Native Infantry under Captain Rind of the latter Corps, the whole under the Command of Brevet Lieutenant Colonel Tronson of Her Majesty's 13th Light Infantry, appears to have been characterised by the most determined bravery and steady courage. I beg to refer you to the ample details furnished by the letters of Sir Robert Sale and Lieutenant Colonel Tronson, and to recommend the various Officers named to the notice and consideration of the Right Honourable the Governor General.

I much regret to add that the Garrison effected their escape.

I have the honor to be, Sir,
Your most obedient Servant,
WILLOUGHBY COTTON,
Major General,
Commanding the Troops in Affghanistan,

To H. TORRENS, ESQ.
Secretary to Government, Calcutta.

From Major General Sir Robert Sale, K. C. B., Commanding Field Force in Kohistan, to Major General Sir Willoughby Cotton, G. C. B. and K. C. H., Commanding the Troops in Affghanistan, dated Camp Julga, October 5th, 1840.

SIR,

The Political Agent having informed me that several of the Rebel Chieftains had fled to a Fort within 16 miles of my Camp at Chareekar, I determined on attempting to secure them, and with this view directed Captain Anderson with two Squadrons of His Majesty Shah Soojah's Cavalry, the Jan Bazees under Lieutenant Dowson, and about 500 Dooranee Horse, who were placed at my disposal by the Shahzada Timoor, the whole under the direction of Captain Sanders of the Engineers, to proceed to Julga, and endeavour to surround the Fort before any of the Garrison could effect their escape, till such time as I could bring up the Infantry and Artillery to attack the place.

This Detachment marched before 1 A. M. on the morning of yesterday, the 3d instant, and by sunrise succeeded in completely investing the Fort, and placing parties in secure positions in every direction by which the Garrison could effect their escape.

I have to express my obligations to the Officers and Men of His Majesty Shah Soojah's Service by whom this service was effected, am particularly indebted to Captain Anderson for the promptness and rapidity with which his Corps took up their position, and I trust His Majesty will be pleased to make known to his Troops the satisfaction I have expressed at their spirit and good conduct on this occasion.

By 10 A. M. I arrived before the Fort with Her Majesty's 13th Light Infantry and the two Squadrons of the 2d Cavalry—before 11 o'clock 3 Nine-Pounders and a 24-Pounder Howitzer under Captain Abbott came up; about 12, two of His Majesty's 6-Pounders under Lieutenant Warburton also arrived, but the badness of the road unfortunately delayed the Mortars till late in the afternoon, and it was not till 4 P. M. that one of them was brought in play. It was desirable to bring our operations in the attack of this Fort to a close as soon as possible, as from the numerous ravines in its vicinity it would have been extremely difficult to prevent the escape of the Rebels after nightfall, and a fire from the Nine-Pounders was immediately opened on the South-East Tower of the Fort, which by 1 P. M. was greatly dilapidated, when a cessation of their fire was rendered necessary, all the ammunition in the Field having been expended.

At 2 P. M. the fire recommenced, and at 3, the Tower and adjacent Curtain to the East were breached, and the breach to all appearance being exceedingly easy, I resolved on assaulting it without delay.

A Storming Party, commanded by Lieutenant Colonel Tronson, Her Majesty's 13th Light Infantry, consisting of 5 Companies of Her Majesty's 13th Light Infantry under Brevet Major Kershaw of that Corps, and of Detachments of the 27th and 37th Regiments of Native Infantry, commanded by Lieutenant Rind of the latter Regiment, were formed for the purpose in a ravine near the South-East angle, which afforded good cover for the Troops within 150 yards of the Fort, and on the signal being given, the Column advanced to the breach with the greatest steadiness and gallantry. They were met however by the enemy on the crest of the breach with the most determined resistance; a close fire from a numerous body of Matchlock men was opened on the head of the Column from the houses within the Fort, and Powder-bags were thrown in great numbers among the men ascending the breach: many of the leading men were shot dead on the breach, and after a desperate struggle to force an entrance into the Fort, they were with great judgment withdrawn by the Officer Commanding the party to the cover afforded by the adjacent ravine, where they remained till I issued orders for their recall, intending to renew the attack when it might be made by a combined movement against the Breach, Gateway, and Wicket, with better chances of success.

The Enemy, notwithstanding every precaution was taken to intercept them, succeeded in escaping from the Fort before 7 P. M., and at that hour our Troops took possession of it. I am now taking measures for its destruction.

It is with feelings of the deepest regret that I record the loss sustained in our unsuccessful attack. The coolness and spirit displayed by the Officers and Men of the Storming Party demand my warmest thanks, and I cannot express the mortification I experienced in seeing their noble exertions baffled, when on the point of being crowned with success.

To Lieutenant Colonel Tronson, Commanding the Storming Party, I am greatly indebted for his gallant execution of the important duty committed to him. He was nobly seconded by Brevet Major Kershaw of Her Majesty's 13th Light Infantry, whose exertions to surmount the numerous obstacles which impeded the advance were conspicuous. The crest of the breach was at one time attained by four Officers of Her Majesty's 13th Light Infantry—Brevet Major Kershaw, Lieutenant and Adjutant Wood, Lieutenants Edward King and George Wade, and I beg to express my high admiration of their zeal and gallantry.

Captain Abbott and Lieutenant Warburton distinguished themselves in the service of the Artillery, and their performance of the duty on which they were engaged merited my warmest approbation.

I beg also to bring to your favorable notice the assistance I derived from Captain Wade of Her Majesty's 13th Light Infantry, my Brigade Major, for the efficiency and attention displayed by him in carrying my wishes into effect throughout the Service.

Captain Raban, 48th Native Infantry, Commissariat Officer, also gave me high satisfaction in officiating as my Aid-de-Camp during the day, and Mr. Wheeler whose services I have already had occasion to bring to your notice, on this occasion was conspicuous for the steadiness and promptness with which he conveyed my orders under a harassing fire.

I have again to bring to your favorable consideration the able and valuable assistance rendered me by Captain Sanders, Chief Engineer with the Force.

I have, &c.

Assistant Adjutant General.

From Lieutenant Colonel Tronson, Commanding Her Majesty's 13*th Light Infantry, to Major General Sir Robert Sale, K. C. B., dated Camp, October* 3*d*, 1840, 8 P. M.

Sir,

I have the honor to report that having been placed in command of the storming party this day, consisting of five Companies of Her Majesty's 13th Light Infantry under Brevet Major Kershaw, and of Detachments of the 27th and 37th Native Infantry, commanded by Captain Rind, of the 37th, the party proceeded with great regularity and spirit towards the Fort. On nearing the breach, we were assailed by a quick and destructive fire, through which gallantly led by their Officers the party rushed up the breach, which was crowned by Officers and Men in the face of a close and deadly fire, the crest of the breach was gallantly held under this destructive fire for a considerable time by Brevet Major Kershaw, Lieutenant and Adjutant Wood, Lieutenant Edward King and Lieutenant G. Wade, with Sergeant Major Airey; the gallantry of those Officers with their Men called forth at the moment the admiration and cheers of all their comrades. Finding the breach totally impracticable I placed the party under immediate cover and subsequently withdrew them to a Ravine, awaiting the orders of the Major General.

The best consolation and reward of all who were engaged will be the innate conviction of each individual having to the utmost, gallantly done this duty, but as the Commander of this party I feel bound to render my warmest eulogium and thanks to Men and Officers engaged, more particularly to Major Kershaw, whose exertions and gallantry throughout were most conspicuous. I have great pleasure in acknowledging the exertions of Captain Rind and his Adjutant Ensign Mayne, 37th Native Infantry, with their Detachments of the 27th and 37th.

I enclose a list of killed and wounded, which I very deeply regret to find so serious, among them we have lost our most respected and gallant Sergeant Major, who nobly fell at the summit of the breach.

I have, &c.

and Major 13*th Light Infantry.*

The Right Honorable the Governor General in Council has also been pleased to direct the publication, for general information, of the following despatches from Major General Sir W. Cotton, K. C. B. and K. C. H., Commanding the Forces in Affghanistan, which, though received some time ago, have not before been published.

No. 67.

Afghanistan, Head-Quarters, Camp, Cabool, August 22, 1840.

SIR,

I have the honor to forward for the information of the Right Honorable the Governor General the annexed copy of a letter from Lieutenant Colonel Wheeler, Commanding at Kudjah, reporting the attack and punishment of some refractory Chiefs in his neighbourhood.

I have the honor to be,
Sir,
Your most obedient Servant,
W. COTTON, *Major General,*
Commanding the Troops in Afghanistan.

To H. TORRENS, ESQ.
Secretary to the Government of India,
Fort William.

From Lieutenant Colonel Wheeler, C. B., Commanding at Kudjah, to Captain Douglas, Assistant Adjutant General.

No 25. Camp Kudjah, 19th August, 1840.

SIR,

I have the honor to report that in conjunction with Captain Macgregor, Political Agent at this post, I quitted Camp this morning at day break with a 6-pounder of His Majesty Shah Shoojah's Artillery, a Detail 1st European Regiment, consisting of 2 Captains, 2 Lieutenants, 1 Ensign, 5 Sergeants and 85 Rank and File, a Detail of 48th Regiment N. I., consisting of 4 Lieutenants, 1 Ensign, 3 Subadars, 4 Jemadars, 3 Drummers and 319 Rank and File, to punish one of the Chiefs of the [illegible]azeeree Valley who had fired on Captain Macgregor and myself last night whilst making a reconnoissance.

There was great difficulty and delay in bringing the gun to the scene of operations.

We were assailed with a sharp fire from a Fort on our left flank as we advanced, and again by a small Fort immediately commanding the principal object of the movement.

This Fort was carried in fine style by the Grenadier Company 48th Regiment Native Infantry, under Lieutenant Paterson, after which we ran the gun up to the gate of the larger one and blew it open.

After resting the men, and serving out cartridges, I moved on the Fort which had annoyed our flank. Three Companies 48th Native Infantry in extended order, moved in such steady yet rapid style that it was carried before the gun could come up. After collecting the Detachment here we turned on a very strong little Fort from which we had been annoyed, but they had had such a lesson that they would not wait for us, but fled leaving the gate open.

This was all executed by 8 A. M. and I cannot sufficiently express the admiration which the bold and steady conduct of all engaged excited, the Native Troops fully vying with their European brethren.

To Lieutenant Combe, Detachment Staff, I am much indebted, and I beg to bring to the notice of the Major General Commanding, the praiseworthy conduct of Dr. Nisbet, who was most zealous in the discharge of his professional duties, for which I regret to say there were many calls.

I have the honor to enclose a casualty list, and though I regret its extent, I can scarcely pronounce it heavy considering the service performed.

Captain Magregor will no doubt explain to the satisfaction of the Envoy and Minister the necessity under which this movement was made; I can but add that I most fully concur in his views, and feel that had we not attacked these evil disposed chiefs, they would have attacked us at night, as they had threatened, and that without the slightest provocation on our part.

I should be guilty of great ingratitude if I did not bear the fullest testimony to the gallant bearing of Captain Macgregor, who with his usual zeal laid the gun on every occasion, and always with the happiest effect.

I have, &c.

Afghanistan, Head-Quarters, Camp Cabool, August 27, 1840.

SIR,

I have the honor to forward for the information of the Right Honorable the Governor General, a copy of a Letter from Lieutenant Colonel Wheeler, Commanding at Kudjah, giving a further detail of his operations against the Wuzzeerees in his neighbourhood on the morning of the 19th instant, together with an account, as far as can be ascertained, of the loss of the enemy on the occasion: information which was omitted in his former, apparently hurried, Despatch, which was forwarded with my Letter, No. 67, of the 22d instant.

I beg to state that Lieutenant Colonel Wheeler's dispositions for the attack appear to me to have been highly judicious, and to have been followed up with a spirit and gallantry which has led to results highly creditable to the Officers and men engaged, and greatly beneficial to the public interests in that quarter; and that I have expressed to the Lieutenant Colonel and the Troops under his Command, the sense I entertain of the satisfactory manner in which this service has been performed. I beg that you will bring the same, in the strongest terms, to the notice of the Right Honorable the Governor General.

I have the honor to be, Sir,
Your most obedient Servant,
W. COTTON, *Major General,*
Commanding the Troops
in Afghanistan.

To H. TORRENS, ESQ.,
Offg. Secretary to the Government of India,
CALCUTTA.

From Lieutenant Colonel Wheeler, C. B., Commanding at Kudjah, to Captain J. D. Douglas, Assistant Adjutant General.

No. 28, dated Camp Kudjah, 24th August, 1840.

SIR,

In reply to your No. 419 of the 21st instant, I have the honor to state for the information of the Major General Commanding, that I trust the following, with my former dispatch, will place the whole operations of the morning clearly before him.

There is a large isolated Hill about three quarters of a mile long at this end of the Wuzeeree valley, its nearest point being about two miles from my Camp; the first Fort taken is on the declivity of this Hill at the further end, and the second about fifty yards distant, at the base and clear of the hill. The road or rather path led along the bottom of the hill on the left side.

My dispositions were as follows: The Light Company 48th Native Infantry under Ensign Champion, crowned the hill and moved triflingly in advance of the column, in close order, until within 150 yards of the first Fort, when I extended it, and it then advanced without firing, bringing up its right so as to outflank the Fort on that side.

The 6th Company 48th Native Infantry was thrown out in extended order on my left flank and cleared the high corn fields, from which a sharp fire had been opened by the enemy, and continued to advance until they reached within 50 yards of the second Fort.

The main column moved along the path at the base of the hill. The European detail leading, followed by the Detachment 48th, dragging the gun, the Bullocks having been taken out full three hundred yards from the Fort.

On the head of the column arriving within forty yards of the Forts a heavy fire was opened by the

European detail, Light Company, and 6th Company 48th Native Infantry on the Turrets and Walls of the two Forts, which effectually kept down the enemy's fire; during which I got the gun into a favorable position on the side of the hill above the smaller Fort. Finding that it could not be brought to bear on the gate of the smaller Fort, I directed Lieutenant Paterson to concentrate as heavy a volley as he could close on the gate; this had the desired effect, shook the gate, and enabled the Grenadiers of the 48th, under that Officer, to force it and carry the Fort in beautiful style, bayonetting all in it.

I have in my dispatch stated how the second Fort was taken; namely, the Seepahees, now aided by some Europeans, dragged the Gun to the gateway, which was at once burst open and in rushed the gallant fellows I had the honor of commanding.

The third Fort, and the Gardens and Fields around it, were crowded with men; the Light Company extended was thrown out in advance to the right, another company to the left, and a third in the centre. The gun and column following (excepting a Garrison of 40 men left in the Forts taken) these three companies advanced in so steady yet brisk a manner that I found myself with them close under the walls; and made a dash at the gate, which was found open and the Fort evacuated.

The capture of the fourth Fort I have already described, and I must now add two more to the list, one evacuated, close to the second assailed, and the sixth surrendered on terms.

The enemy was in great force, but the rapidity of our movements induced many to remain aloof, ready to give effectual aid had an opportunity offered; their loss is heavy: as far as can be ascertained, three chiefs are killed, also two of their near relations, and about twenty three men; one chief of considerable consequence very badly wounded and about forty men; with the exception of the chiefs, I beg particularly to state that there is no certain information regarding the loss of the enemy, though all admit it to have been great.

I have now the honor to enclose a Casualty Roll shewing two more men of the 48th Native Infantry who were wounded, but thought so little of it that it had never been reported even by themselves, until they were compelled to go to Hospital for their cure.

I have, &c.

N. B. The enemy had made small round holes in the bottom of the Ramparts opposite the gates, through which they made their egress from the Forts. The want of a body of Horse was much felt.

GENERAL ORDERS BY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 28*th October*, 1840.

No. 234 of 1840.—The Right Honorable the Governor General of India in Council directs, that the following paragraphs 8 and 9, of a Military Letter from the Hon'ble the Court of Directors, to the Governor of Bengal, No. 57, dated 12th August 1840, and the Resolution and List therein referred to, be published for general information :

Bengal Letter, 10*th Feb.* 1840, *No* 18

Transmit a Memorial from 2d Lieutenant A Robertson, of Artillery, praying to be allowed to count his service from the period he attained the age of sixteen years.

8. "We forward a copy of the Resolution, dated the 22d November 1837, under which the Cadets who were then in course of instruction at the Military Seminary, and who might thenceforward be appointed to that Institution, are entitled to count the time passed by them at the Seminary, after they obtain the age of sixteen, as so much time passed in India, in calculating their period of service for Retiring Pensions on Full Pay.

9. We also enclose a list of the Officers on your Establishment who are entitled to benefit by this Resolution, specifying the period of time claimable by each."

AT A COURT OF DIRECTORS,

The 22d November, 1837.

Resolved by the Ballot, that having had under consideration the nature and extent of the advantages accorded to the Cadets who receive their education at the Military Seminary by the Court's Resolution of the 4th December, 1833, under which such Cadets on passing their public examination take rank above all Cadets sworn in on direct appointments within the three months preceding the dates of such examination, and by the Orders contained in the Court's Military Circular Despatch of the 17th April, 1816, under which Cadets who pass for Engineers are permitted to reckon the commencement of their service in India from the date at which they would have arrived in that country had they proceeded to their destination instead of remaining to carry on their professional studies at Chatham, the Court are of opinion, that the Cadets studying at the Seminary should be still further protected from the loss which they may be considered to sustain as compared with those who proceed upon direct appointments.

That on adverting to the Regulations framed at the time when Cadets were educated for the Company's Service at the Royal Colleges of Marlow and Woolwich, the Court observe, that such Cadets were placed on the same footing as the Cadets who, not having received their education at those Institutions, proceeded at once to India, and that as "direct" Cadets could then so proceed at the age of fifteen, the period at which the College Cadets should take rank was fixed at fifteen years and a half, thus allowing six months for their arrival in India.

That the Court are of opinion that upon the same principle, Cadets who may continue at the Military Seminary after they have attained the age at which "direct" Cadets may now proceed to India, namely, sixteen years, should not lose the advantage in respect to Retiring Pension on Full Pay which they would derive, if they immediately proceeded to their destination.

That accordingly all the time, during which Cadets actually continue at the Military Seminary after attaining the age of sixteen, and before they pass their public examination (provided they pass within the fixed period of four terms) shall count as a portion of the period, which may eventually entitle them to retire upon Full Pay under the Regulations as now established.

List of the Officers entitled to benefit by the Court's Regulation of the 22d November 1837, *as to time passed at the Seminary, after attaining the age of* 16, *commencing with those who were Students at the Institution when that Regulation was passed.*

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India: and as the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, General Post Office,

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India, considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn: the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India: and as the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, General Post Office,

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India. considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn: the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

By Command,

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

No. 2. Report of the examination of such Opium.

An account of the weight of the Drug when packed at Behar and Benares, and a Statement of the average weight of Six Chests from each dispatch at Calcutta, may be seen on application at the Office of the Secretary to the Board of Customs, Salt and Opium.

16. Four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shewn to the Purchasers on the day of Sale to enable them to judge of the state of preservation in which the Drug has kept.

If the Agents of the French Government shall not make the requisition for Opium within the time abovementioned, the entire quantity of about 18,829 Chests of Behar and Benares Opium as above estimated, will be brought to sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertised for sale at each or any of the five Sales abovementioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

ARTICLE.

Article of the Convention above referred to.

6. "With regard to the "Trade in Opium it is agreed "between the high contracting parties that at each of the periodical Sales of that "Article there shall be reserved for the French Government and delivered upon requisition duly made by the "Agents of His Most Christian Majesty, or by the Persons "duly appointed by them, the number of Chests so applied "for, provided that such supply shall not exceed three "hundred Chests in each year, and the price for the same "shall be determined by the average rate at which Opium "shall have been sold at every such periodical Sale, it "being understood that if the quantity of Opium applied for "at any one time shall not be taken on account of the "French Government by the Agents of His Most Christian "Majesty within the usual period of delivery, the quantity "so applied for shall nevertheless be considered as so "much in reduction of the three hundred Chests herein "before mentioned—the requisitions for Opium as aforesaid are to be addressed to the Governor General at "Calcutta within thirty days after notice of the intended "Sales shall have been published in the Government "Gazette."

By Order of the Board of Customs, Salt and Opium,

W. BRACKEN, *Offg. Secretary.*

East India Army Agency,

CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

SECOND SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, NOVEMBER 18, 1840.

FORT WILLIAM, JUDICIAL DEPARTMENT,

The 2d November, 1840.

The Right Hon'ble the Governor General of India in Council is pleased to direct, that the following Resolution recorded by the Hon'ble the Lieut.-Governor N. W. Provinces, together with the Schedule of Works of Public Utility executed by Individuals at their own private cost within the North Western Provinces during the year 1839, be published for general information, in continuation of those published in the Calcutta Gazette of the 14th October, 1840.

Published by Order of the Right Hon'ble the Governor General of India in Council,

T. H. MADDOCK,

Secy. to the Govt. of India.

Resolution by the Hon'ble the Lieut.-Governor N. W. Provinces, dated the 15th October,

The several functionaries of the North Western Provinces having, in accordance with the provisions of the Resolution of Government, dated the 8th October 1839, furnished a report of the various Works of Public Utility executed by Individuals at their own private cost, during the year 1839, with a list of their names, His Honor the Lieutenant Governor is pleased to record the following observations thereon.

It is satisfactory to His Honor to remark, of the Works reported, that although there are none on a very extensive scale, yet that there are many of great local importance; and which, from their number, form no inconsiderable addition to the operations of public improvement now in progress throughout these Provinces.

To those individuals, who have thus distinguished themselves as public benefactors, the thanks of Government are due; and His Honor expresses a sincere hope, that they will persevere in a course, which is so productive of credit to themselves and advantage to the community at large.

While thus expressing generally his feelings of approbation of these acts of public benevolence, His Honor feels himself bound to select from this honorable body, some individuals, who are in His Honor's opinion, pre-eminently entitled to notice.

Allahabad Division, Zillah Cawnpore.

Jewrakhun Pandy constructed a pucka tank, at a cost of Rupees 5,000, at Musswanpore, Cotwalee Cawnpore.

Benares Division, Azimgurh District.

A public Garden has been formed, surrounded by a Pucka Wall and Pucka Garden House, was projected, liberally supported and managed by Mr. H. C. Tucker, the Officiating Magistrate and Collector.

Ajmere.

Lieutenant J. D. Maonaghten, Ram Pershaud Soth and other individuals subscribed to the amount of Rupees 12,785, which amount, together with Rupees 5,000, presented by Government, were appropriated to cutting a road through a high rocky hill, which will save a circuitous route between Ajmere and Pokhur.

Ram Persaud Soth, likewise constructed from his own resources, a large Pucka Well at Ajmere, at a cost of Rupees 1,000.

His Honor confidently hopes, that the excellent example afforded by these individuals, will be cordially followed by many others; and that thus private munificence may unite with the exertions of the Government, in promoting and executing such works as will bring into action the resources of the country; and add greatly to the comfort and happiness of its inhabitants.

Secy to Govt. N. W. P.

SECOND SUPPLEMENT TO

The Calcutta Gazette.

Published by Authority.

WEDNESDAY, NOVEMBER 18, 1840.

FORT WILLIAM, JUDICIAL DEPARTMENT,

THE 2D NOVEMBER, 1840.

The Right Hon'ble the Governor General of India in Council is pleased to direct, that the following Resolution recorded by the Hon'ble the Lieut.-Governor N W. Provinces, together with the Schedule of Works of Public Utility executed by Individuals at their own private cost within the North Western Provinces during the year 1839, be published for general information, in continuation of those published in the Calcutta Gazette of the 14th October, 1840.

Published by Order of the Right Hon'ble the Governor General of India in Council,

T H. MADDOCK,
Secy. to the Govt. of India.

Resolution by the Hon'ble the Lieut.-Governor N. W. Provinces, dated the 16th October,

The several functionaries of the North Western Provinces having, in accordance with the provisions of the Resolution of Government, dated the 8th October 1839, furnished a report of the various Works of Public Utility executed by Individuals at their own private cost, during the year 1839, with a list of their names, His Honor the Lieutenant Governor is pleased to record the following observations thereon.

It is satisfactory to His Honor to remark, of the Works reported, that although there are none on a very extensive scale, yet that there are many of great local importance; and which, from their number, form no inconsiderable addition to the operations of public improvement now in progress throughout these Provinces.

To those individuals, who have thus distinguished themselves as public benefactors, the thanks of Government are due; and His Honor expresses a sincere hope, that they will persevere in a course, which is so productive of credit to themselves and advantage to the community at large.

While thus expressing generally his feelings of approbation of these acts of public benevolence, His Honor feels himself bound to select from this honorable body, some individuals, who are in His Honor's opinion, pre-eminently entitled to notice.

Allahabad Division,
Zillah Cawnpore.

Jewrakhun Pandy constructed a pucka tank, at a cost of Rupees 5,000, at Muswanpore, Cotwalee Cawnpore.

Benares Division,
Azimgurh District.

A public Garden has been formed, surrounded by a Pucka Wall and Pucka Garden House was projected, liberally supported and managed by Mr. H C. Tucker, the Officiating Magistrate and Collector.

Ajmere.

Lieutenant J D. Macnaghten, Ram Pershaud Seth and other individuals subscribed to the amount of Rupees 12,785, which amount, together with Rupees 5,000, presented by Government, were appropriated to cutting a road through a high rocky hill, which will save a circuitous route between Ajmere and Pokhur.

Ram Persaud Seth, likewise constructed from his own resources, a large Pucka Well at Ajmere, at a cost of Rupees 1,000.

His Honor confidently hopes, that the excellent example afforded by these individuals, will be cordially followed by many others; and that thus private munificence may unite with the exertions of the Government, in promoting and executing such works as will bring into action the resources of the country; and add greatly to the comfort and happiness of its inhabitants.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India: and as the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

H. S. OLDFIELD,
Offg. Post Master General.

Fort William, General Post Office,
the 2d November, 1840.

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India, considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn: the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

By Command,

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

East India Army Agency,

16, CORNHILL, AND 8, ST. MARTIN'S PLACE,
CHARING CROSS.

MESSRS. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to *transact every description of business connected with India and the Colonies.*

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.
Messrs. BINNY & Co. .... Madras.
Messrs. LECKIE & Co. .... Bombay.

THE 19TH NOVEMBER, 1838.

The following revised Terms and Conditions for making Advances in India and China upon Goods and Merchandize consigned to England are published for general information, also the following paragraphs 5 and 6 of the despatch of the Hon'ble Court of Directors, dated 17th August, prescribing the same for future observance:

TERMS AND CONDITIONS

FOR

MAKING ADVANCES IN INDIA AND CHINA,

UPON

The Goods and Merchandize of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

s. d.		
	Per Company's Rupee for Advances made at..................	Bengal.
	Ditto.............. Ditto..............	Madras.
	Ditto.............. Ditto..............	Bombay.
	Per Spanish Dollar Ditto......	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

** Or such public Officers or Authorized Agents of the East India Company as may be specified.*

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freigh and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to Insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to Insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.'

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

3d.—For re-payment of the Advance, Bills of Exchange to be drawn in triplicate, at six months sight, at the rate of—

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freigh and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

* *Or such public Officers or authorized Agents of the East India Company as may be specified.*

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India, and as the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India, considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn: the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

WEDNESDAY, DECEMBER 2, 1840.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 30TH NOVEMBER, 1840.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 30th November 1840, is published for general information.

Read a second time the Draft of proposed Act dated the 3d June 1839, and published in the Calcutta Gazette of the 8th of the same month, for the protection of moveable and immoveable property against wrongful possession in cases of successions.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following amended Draft on the subject, be republished for general information:

ACT No. —— OF 1840.

Act for the protection of moveable and immoveable property against wrongful possession in cases of successions.

I. Whereas much inconvenience has been experienced, where persons have died possessed of moveable and immoveable property, and the same has been taken upon pretended claims of right by gift or succession; the difficulty of ascertaining the precise nature of the moveable property in such cases, the opportunities for misappropriating such property and also the profits of real property, the delays of a regular suit when vexatiously protracted, and the inability of heirs when out of possession to prosecute their rights, affording strong temptations for the employment of force or fraud in order to obtain possession. And whereas, from the above causes, the circumstance of actual possession, when taken upon a succession, does not afford an indication of rightful title equal to that of a decision by a Judge after hearing all parties in a summary suit, though such summary suit may not be sufficient to prevent a party removed from possession thereby from instituting a regular suit,—and whereas such summary suit, though it will take away many of the temptations which exist for assuming wrongful possession upon a succession will be too tardy a remedy for obviating them all, especially as regards moveable property. And whereas it may be expedient prior to the determination of the summary suit to appoint a Curator to take charge of property upon a succession, where there is reason to apprehend danger of misappropriation, waste or neglect, and where such appointment will, in the opinion of the authority making the same, be beneficial under all the circumstances of the case. And whereas it will be very inconvenient to interfere with successions to estates by the appointment of Curators, or by summary suits unless satisfactory grounds for such proceedings shall appear, and unless such proceedings shall be required by or on the behalf of parties giving satisfactory proof that they are likely to be materially prejudiced if left to the ordinary remedy of a regular suit.

It is hereby enacted, that whenever a person dies leaving property, moveable or immoveable, it shall be lawful for any person claiming a right by succession thereto, or to any portion thereof, and being out of possession, to make application to the Judge of the Court of the District where any part of the property is found or situate for relief, either after actual possession has been taken by another person, or when opposition is apprehended.

II. And it is hereby enacted, that it shall be lawful for any agent, relative, or near friend, or for the Court of Wards in cases within then cognizance in the event of any minor disqualified or absent person being entitled by succession to such property as aforesaid, and being out of possession to make the like application for relief.

III. And it is hereby enacted, that the Judge to whom such application shall be made shall, in the first place enquire by the solemn declaration of the complainant, and by witnesses and documents at his discretion, whether there be strong reasons for believing that the party in possession is holding possession unlawfully, and that the applicant, or the person on whose behalf he applies is really entitled, and that the application is made *bonâ fide*.

IV. And it is hereby enacted, that in case the Judge shall be satisfied of the existence of such strong grounds of belief but not otherwise, he shall cite the party in possession and give notice of vacant or disturbed possession by publication, and after the expiration of a reasonable time shall determine summarily the right to possession (subject to regular suit as hereinafter mentioned) and shall deliver possession accordingly—provided always that the Judge shall have the power to appoint an officer who shall take an inventory of effects, and seal or otherwise secure the same upon being applied to for the purpose without delay, whether he shall have concluded the enquiry necessary for citing the party in possession or not.

V. And it is hereby enacted, that in case it shall further appear, upon such application and examination as aforesaid, that danger is to be apprehended of the misappropriation or waste of the property before the summary suit can be determined, and that it is likely to be attended with manifest benefit to the party out of possession, provided he be the lawful owner by succession, and that the delay in obtaining security from the party in possession, or the insufficiency thereof is likely to expose the party out of possession to considerable risk, provided he be the lawful owner; it shall be lawful for the Judge to appoint one or more Curators with the powers hereinafter next mentioned, whose authority shall continue according to the terms of his or their respective appointments, and in no case beyond the determination of the summary suit and the confirmation or delivery of possession in consequence thereof. Provided always that, in the case of land, the Judge may delegate to the Collector or to his officer the powers of a Curator, and also that every appointment of a Curator in respect of any property be duly published.

VI. And it is hereby enacted, that the Judge shall have power to authorize such Curator, either to take possession of the property generally, or until security be given by the party in possession, or until inventories of the property shall have been made, or for any other purpose necessary for securing the property from misappropriation or waste by the party in possession. Provided always, that it shall be entirely discretionary with the Judge, whether he shall allow the party in possession to continue in such possession on giving security, or not, and any continuance in possession shall be subject to such orders as the Judge may issue touching inventories, or the securing of deeds or other effects.

VII. And it is hereby enacted, that the Judge shall exact from the Curator security for the faithful discharge of his trust, and for rendering satisfactory accounts of the same as hereinafter mentioned, and may authorize him to receive out of the property such remuneration as shall appear reasonable, but in no case exceeding 5 per centum on the personal property and on the annual profits of the real property, all surplus monies realized by the Curator shall be paid into Court, and invested in public Securities for the benefit of the persons entitled thereto upon adjudication of the summary suit. Provided always, that although security shall be required from the Curator with all reasonable despatch, and, where it is practicable, shall be taken generally to answer all cases for which the person may be afterwards appointed Curator, yet no delay in the taking of security shall prevent the Judge from immediately investing the Curator with the powers of his office.

VIII. And it is hereby enacted, that in all matters regarding the propriety of citing the party in possession, of appointing a Curator, and of nominating individuals to that appointment, the Judge shall demand a report from the Collector, and the Collector is hereby required to furnish the same. In cases of urgency the Judge may proceed, in the first instance, without such report and he shall not be obliged to act in conformity thereto, but, in case of his acting otherwise than according to such report, he shall immediately forward a statement of his reasons to the Court of Sudder Dewany Adawlut, and the Court of Sudder Dewany Adawlut if they shall be dissatisfied with such reasons shall direct the Judge to proceed conformably to the report of the Collector.

IX. And it is hereby enacted, that the Curator shall be subject to all orders of the Judge regarding the institution or the defence of suits, and that all suits may be instituted or defended in the name of the Curator on behalf of the estate provided that suits concerning the estate which would be triable before the Judge appointing the Curator shall be triable in the Zillah or City Court nearest to that of such Judge

X. And it is hereby enacted, that pending the custody of the property by the Curator, it shall be lawful for the Judge to make such allowances as upon a summary investigation of the rights and circumstances of the parties interested, he shall consider that necessity may require, taking, at his discretion, security for the repayment thereof with interest, in case the party shall, upon the adjudication of the summary suit, appear not to be entitled thereto.

XI. And it is hereby enacted, that the Curator shall file monthly accounts in abstract, and at the period of every three months, if his administration last so long, and upon giving up the possession of the property file a detailed account of his administration to the satisfaction of the Judge.

XII. And it is hereby enacted, that after the Judge of any district shall have appointed any Curator, such appointment shall preclude the Judge of any other district within the same Presidency from appointing any other Curator, provided the first appointment be in respect of the whole of the property of the deceased. But if the appointment be only in respect of a portion of the property of the deceased, this shall not preclude the appointment within the same Presidency of another Curator in respect of the residue or any portion thereof; provided always that no Judge shall appoint a Curator or entertain a summary suit in respect of property which is the subject of a summary suit previously instituted under this Act before another Judge—and provided further, that if two or more Curators be appointed by different Judges for several parts of an estate, it shall be lawful for the Sudder Dewany Adawlut to make such order as it shall think fit for the appointment of one Curator of the whole property.

XIII. And it is hereby provided, that this Act shall not be put in force, unless the aforesaid application to the Judge be made within six months of the decease of the proprietor, whose property is claimed by right in succession.

XIV. And it is hereby enacted, that this Act shall not be put in force to contravene any act of settlement, or in cases in which the deceased proprietor shall have given legal directions for the possession of his property after his decease in the event of minority or otherwise in opposition to such directions, but in every such case so soon as the Judge having jurisdiction over the property of a deceased person, shall be satisfied of the existence of such directions he shall give effect thereto, appointing the person indicated thereby to be Curator under this Act if so desired.

XV. And it is hereby provided, that this Act shall not be put in force, for the purpose of disturbing the possession of the Court of Wards of any Presidency; and in case a minor, or other disqualified person whose property shall be subject to the Court of Wards, shall be the party on whose behalf application is made under this Act, the Judge if he determines to cite the party in possession and also to appoint a Curator, shall invest the Court of Wards with the Curatorship of the estate pending the suit without taking such security as aforesaid, and in case the minor or other disqualified person shall, upon the adjudication of the summary suit appear to be entitled to the property, possession shall be delivered to the Court of Wards.

XVI. And it is hereby provided, that nothing in this Act contained shall be any impediment to the bringing of a regular suit either by the party whose application may have been rejected, before or after citing the party in possession, or by the party who may have been evicted from the possession under this Act.

XVII. And it is hereby enacted, that the decision of the Judge upon the summary suit under this Act shall have no other effect than, that of settling the actual possession; but that for this purpose it shall be final, not subject to any appeal or order for review.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of March next

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 30TH NOVEMBER, 1840.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 30th November 1840, is published for general information.

Read a second time the Draft of a proposed Act dated the 3d June 1839, and published in the Calcutta Gazette of the 8th of the same month, for facilitating the collection of debts on successions, and for the security of parties in paying debts to the representatives of deceased persons.

Resolution—The Right Hon'ble the Governor General in Council resolves that the following amended Draft on the subject, be re-published for general information:

ACT No. —— OF 1840.

Act for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons

I Whereas the use of Probates and Letters of Administration in regard to the property of deceased British subjects and other persons subject to the Supreme Courts, in their Ecclesiastical Jurisdiction, has been found very expedient, as well for enforcing the rights of persons entitled to such property by succession, as also for the security of all persons having transactions with them. And whereas the occasional use of Probates and Letters of Administration in respect of the property of deceased Natives of India, though voluntarily adopted by their representatives for the sake of the advantages arising therefrom, has been attended with much expence and inconvenience, besides creating much legal doubt as to the effect of the authority conferred And whereas it is expedient to give an express legislative sanction to Probates and Letters granted by the Supreme Courts in respect of the property of deceased Natives, and to authorize instruments having the like effect with Probates and Letters of Administration being granted by the Mofussil Courts but, in either case, for the purpose of recovering debts only, and the security of debtors paying the same:—

No debt recoverable without a certificate.

It is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the effects of any deceased person or any part thereof, except on the production of a certificate to be obtained in manner hereinafter mentioned, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled.

Manner of obtaining certificate.

II. And it is hereby enacted, that the Zillah or District Court within the jurisdiction of which any part of the property of the deceased may be found shall have authority to grant a certificate under this Act. The applicant in his petition shall set forth his title. The Judge shall issue notice of application, inviting claimants, and fixing a day for hearing the petition, and in these matters shall proceed as laid down in the Rules in Sections and of Act No. of 1841. (Vide Draft Act respecting curators.)

Effect of certificate.

III. And it is hereby enacted, that the certificate of the District or Zillah Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of certificate.

IV. And it is hereby enacted, that the District or Zillah Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate, whose right to recover the same by regular suit against the holder of the certificate is not affected by this Act.

Decision of Judge how far final.

V. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewanny Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the District or Zillah Judge, grant a fresh certificate in supersession of the certificate granted by the District or Zillah Judge, and such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded.

Local extent of power given by certificate.

VI. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Notes and Dividends.

VII. And it is hereby enacted, that a person certified as aforesaid, may be empowered to receive interest on Government Notes and Dividends on Shares of any Bank or parts thereof, and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividends or to negotiate a share of such Securities. These powers (which shall only arise by express words in the certificate) may be exercised in regard to Government Notes and Certificates of Shares of any Bank, existing within the local jurisdiction of the Supreme Court of that Presidency in which is situate the Court by whom those powers are conferred.

Payments under certificate void by reason of previous certificate.

VIII. And it is hereby enacted, that where a certificate shall have been granted in cases in which such certificate would be valid, but for the previous grant of a certificate, all payments made to the person holding the later certificate in ignorance of the grant of the previous certificate shall be held good against claims under such previous certificate.

Certificate after previous grant of Probate or Letters void.

IX. And it is hereby enacted, with regard to the real and personal property of deceased persons whose personal property may by law pass to their personal representatives without any Probate or Letters of Administration obtained in any of Her Majesty's Courts of Justice, that no certificate in respect of any such real or personal property shall be valid, if made after a Probate or Letters of Administration granted in respect of the same, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court granting the Probate or Letters of Administration.

Bonâ fide payments protected.

X. And it is hereby provided, that where a certificate shall have been granted in cases in which such certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made to the person holding the certificate in ignorance of the previous granting of the Probate or Letters of Administration, shall be held good against claims under the Probate or Letters of Administration so previously granted.

Probate or Letters after previous grant of Certificate.

XI. And it is hereby enacted, that no Probate or Letters of Administration shall be valid for the purpose of the recovery of debts or the security of debtors, after a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court making such appointment or granting such certificate.

Bonâ fide payments protected.

XII. And it is hereby provided, that where Probate or Letters of Administration may have been granted, in cases in which such Probate or Letters of Administration would be valid, but for the previous grant of a certificate, all payments made in ignorance of the previous grant of the certificate shall be held good against claims under such previous certificate.

Effect of Probates and Letters granted to Representatives of Hindoos and others.

XIII. And it is hereby declared and enacted, that all Probates and Letters of Administration granted by any of Her Majesty's Courts in cases in which any assets belonging to deceased persons were, at the time of their deaths, within the jurisdiction of the Court granting the Probate or Letters of Administration, shall have the effect of Probate and Letters of Administration granted in respect of the property of persons whose personal property cannot by law pass to his personal representation without a Probate or Letters of Administration, but for the purpose of the recovery of debts only, and the security of debtors paying the same; except so far as is in this Act provided, and except that this Act shall not be construed to make the taking out of Probate or Letters of Administration necessary for succession to property in any case in which it is not now necessary.

XIV. And it is hereby provided that nothing in this Act contained shall be hold to extend to the real or personal property of any person whose personal property cannot by law pass to the personal representative without a Probate or Letters obtained in one of Her Majesty's Courts of Justice.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 1st day of March next.

Read a second time the Draft of proposed Act dated the 3d June 1839, and published in the Calcutta Gazette of the 8th of the same month, for the protection of moveable and immoveable property against wrongful possession in cases of succession.

Resolution.— The Right Hon'ble the Governor General in Council resolves that the following [illegible] Draft on the subject, be republished for general information:

ACT NO. —— OF 1840.

Act for the protection of moveable and immoveable property against wrongful possession in cases of successions.

I. Whereas much inconvenience has been experienced, where persons have died possessed of moveable and immoveable property, and the same has been taken upon pretended claims of right by gift or succession; the difficulty of ascertaining the precise nature of the moveable property in such cases, the opportunities for misappropriating such property and also the profits of real property, the delays of a regular suit when vexatiously protracted, and the inability of heirs when out of possession to prosecute their rights, affording strong temptations for the employment of force or fraud in order to obtain possession. And whereas, from the above causes, the circumstance of actual possession, when taken upon a succession, does not afford an indication of rightful title equal to that of a decision by a Judge after hearing all parties in a summary suit, though such summary suit may not be sufficient to prevent a party removed from possession thereby from instituting a regular suit,—and whereas such summary suit, though it will take away many of the temptations which exist for assuming wrongful possession upon a succession will be too tardy a remedy for obviating them all, especially as regards moveable property. And whereas it will be very inconvenient to interfere with successions to estates by the appointment of Curators, or by summary suits unless satisfactory grounds for such proceedings shall appear, and unless such proceedings shall be required by or on the behalf of parties giving satisfactory proof that they are likely to be materially prejudiced if left to the ordinary remedy of a regular suit;—

It is hereby enacted, that whenever a person dies leaving property, moveable or immoveable, it shall be lawful for any person claiming a right by succession thereto, or to any portion thereof, and being out of possession, to make application to the Judge of the Court of the District where any part of the property is found or situate for relief, either after actual possession has been taken by another person, or when opposition is apprehended.

II. And it is hereby enacted, that it shall be lawful for any agent, relative, or near friend, or for the Court of Wards in cases within then cognizance in the event of any minor disqualified or absent person being entitled by succession to such property as aforesaid, and being out of possession to make the like application for relief.

III. And it is hereby enacted, that the Judge to whom such application shall be made shall, in the first place enquire by the solemn declaration of the complainant, and by witnesses and documents at his discretion, whether there be strong reasons for believing that the party in possession is holding possession unlawfully, and that the applicant, or the person on whose behalf he applies is really entitled, and that the application is made bonâ fide.

IV. And it is hereby enacted, that in case the Judge shall be satisfied of the existence of such strong grounds of belief but not otherwise, he shall cite the party in possession and give notice of vacant or disturbed possession by publication, and after the expiration of a reasonable time shall determine summarily the right to possession (subject to regular suit as hereinafter mentioned) and shall deliver possession accordingly—provided always that the Judge shall have the power to appoint an officer who shall take an inventory of effects, and seal or otherwise secure the same upon being applied to for the purpose without delay, whether he shall have concluded the enquiry necessary for citing the party in possession or not

V. And it is hereby enacted, that in case it shall further appear, upon such application and examination as aforesaid, that danger is to be apprehended of the misappropriation or waste of the property before the summary suit can be determined, and that it is likely to be attended with manifest benefit to the party out of possession, provided he be the lawful owner by succession, and that the delay in obtaining security from the party in possession, or the insufficiency thereof is likely to expose the party out of possession to considerable risk, provided he be the lawful owner; it shall be lawful for the Judge to appoint one or more Curators with the powers hereinafter next mentioned, whose authority shall continue according to the terms of his or their respective appointments, and in no case beyond the determination of the summary suit and the confirmation or delivery of possession in consequence thereof. Provided always that, in the case of land, the Judge may delegate to the Collector or to his officer the powers of a Curator, and also that every appointment of a Curator in respect of any property be duly published.

VI. And it is hereby enacted, that the Judge shall have power to authorize such Curator, either to take possession of the property generally, or until security be given by the party in possession, or until inventories of the property shall have been made, or for any other purpose necessary for securing the property from misappropriation or waste by the party in possession. Provided always, that it shall be entirely discretionary with the Judge, whether he shall allow the party in possession to continue in such possession, on giving security, or not, and any continuance in possession shall be subject to such orders as the Judge may issue touching inventories, or the securing of deeds or other effects.

VII And it is hereby enacted, that the Judge shall exact from the Curator security for the faithful discharge of his trust, and for rendering satisfactory accounts of the same as hereinafter mentioned, and may authorize him to receive out of the property such remuneration as shall appear reasonable, but in no case exceeding 5 per centum on the personal property and on the annual profits of the real property, all surplus monies realized by the Curator shall be paid into Court, and invested in public Securities for the benefit of the persons entitled thereto upon adjudication of the summary suit. Provided always, that although security shall be required from the Curator with all reasonable despatch, and, where it is practicable, shall be taken generally to answer all cases for which the person may be afterwards appointed Curator, yet no delay in the taking of security shall prevent the Judge from immediately investing the Curator with the powers of his office.

VIII. And it is hereby enacted, that in all matters regarding the propriety of citing the party in possession, of appointing a Curator, and of nominating individuals to that appointment, the Judge shall demand a report from the Collector, and the Collector is hereby required to furnish the same. In cases of urgency the Judge may proceed, in the first instance, without such report and he shall not be obliged to act in conformity thereto, but, in case of his acting otherwise than according to such report, he shall immediately forward a statement of his reasons to the Court of Sudder Dewany Adawlut, and the Court of Sudder Dewany Adawlut if they shall be dissatisfied with such reasons shall direct the Judge to proceed conformably to the report of the Collector.

IX. And it is hereby enacted, that the Curator shall be subject to all orders of the Judge regarding the institution or the defence of suits, and that all suits may be instituted or defended in the name of the Curator on behalf of the estate, provided that suits concerning the estate which would be triable before the Judge appointing the Curator shall be triable in the Zillah or City Court nearest to that of such Judge.

X. And it is hereby enacted, that pending the custody of the property by the Curator, it shall be lawful for the Judge to make such allowances as upon a summary investigation of the rights and circumstances of the parties interested, he shall consider that necessity may require taking, at his discretion, security for the repayment thereof with interest, in case the party shall, upon the adjudication of the summary suit, appear not to be entitled thereto.

XI. And it is hereby enacted, that the Curator shall file monthly accounts in abstract, and at the period of every three months, if his administration last so long, and upon giving up the possession of the property file a detailed account of his administration to the satisfaction of the Judge.

XII. And it is hereby enacted, that after the Judge of any district shall have appointed any Curator, such appointment shall preclude the Judge of any other district within the same Presidency from appointing any other Curator, provided the first appointment be in respect of the whole of the property of the deceased. But if the appointment be only in respect of a portion of the property of the deceased, this shall not preclude the appointment within the same Presidency of another Curator in respect of the residue or any portion thereof; provided always that no Judge shall appoint a Curator or entertain a summary suit in respect of property which is the subject of a summary suit previously instituted under this Act before another Judge—and provided further, that if two or more Curators be appointed by different Judges for several parts of an estate, it shall be lawful for the Sudder Dewany Adawlut to make such order as it shall think fit for the appointment of one Curator of the whole property.

XIII. And it is hereby provided, that this Act shall not be put in force, unless the aforesaid application to the Judge be made within six months of the decease of the proprietor, whose property is claimed by right in succession.

XIV. And it is hereby enacted, that this Act shall not be put in force to contravene any act of settlement, or in cases in which the deceased proprietor shall have given legal directions for the possession of his property after his decease in the event of minority or otherwise in opposition to such directions, but in every such case so soon as the Judge having jurisdiction over the property of a deceased person, shall be satisfied of the existence of such directions he shall give effect thereto, appointing the person indicated thereby to be Curator under this Act if so desired.

XV. And it is hereby provided, that this Act shall not be put in force, for the purpose of disturbing the possession of the Court of Wards of any Presidency; and in case a minor, or other disqualified person whose property shall be subject to the Court of Wards, shall be the party on whose behalf application is made under this Act, the Judge if he determines to cite the party in possession and also to appoint a Curator, shall invest the Court of Wards with the Curatorship of the estate pending the suit without taking such security as aforesaid, and in case the minor or other disqualified person shall, upon the adjudication of the summary suit appear to be entitled to the property, possession shall be delivered to the Court of Wards.

XVI. And it is hereby provided, that nothing in this Act contained shall be any impediment to the bringing of a regular suit either by the party whose application may have been rejected, before or after citing the party in possession, or by the party who may have been evicted from the possession under this Act.

XVII. And it is hereby enacted, that the decision of the Judge upon the summary suit under this Act shall have no other effect than, that of settling the actual possession; but that for this purpose it shall be final, not subject to any appeal or order for review.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of March next

Act for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons

I. Whereas the use of Probates and Letters of Administration in regard to the property of deceased British subjects and other persons subject to the Supreme Courts, in their Ecclesiastical Jurisdiction, has been found very expedient, as well for enforcing the rights of persons entitled to such property by succession, as also for the security of all persons having transactions with them. And whereas the occasional use of Probates and Letters of Administration in respect of the property of deceased Natives of India, though voluntarily adopted by their representatives for the sake of the advantages arising therefrom, has been attended with much expence and inconvenience, besides creating much legal doubt as to the effect of the authority conferred And whereas it is expedient to give an express legislative sanction to Probates and Letters granted by the Supreme Courts in respect of the property of deceased Natives, and to authorize instruments having the like effect with Probates and Letters of Administration being granted by the Mofussil Courts but, in either case, for the purpose of recovering debts only, and the security of debtors paying the same ;—

No debt recoverable without a certificate.

It is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the effects of any deceased person or any part thereof, except on the production of a certificate to be obtained in manner hereinafter mentioned, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexatious motives, and not from any reasonable doubt as to the party entitled.

Manner of obtaining certificate.

II. And it is hereby enacted, that the Zillah or District Court within the jurisdiction of which any part of the property of the deceased may be found shall have authority to grant a certificate under this Act. The applicant in his petition shall set forth his title. The Judge shall issue notice of application, inviting claimants, and fixing a day for hearing the petition, and in these matters shall proceed as laid down in the Rules in Sections and of Act No. of 1841. (Vide Draft Act respecting curators.)

Effect of certificate.

III. And it is hereby enacted, that the certificate of the District or Zillah Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of certificate.

IV. And it is hereby enacted, that the District or Zillah Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate, whose right to recover the same by regular suit against the holder of the certificate is not affected by this Act.

Decision of Judge how far final.

V. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewanny Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the District or Zillah Judge, grant a fresh certificate in supersession of the certificate granted by the District or Zillah Judge, and such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded.

Local extent of power given by certificate.

VI. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Notes and Dividends.

VII. And it is hereby enacted, that a person certified as aforesaid, may be empowered to receive interest on Government Notes and Dividends on Shares of any Bank or parts thereof, and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividends or to negotiate a share of such Securities. These powers (which shall only arise by express words in the certificate) may be exercised in regard to Government Notes and Certificates of Shares of any Bank, existing within the local jurisdiction of the Supreme Court of that Presidency in which is situate the Court by whom those powers are conferred.

Payments under certificate void by reason of previous certificate.

VIII. And it is hereby enacted, that where a certificate shall have been granted in cases in which such certificate would be valid, but for the previous grant of a certificate, all payments made to the person holding the later certificate in ignorance of the grant of the previous certificate shall be held good against claims under such previous certificate.

Certificate after previous grant of Probate or Letters void.

IX. And it is hereby enacted, with regard to the real and personal property of deceased persons whose personal property may by law pass to their personal representatives without any Probate or Letters of Administration obtained in any of Her Majesty's Courts of Justice, that no certificate in respect of any such real or personal property shall be valid, if made after a Probate or Letters of Administration granted in respect of the same, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court granting the Probate or Letters of Administration.

Bonâ fide payments protected.

X. And it is hereby provided, that where a certificate shall have been granted in cases in which such certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made to the person holding the certificate in ignorance of the previous granting of the Probate or Letters of Administration, shall be held good against claims under the Probate or Letters of Administration so previously granted.

Probate or Letters after previous grant of Certificate.

XI. And it is hereby enacted, that no Probate or Letters of Administration shall be valid for the purpose of the recovery of debts or the security of debtors, after a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court making such appointment or granting such certificate.

Bonâ fide payments protected.

XII. And it is hereby provided, that where Probate or Letters of Administration may have been granted, in cases in which such Probate or Letters of Administration would be valid, but for the previous grant of a certificate, all payments made in ignorance of the previous grant of the certificate shall be held good against claims under such previous certificate.

Effect of Probates and Letters granted to Representatives of Hindoos and others.

XIII. And it is hereby declared and enacted, that all Probates and Letters of Administration granted by any of Her Majesty's Courts in cases in which any assets belonging to deceased persons were, at the time of their deaths, within the jurisdiction of the Court granting the Probate or Letters of Administration, shall have the effect of Probate and Letters of Administration granted in respect of the property of persons whose personal property cannot by law pass to his personal representation without a Probate or Letters of Administration, but for the purpose of the recovery of debts only, and the security of debtors paying the same ; except so far as is in this Act provided, and except that this Act shall not be construed to make the taking out of Probate or Letters of Administration necessary for succession to property in any case in which it is not now necessary.

XIV. And it is hereby provided that nothing in this Act contained shall be held to extend to the real or personal property of any person whose personal property cannot by law pass to the personal representative without a Probate or Letters obtained in one of Her Majesty's Courts of Justice.

FORT WILLIAM.
LEGISLATIVE DEPARTMENT,
THE 30TH NOVEMBER, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 30th November, 1840, is hereby promulgated for general information.

ACT No. XXIII. OF 1840.

An Act for executing within the local limits of the jurisdiction of Her Majesty's Courts Legal Process issued by authorities in the Mofussil.

I. Whereas great inconvenience has been experienced, in consequence of the difficulty of procuring the attendance as witnesses before the Mofussil Authorities of persons resident within the local limits of Her Majesty's Supreme Courts, and, in consequence of justice being often frustrated by reason of persons and property within such limits being exempted from process issued by such Authorities, which has also occasioned inconvenience to the inhabitants within such limits, in suits in the Mofussil Courts to which they are parties ;—

It is hereby enacted, that any Writ, Warrant, or other Process issued by any Court, Judge, or Magistrate in the territories beyond the local limits of the Supreme Courts of Calcutta, Madras and Bombay respectively, may be executed within those limits in manner following—A copy of such Writ, Warrant, or other Process authenticated as such by the attestation of the Court, Judge, or Magistrate signing or issuing the same, accompanied by a certified translation in the English language, shall be presented to any Judge of Her Majesty's Courts, who may thereupon, under his hand and signature, indorse and direct the same to be executed within the local limits of any of Her Majesty's Courts by the Sheriff, or by any Justice of the Peace according to the nature of such Writ, Warrant or other Process.

II. And it is hereby provided, that upon the delivery of every such Writ, Warrant or Process so indorsed as aforesaid to any such Sheriff as aforesaid, every such Sheriff shall make a memorandum of the date of such delivery, and shall execute such Writ, Warrant or Process in like manner as if the same had originally issued from any of Her Majesty's Courts and had been delivered at the date as appearing by the memorandum ; and such Sheriff shall make no distinction as to priority or otherwise between the execution of any Writ, Warrant or other Process originally issued from any of Her Majesty's Courts, and the execution of any Writ, Warrant or other Process, under this Act. But every Writ, Warrant and other Process whether original, or indorsed as aforesaid, shall, amongst each other, be subject to the same rules touching the mode and order of execution as are now established in respect of Writs, Warrants, and other Process originally issued from Her Majesty's Courts of Justice.

III. And it is hereby enacted, that every such Sheriff shall be liable to be proceeded against in Her Majesty's Courts of Justice for all matters touching the execution of any Writ, Warrant or other Process executed under this Act, in like manner as if the same had originally issued from any of Her Majesty's Courts of Justice. And all persons and property seized or detained under any Writ, Warrant or Process executed by virtue of this Act shall be dealt with in like manner as if such persons or property had been seized or detained under the like Writ, Warrant or other Process issued from any of Her Majesty's Courts of Justice.

IV. And it is hereby enacted, that all persons disobeying or obstructing the execution of any Writ, Warrant or other Process indorsed under this Act, shall be punishable in Her Majesty's Courts of Justice, in like manner as if the same had issued from such Courts ; Provided always that, in the case of process for the attendance of witnesses, Her Majesty's Courts shall be governed by the like rules touching expences and other matters as are established in regard to Subpœnas issued from such Courts.

V. And it is hereby enacted, in the case of persons seized or detained by virtue of any Writ, Warrant or other Process executed under the authority of this Act by any Justice of the Peace or by any Sheriff, it shall be the duty of every such Sheriff or Justice of the Peace if so required by the indorsement of the Judge, to deliver the party in custody to such authority or persons as shall be particularly specified in such indorsement, and who shall have been charged with the execution of the Writ, Warrant or other Process by the authority originally issuing the same, and for that purpose to cause the party in custody to be conveyed to any place within the Company's territories beyond the local limits of the jurisdiction of Her Majesty's Courts.

VI. And it is hereby provided, that in the case of any Writ, Warrant or other Process required to be indorsed under the authority of this Act, it shall be lawful for the Judge who shall be required to indorse the same, to remit the same for amendment to the authority issuing the same if the same shall appear to be defective in any matter of form.

VII. And it is hereby provided, that in the case of any Writ, Warrant or other Process required to be indorsed under the authority of this Act, for the seizure or detention of any person, it shall be lawful for the Judge who shall be required to indorse the same to direct by indorsement that bail (the amount and number of Sureties to be specified in such indorsement) may be taken ; and for this purpose to call for such documents and to make such enquiry as he shall think proper.

VIII. And whereas it is expedient, that offenders sentenced by the Mofussil authorities to imprisonment with or without hard labour, should be subjected to the most improved rules of prison-discipline, which cannot, in all cases, be conveniently done except in the prisons locally situate within the jurisdiction of Her Majesty's Supreme Courts, it is hereby enacted, that all Civil and Criminal Gaols and Houses of Correction within the jurisdiction of any of Her Majesty's Supreme Courts, shall, according to the nature of the case, be liable to be used by the Sheriff for the purposes of this Act, and the parties imprisoned therein under the authority of this Act shall be liable to the prison-discipline thereof, and all sentences of imprisonment passed by any Judge, Court or Magistrate in the territories of the East India Company beyond the local limits of Her Majesty's Supreme Courts, may be excepted in whole or in part within any of the Gaols or Houses of Correction aforesaid, provided that a copy of the Warrant of Commitment or other Process authorising the imprisonment be so indorsed as aforesaid, and such indorsement contain the necessary directions.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

The Right Hon'ble the Governor General in Council is pleased to order that the following copy of a despatch from Major General Sir R Sale, K. C. B to the address of Major General Sir W. Cotton, G. C. B. and K C. H, Commanding the Troops in Affghanistan, reporting his operations against the Enemy on the 2d ultimo, and the subjoined abstract from a despatch from Major General Nott, to the address of Sir W. Cotton, dated from Kelat the 3d ultimo, be published for general information.

By Order of the Right Hon'ble the Governor General of India in Council,

Secy. to the Govt. of India.

(COPIES,)

TO MAJOR GENERAL
SIR WILLOUGHBY COTTON, G. C B. & K C. H.,
&c. &c. &c.,

SIR, Cabul

Having received intelligence that Dost Mahomed Khan, with a number of armed followers, had taken possession of some Forts in this direction, from which he proposed moving to-day towards the Ghorebund Pass, with the view of effecting a junction with his Son Mahomed Afzul Khan, I determined on endeavoring to frustrate the attempt.

Accordingly at 6 A. M I broke up my Camp at Baian, the Fort of Meer Musjeedee, and moved on this position.

An advanced column, consisting of four Companies of H. M. 13th Light Infantry, the two Flank Companies of the 37th N. I., one Company of the 27th N. I, the two 6-pounders of the Shah's, two Squadrons of the 2d Light Cavalry, and 200 of Anderson's Horse, the whole under the command of Lieutenant Colonel Salter, preceded the main body which was commanded by myself

On approaching Purwan the Forts and Villages were rapidly evacuated by the Enemy who were seen flying to the Hills in great numbers; I cannot compute them at fewer than 500 Horse and 3500 foot; the native reports received swell their numbers to a much higher amount.

Dr. Lord, who accompanied Col. Salter to procure information, sent word that he believed if the Cavalry proceeded in advance they would be able to cut off some of the fugitives, and in compliance with his request the 2d Cavalry were ordered to skirt the hill to the right, while the Shah's Horse under Captain Anderson took post on the left of the Pass, to prevent any of the Enemy attempting to escape in the direction of Ghorebund. The Infantry followed, but their movements were greatly retarded by the Guns, the progress of which was much impeded by the numerous water-courses that intersected the road.

The 2d Cavalry had preceded the column about a mile when a body of the Enemy's Horse, about 200 in number, supposed to be headed by Dost Mahomed in person, came down the Hill to attack them. The Cavalry was formed into Line and led on to the charge by Captains Fraser and Ponsonby, Commanding the two Squadrons. It is my painful duty to record that the gallant bearing of these Officers was but ill seconded by their men, they both found themselves in the midst of the Enemy unsupported by their Troopers, and, after being most severely wounded, extricated themselves with difficulty and found their men flying before the Enemy. I deeply regret to state that Lieutenant Crispin, the Adjutant of the Regiment, was cut down and killed, leading his men into action; Dr Lord was also most unfortunately killed in this affair, and Lieutenant Broadfoot, of the Engineers, who was also in advance, is missing.

Of the gallantry of Captain Fraser and the other Officers of the 2nd Cavalry, who led the Squadrons of the Regiment on this occasion, I cannot speak too highly, and I regret that their noble example and the opportunity offered to the 2nd Cavalry of adding to its laurels, have been thus neglected by them.

The two Flank Companies of the 37th Regiment and one Company of the 27th Regiment, supported by two Guns from Captain Abbott's Battery, and followed by some of the Jaun Bazees, now ascended the hill overlooking the Pass and Valley of Purwan, which was crowded by the Enemy's Infantry, and cleared it in brilliant style, the Enemy deserting their positions one after the other and flying in the direction of the Punjshere Valley, where they still cover the hill side in great numbers.

The Enemy however are at too great a distance to admit of my following up the advantage I have obtained this evening, the whole of the Troops having been under arms for 9 hours. I have therefore encamped on the ground, taking every precaution to guard against a night attack.

I beg to enclose the accompanying Casualty Return, from which you will perceive that, excepting the serious disaster sustained in the affair of the 2nd Cavalry, but little loss has resulted from the day's operations.

I have, &c,

Extract from a Despatch from Major Genl Nott, dated Camp Kelat, November 3d, 1840.

I have the honor to acquaint you for the information of Major General Sir Willoughby Cotton, G. C B, and K. C. H., Commanding in Affghanistan, that the Troops under my Command this morning entered and took possession of the Town and Citadel of Kelat—the rebel Chiefs having evacuated this strong Fortress on the approach of the British Force.

After making the usual and necessary arrangements, I shall deliver the place over to the Political Authorities, leaving a complete Regiment to garrison that important Fortress until the pleasure of Government shall be known.

Although the Bengal Sepoys have not had on the present occasion an opportunity of distinguishing themselves in action with the Enemy, yet I beg to assure you that nothing could be finer than their conduct, the zealous and cheerful manner in which they conveyed the Battering Train during a march of near 300 miles of the most difficult country in the world, dragging these heavy guns over the Kajok Mountains, through beds of rivers and deep ravines, exceeds all praise, and has called forth the admiration of their European Officers and of the European Artillery-men attached to the Battery; their patience under fatigue and privation, and their soldier-like and orderly conduct, deserve my warmest thanks, and their anxious and active zeal to hasten the march, and to encounter the Enemy, has confirmed me in the conviction, that they are, when they perceive that confidence is placed in them, fully equal to any Troops in the world.

I cannot close this letter without bringing to your notice the great assistance I have received from Colonel Stacy, Commanding the 43d Regiment, Major Clarkson, Commanding the 42d Regiment, Captain Macan, Commanding the Troops of His Majesty Shah Shoojah ool Moolk, and my best thanks are due to that excellent Officer Captain William Anderson, in Command of the Artillery, and to Captain T. Walker, Commanding the Cavalry.

My best thanks are also due to Captain Polwhell, Brigade Major, and to Lieutenant Tytler, Deputy Assistant Quarter Master General, for their constant exertions in the public service.

FORT WILLIAM.

LEGISLATIVE DEPARTMENT,

THE 30TH NOVEMBER, 1840.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 30th November 1840, is published for general information.

Read a second time the Draft of proposed Act dated the 3d June 1839, and published in the Calcutta Gazette of the 8th of the same month, for the protection of moveable and immoveable property against wrongful possession in cases of successions.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following amended Draft on the subject, be republished for general information :

ACT NO. —— OF 1840.

Act for the protection of moveable and immoveable property against wrongful possession in cases of successions.

I. Whereas much inconvenience has been experienced, where persons have died possessed of moveable and immoveable property, and the same has been taken upon pretended claims of right by gift or succession; the difficulty of ascertaining the precise nature of the moveable property in such cases, the opportunities for misappropriating such property and also the profits of real property, the delays of a regular suit when vexatiously protracted, and the inability of heirs when out of possession to prosecute their rights, affording strong temptations for the employment of force or fraud in order to obtain possession! And whereas, from the above causes, the circumstance of actual possession, when taken upon a succession, does not afford an indication of rightful title equal to that of a decision by a Judge after hearing all parties in a summary suit, though such summary suit may not be sufficient to prevent a party removed from possession thereby from instituting a regular suit,—and whereas such summary suit, though it will take away many of the temptations which exist for assuming wrongful possession upon a succession will be too tardy a remedy for obviating them all, especially as regards moveable property. And whereas it may be expedient prior to the determination of the summary suit to appoint a Curator to take charge of property upon a succession, where there is reason to apprehend danger of misappropriation, waste or neglect, and where such appointment will, in the opinion of the authority making the same, be beneficial under all the circumstances of the case. And whereas it will be very inconvenient to interfere with successions to estates by the appointment of Curators, or by summary suits unless satisfactory grounds for such proceedings shall appear, and unless such proceedings shall be required by or on the behalf of parties giving satisfactory proof that they are likely to be materially prejudiced if left to the ordinary remedy of a regular suit ;—

It is hereby enacted, that whenever a person dies leaving property, moveable or immoveable, it shall be lawful for any person claiming a right by succession thereto, or to any portion thereof, and being out of possession, to make application to the Judge of the Court of the District where any part of the property is found or situate for relief, either after actual possession has been taken by another person, or when opposition is apprehended.

II. And it is hereby enacted, that it shall be lawful for any agent, relative, or near friend, or for the Court of Wards in cases within then cognizance in the event of any minor disqualified or absent person being entitled by succession to such property as aforesaid, and being out of possession to make the like application for relief.

III. And it is hereby enacted, that the Judge to whom such application shall be made shall, in the first place enquire by the solemn declaration of the complainant, and by witnesses and documents at his discretion, whether there be strong reasons for believing that the party in possession is holding possession unlawfully, and that the applicant, or the person on whose behalf he applies is really entitled, and that the application is made bonâ fide.

IV. And it is hereby enacted, that in case the Judge shall be satisfied of the existence of such strong grounds of belief but not otherwise, he shall cite the party in possession and give notice of vacant or disturbed possession by publication, and after the expiration of a reasonable time shall determine summarily the right to possession (subject to regular suit as hereinafter mentioned) and shall deliver possession accordingly—provided always that the Judge shall have the power to appoint an officer who shall take an inventory of effects, and seal or otherwise secure the same upon being applied to for the purpose without delay, whether he shall have concluded the enquiry necessary for citing the party in possession or not.

V. And it is hereby enacted, that in case it shall further appear, upon such application and examination as aforesaid, that danger is to be apprehended of the misappropriation or waste of the property before the summary suit can be determined, and that it is likely to be attended with manifest benefit to the party out of possession, provided he be the lawful owner by succession, and that the delay in obtaining security from the party in possession, or the insufficiency thereof is likely to expose the party out of possession to considerable risk, provided he be the lawful owner ; it shall be lawful for the Judge to appoint one or more Curators with the powers hereinafter next mentioned, whose authority shall continue according to the terms of his or their respective appointments, and in no case beyond the determination of the summary suit and the confirmation or delivery of possession in consequence thereof. Provided always that, in the case of land, the Judge may delegate to the Collector or to his officer the powers of a Curator, and also that every appointment of a Curator in respect of any property be duly published.

VI. And it is hereby enacted, that the Judge shall have power to authorize such Curator, either to take possession of the property generally, or until security be given by the party in possession, or until inventories of the property shall have been made, or for any other purpose necessary for securing the property from misappropriation or waste by the party in possession. Provided always, that it shall be entirely discretionary with the Judge, whether he shall allow the party in possession to continue in such possession, on giving security, or not, and any continuance in possession shall be subject to such orders as the Judge may issue touching inventories, or the securing of deeds or other effects.

VII. And it is hereby enacted, that the Judge shall exact from the Curator security for the faithful discharge of his trust, and for rendering satisfactory accounts of the same as hereinafter mentioned, and may authorize him to receive out of the property such remuneration as shall appear reasonable, but in no case exceeding 5 per centum on the personal property and on the annual profits of the real property, all surplus monies realized by the Curator shall be paid into Court, and invested in public Securities for the benefit of the persons entitled thereto upon adjudication of the summary suit. Provided always, that although security shall be required from the Curator with all reasonable despatch, and, where it is practicable, shall be taken generally to answer all cases for which the person may be afterwards appointed Curator, yet no delay in the taking of security shall prevent the Judge from immediately investing the Curator with the powers of his office.

VIII. And it is hereby enacted, that in all matters regarding the propriety of citing the party in possession, of appointing a Curator, and of nominating individuals to that appointment, the Judge shall demand a report from the Collector, and the Collector is hereby required to furnish the same. In cases of urgency the Judge may proceed, in the first instance, without such report and he shall not be obliged to act in conformity thereto, but, in case of his acting otherwise than according to such report, he shall immediately forward a statement of his reasons to the Court of Sudder Dewany Adawlut, and the Court of Sudder Dewany Adawlut if they shall be dissatisfied with such reasons shall direct the Judge to proceed conformably to the report of the Collector.

IX. And it is hereby enacted, that the Curator shall be subject to all orders of the Judge regarding the institution or the defence of suits, and that all suits may be instituted or defended in the name of the Curator on behalf of the estate, provided that suits concerning the estate which would be triable before the Judge appointing the Curator shall be triable in the Zillah or City Court nearest to that of such Judge.

X. And it is hereby enacted, that pending the custody of the property by the Curator, it shall be lawful for the Judge to make such allowances as upon a summary investigation of the rights and circumstances of the parties interested, he shall consider that necessity may require, taking, at his discretion, security for the repayment thereof with interest, in case the party shall, upon the adjudication of the summary suit, appear not to be entitled thereto.

XI. And it is hereby enacted, that the Curator shall file monthly accounts in abstract, and at the period of every three months, if his administration last so long, and upon giving up the possession of the property file a detailed account of his administration to the satisfaction of the Judge.

XII. And it is hereby enacted, that after the Judge of any district shall have appointed any Curator, such appointment shall preclude the Judge of any other district within the same Presidency from appointing any other Curator, provided the first appointment be in respect of the whole of the property of the deceased. But if the appointment be only in respect of a portion of the property of the deceased, this shall not preclude the appointment within the same Presidency of another Curator in respect of the residue or any portion thereof; provided always that no Judge shall appoint a Curator or entertain a summary suit in respect of property which is the subject of a summary suit previously instituted under this Act before another Judge—and provided further, that if two or more Curators be appointed by different Judges for several parts of an estate, it shall be lawful for the Sudder Dewany Adawlut to make such order as it shall think fit for the appointment of one Curator of the whole property.

XIII. And it is hereby provided, that this Act shall not be put in force, unless the aforesaid application to the Judge be made within six months of the decease of the proprietor, whose property is claimed by right in succession.

XIV. And it is hereby enacted, that this Act shall not be put in force to contravene any act of settlement, or in cases in which the deceased proprietor shall have given legal directions for the possession of his property after his decease in the event of minority or otherwise in opposition to such directions, but in every such case so soon as the Judge having jurisdiction over the property of a deceased person, shall be satisfied of the existence of such directions he shall give effect thereto, appointing the person indicated thereby to be Curator under this Act if so desired.

XV. And it is hereby provided, that this Act shall not be put in force, for the purpose of disturbing the possession of the Court of Wards of any Presidency; and in case a minor, or other disqualified person whose property shall be subject to the Court of Wards, shall be the party on whose behalf application is made under this Act, the Judge if he determines to cite the party in possession and also to appoint a Curator, shall invest the Court of Wards with the Curatorship of the estate pending the suit without taking such security as aforesaid, and in case the minor or other disqualified person shall, upon the adjudication of the summary suit appear to be entitled to the property, possession shall be delivered to the Court of Wards.

XVI. And it is hereby provided, that nothing in this Act contained shall be any impediment to the bringing of a regular suit either by the party whose application may have been rejected, before or after citing the party in possession, or by the party who may have been evicted from the possession under this Act.

XVII. And it is hereby enacted, that the decision of the Judge upon the summary suit under this Act shall have no other effect than, that of settling the actual possession; but that for this purpose it shall be final, not subject to any appeal or order for review.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of March next

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 30TH NOVEMBER, 1840.

The following Extract from the Proceedings of the Right Hon'ble the Governor General in Council, in the Legislative Department, under date the 30th November 1840, is published for general information

Read a second time the Draft of a proposed Act dated the 3d June 1839, and published in the Calcutta Gazette of the 8th of the same month, for facilitating the collection of debts on successions, and for the security of parties in paying debts to the representatives of deceased persons.

Resolution.—The Right Hon'ble the Governor General in Council resolves that the following amended Draft on the subject, be re-published for general information:

ACT No. —— OF 1840.

Act for facilitating the collection of debts on successions, and for the security of parties paying debts to the representatives of deceased persons.

I. Whereas the use of Probates and Letters of Administration in regard to the property of deceased British subjects and other persons subject to the Supreme Courts, in their Ecclesiastical Jurisdiction, has been found very expedient, as well for enforcing the rights of persons entitled to such property by succession, as also for the security of all persons having transactions with them. And whereas the occasional use of Probates and Letters of Administration in respect of the property of deceased Natives of India, though voluntarily adopted by their representatives for the sake of the advantages arising therefrom, has been attended with much expence and inconvenience, besides creating much legal doubt as to the effect of the authority conferred. And whereas it is expedient to give an express legislative sanction to Probates and Letters granted by the Supreme Courts in respect of the property of deceased Natives, and to authorize instruments having the like effect with Probates and Letters of Administration being granted by the Mofussil Courts but, in either case, for the purpose of recovering debts only, and the security of debtors paying the same;—

No debt recoverable without a certificate.

It is hereby enacted, that no debtor of any deceased person shall be compelled in any Court of Law to pay his debt to any person claiming to be entitled to the effects of any deceased person or any part thereof, except on the production of a certificate to be obtained in manner hereinafter mentioned, unless the Court shall be of opinion that payment of the debt is withheld from fraudulent or vexations motives, and not from any reasonable doubt as to the party entitled.

Manner of obtaining certificate.

II. And it is hereby enacted, that the Zillah or Disriett Court within the jurisdiction of which any part of the property of the deceased may be found shall have authority to grant a certificate under this Act. The applicant in his petition shall set forth his title. The Judge shall issue notice of application, inviting claimants, and fixing a day for hearing the petition, and in these matters shall proceed as laid down in the Rules in Sections   and   of Act No.   of 1841. (Vide Draft Act respecting curators.)

Effect of certificate.

III. And it is hereby enacted, that the certificate of the District or Zillah Judge shall be conclusive of the representative title against all debtors to the deceased, and shall afford full indemnity to all debtors paying their debts to the person in whose favor the certificate has been granted.

Security taken from grantee of certificate.

IV. And it is hereby enacted, that the District or Zillah Judge may take such security as he shall think necessary from any person to whom he shall grant a certificate for rendering an account of debts received by him, and for indemnity of persons who may be entitled to the whole or any part of the monies received by virtue of such certificate, whose right to recover the same by regular suit against the holder of the certificate is not affected by this Act.

Decision of Judge how far final.

V. And it is hereby enacted, that the granting of such certificate may be suspended by an appeal to the Court of Sudder Dewanny Adawlut, which Court may declare the party to whom the certificate should be granted, or may direct such proceedings for the investigation of the title as it shall think fit. The Court may also upon petition, after a certificate shall have been granted by the District or Zillah Judge, grant a fresh certificate in supersession of the certificate granted by the District or Zillah Judge, and such fresh certificate shall not affect any payments made to the person to whom any former certificate may have been granted without notice that the same has been superseded.

Local extent of power given by certificate.

VI. And it is hereby enacted, that every certificate shall give authority to the person to whom the same is granted throughout the Presidency within which the same is granted, and no certificate subsequently granted in respect of the same property shall be valid or effectual, except as hereinafter mentioned.

Government Notes and Dividends.

VII. And it is hereby enacted, that a person certified as aforesaid, may be empowered to receive interest on Government Notes and Dividends on Shares of any Bank or parts thereof, and to negotiate such Securities. He may be also empowered to receive a share of such interest or dividends or to negotiate a share of such Securities. These powers (which shall only arise by express words in the certificate) may be exercised in regard to Government Notes and Certificates of Shares of any Bank, existing within the local jurisdiction of the Supreme Court of that Presidency in which is situate the Court by whom those powers are conferred.

Payments under certificate void by reason of previous certificate.

VIII. And it is hereby enacted, that where a certificate shall have been granted in cases in which such certificate would be valid, but for the previous grant of a certificate, all payments made to the person holding the later certificate in ignorance of the grant of the previous certificate shall be held good against claims under such previous certificate.

Certificate after previous grant of Probate or Letters void.

IX. And it is hereby enacted, with regard to the real and personal property of deceased persons whose personal property may by law pass to their personal representatives without any Probate or Letters of Administration obtained in any of Her Majesty's Courts of Justice, that no certificate in respect of any such real or personal property shall be valid, if made after a Probate or Letters of Administration granted in respect of the same, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court granting the Probate or Letters of Administration.

Bonâ fide payments protected.

X. And it is hereby provided, that where a certificate shall have been granted in cases in which such certificate would be valid, but for a Probate or Letters of Administration previously granted, all payments made to the person holding the certificate in ignorance of the previous granting of the Probate or Letters of Administration, shall be held good against claims under the Probate or Letters of Administration so previously granted.

Probate or Letters after previous grant of Certificate.

XI. And it is hereby enacted, that no Probate or Letters of Administration shall be valid for the purpose of the recovery of debts or the security of debtors, after a certificate granted in respect of the same property for which such Probate or Letters of Administration shall have been granted, provided assets belonging to the deceased were at the time of his death within the jurisdiction of the Court making such appointment or granting such certificate.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 30TH NOVEMBER, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 30th November, 1840, is hereby promulgated for general information.

ACT No. XXIII. OF 1840.

An Act for executing within the local limits of the jurisdiction of Her Majesty's Courts Legal Process issued by authorities in the Mofussil.

I. Whereas great inconvenience has been experienced, in consequence of the difficulty of procuring the attendance as witnesses before the Mofussil Authorities of persons resident within the local limits of Her Majesty's Supreme Courts, and, in consequence of justice being often frustrated by reason of persons and property within such limits being exempted from process issued by such Authorities, which has also occasioned inconvenience to the inhabitants within such limits, in suits in the Mofussil Courts to which they are parties;—

It is hereby enacted, that any Writ, Warrant, or other Process issued by any Court, Judge, or Magistrate in the territories beyond the local limits of the Supreme Courts of Calcutta, Madras and Bombay respectively, may be executed within those limits in manner following—A copy of such Writ, Warrant, or other Process authenticated as such by the attestation of the Court, Judge, or Magistrate signing or issuing the same, accompanied by a certified translation in the English language, shall be presented to any Judge of Her Majesty's Courts, who may thereupon, under his hand and signature, indorse and direct the same to be executed within the local limits of any of Her Majesty's Courts by the Sheriff, or by any Justice of the Peace according to the nature of such Writ, Warrant or other Process.

II. And it is hereby provided, that upon the delivery of every such Writ, Warrant or Process so indorsed as aforesaid to any such Sheriff as aforesaid, every such Sheriff shall make a memorandum of the date of such delivery, and shall execute such Writ, Warrant or Process in like manner as if the same had originally issued from any of Her Majesty's Courts and had been delivered at the date as appearing by the memorandum; and such Sheriff shall make no distinction as to priority or otherwise between the execution of any Writ, Warrant or other Process originally issued from any of Her Majesty's Courts, and the execution of any Writ, Warrant or other Process, under this Act. But every Writ, Warrant and other Process whether original, or indorsed as aforesaid, shall, amongst each other, be subject to the same rules touching the mode and order of execution as are now established in respect of Writs, Warrants, and other Process originally issued from Her Majesty's Courts of Justice.

III. And it is hereby enacted, that every such Sheriff shall be liable to be proceeded against in Her Majesty's Courts of Justice for all matters touching the execution of any Writ, Warrant or other Process executed under this Act, in like manner as if the same had originally issued from any of Her Majesty's Courts of Justice. And all persons and property seized or detained under any Writ, Warrant or Process executed by virtue of this Act shall be dealt with in like manner as if such persons or property had been seized or detained under the like Writ, Warrant or other Process issued from any of Her Majesty's Courts of Justice.

IV. And it is hereby enacted, that all persons disobeying or obstructing the execution of any Writ, Warrant or other Process indorsed under this Act, shall be punishable in Her Majesty's Courts of Justice, in like manner as if the same had issued from such Courts; Provided always that, in the case of process for the attendance of witnesses, Her Majesty's Courts shall be governed by the like rules touching expences and other matters as are established in regard to Subpœnas issued from such Courts.

V. And it is hereby enacted, in the case of persons seized or detained by virtue of any Writ, Warrant or other Process executed under the authority of this Act by any Justice of the Peace or by any Sheriff, it shall be the duty of every such Sheriff or Justice of the Peace if so required by the indorsement of the Judge, to deliver the party in custody to such authority or persons as shall be particularly specified in such indorsement, and who shall have been charged with the execution of the Writ, Warrant or other Process by the authority originally issuing the same, and for that purpose to cause the party in custody to be conveyed to any place within the Company's territories beyond the local limits of the jurisdiction of Her Majesty's Courts.

VI. And it is hereby provided, that in the case of any Writ, Warrant or other Process required to be indorsed under the authority of this Act, it shall be lawful for the Judge who shall be required to indorse the same, to remit the same for amendment to the authority issuing the same if the same shall appear to be defective in any matter of form.

VII. And it is hereby provided, that in the case of any Writ, Warrant or other Process required to be indorsed under the authority of this Act, for the seizure or detention of any person, it shall be lawful for the Judge who shall be required to indorse the same to direct by indorsement that bail (the amount and number of Sureties to be specified in such indorsement) may be taken; and for this purpose to call for such documents and to make such enquiry as he shall think proper.

VIII. And whereas it is expedient, that offenders sentenced by the Mofussil authorities to imprisonment with or without hard labour, should be subjected to the most improved rules of prison-discipline, which cannot, in all cases, be conveniently done except in the prisons locally situate within the jurisdiction of Her Majesty's Supreme Courts, it is hereby enacted, that all Civil and Criminal Gaols and Houses of Correction within the jurisdiction of any of Her Majesty's Supreme Courts, shall, according to the nature of the case, be liable to be used by the Sheriff for the purposes of this Act, and the parties imprisoned therein under the authority of this Act shall be liable to the prison-discipline thereof, and all sentences of imprisonment passed by any Judge, Court or Magistrate in the territories of the East India Company beyond the local limits of Her Majesty's Supreme Courts, may be executed in whole or in part within any of the Gaols or Houses of Correction aforesaid, provided that a copy of the Warrant of Commitment or other Process authorizing the imprisonment be so indorsed as aforesaid, and such indorsement contain the necessary directions.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India: and as the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India. considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn: the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 30th November, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 30th November, 1840, is hereby promulgated for general information.

Act No. XXIII. of 1840.

An Act for executing within the local limits of the jurisdiction of Her Majesty's Courts Legal Process issued by authorities in the Mofussil.

I. Whereas great inconvenience has been experienced, in consequence of the difficulty of procuring the attendance as witnesses before the Mofussil Authorities of persons resident within the local limits of Her Majesty's Supreme Courts, and, in consequence of justice being often frustrated by reason of persons and property within such limits being exempted from process issued by such Authorities, which has also occasioned inconvenience to the inhabitants within such limits, in suits in the Mofussil Courts to which they are parties;—

It is hereby enacted, that any Writ, Warrant, or other Process issued by any Court, Judge, or Magistrate in the territories beyond the local limits of the Supreme Courts of Calcutta, Madras and Bombay respectively, may be executed within those limits in manner following—A copy of such Writ, Warrant, or other Process authenticated as such by the attestation of the Court, Judge, or Magistrate signing or issuing the same, accompanied by a certified translation in the English language, shall be presented to any Judge of Her Majesty's Courts, who may thereupon, under his hand and signature, indorse and direct the same to be executed within the local limits of any of Her Majesty's Courts by the Sheriff, or by any Justice of the Peace according to the nature of such Writ, Warrant or other Process.

II. And it is hereby provided, that upon the delivery of every such Writ, Warrant or Process so indorsed as aforesaid to any such Sheriff as aforesaid, every such Sheriff shall make a memorandum of the date of such delivery, and shall execute such Writ, Warrant or Process in like manner as if the same had originally issued from any of Her Majesty's Courts and had been delivered at the date as appearing by the memorandum; and such Sheriff shall make no distinction as to priority or otherwise between the execution of any Writ, Warrant or other Process originally issued from any of Her Majesty's Courts, and the execution of any Writ, Warrant or other Process, under this Act. But every Writ, Warrant and other Process whether original, or indorsed as aforesaid, shall, amongst each other, be subject to the same rules touching the mode and order of execution as are now established in respect of Writs, Warrants, and other Process originally issued from Her Majesty's Courts of Justice.

III. And it is hereby enacted, that every such Sheriff shall be liable to be proceeded against in Her Majesty's Courts of Justice for all matters touching the execution of any Writ, Warrant or other Process executed under this Act, in like manner as if the same had originally issued from any of Her Majesty's Courts of Justice. And all persons and property seized or detained under any Writ, Warrant or Process executed by virtue of this Act shall be dealt with in like manner as if such persons or property had been seized or detained under the like Writ, Warrant or other Process issued from any of Her Majesty's Courts of Justice.

IV. And it is hereby enacted, that all persons disobeying or obstructing the execution of any Writ, Warrant or other Process indorsed under this Act, shall be punishable in Her Majesty's Courts of Justice, in like manner as if the same had issued from such Courts; Provided always that, in the case of process for the attendance of witnesses, Her Majesty's Courts shall be governed by the like rules touching expences and other matters as are established in regard to Subpœnas issued from such Courts.

V. And it is hereby enacted, in the case of persons seized or detained by virtue of any Writ, Warrant or other Process executed under the authority of this Act by any Justice of the Peace or by any Sheriff, it shall be the duty of every such Sheriff or Justice of the Peace if so required by the indorsement of the Judge, to deliver the party in custody to such authority or persons as shall be particularly specified in such indorsement, and who shall have been charged with the execution of the Writ, Warrant or other Process by the authority originally issuing the same, and for that purpose to cause the party in custody to be conveyed to any place within the Company's territories beyond the local limits of the jurisdiction of Her Majesty's Courts.

VI. And it is hereby provided, that in the case of any Writ, Warrant or other Process required to be indorsed under the authority of this Act, it shall be lawful for the Judge who shall be required to indorse the same, to remit the same for amendment to the authority issuing the same if the same shall appear to be defective in any matter of form.

VII. And it is hereby provided, that in the case of any Writ, Warrant or other Process required to be indorsed under the authority of this Act, for the seizure or detention of any person, it shall be lawful for the Judge who shall be required to indorse the same to direct by indorsement that bail (the amount and number of Sureties to be specified in such indorsement) may be taken; and for this purpose to call for such documents and to make such enquiry as he shall think proper.

VIII. And whereas it is expedient, that offenders sentenced by the Mofussil authorities to imprisonment with or without hard labour, should be subjected to the most improved rules of prison-discipline, which cannot, in all cases, be conveniently done except in the prisons locally situate within the jurisdiction of Her Majesty's Supreme Courts, it is hereby enacted, that all Civil and Criminal Gaols and Houses of Correction within the jurisdiction of any of Her Majesty's Supreme Courts, shall, according to the nature of the case, be liable to be used by the Sheriff for the purposes of this Act, and the parties imprisoned therein under the authority of this Act shall be liable to the prison-discipline, thereof, and all sentences of imprisonment passed by any Judge, Court or Magistrate in the territories of the East India Company beyond the local limits of Her Majesty's Supreme Courts, may be executed in whole or in part within any of the Gaols or House of Correction aforesaid, provided that a copy of the Warrant of Commitment or other Process authorizing the imprisonment be so indorsed as aforesaid, and such indorsement contain the necessary directions.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

WEDNESDAY, DECEMBER 16, 1840.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 7th December, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 7th of December 1840, is hereby promulgated for general information.

Act No. XXIV. of 1840.

For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per-centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per-centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo. 3, Cap. 52, in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;—

It is hereby enacted, that the assessments which by the Statute 33 Geo. 3 Ch. 52 are authorized to be made for the Town of Calcutta, shall be applicable to the following purposes only—viz. lighting, and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always that no rate shall be made exceeding the amount of five per cent. on the assessed value of property without the sanction of the Governor of Fort William in Bengal.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within the following divisions of the Town, or such other divisions as the Governor of Fort William in Bengal may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under their jurisdiction, viz. the 1st or Upper North Division, bounded as follows:

North—by the Mahratta Ditch.
South—by the Mutchooa Bazar Road and Cotton Street to Meerbhur's Ghaut.
East—by the Circular Road.
West—by the River Hooghly.

2d or Lower North Division, bounded as follows:
North—by Mutchooa Bazar Road and Cotton Street, to Meerbhur's Ghaut.
South—by the Boitakhanna and Bow Bazar Road, and Hare Street, to Police Ghaut.
East—by the Circular Road.
West—by the River Hooghly.

3d or Upper South Division, bounded as follows:
North—Boitakhanna, Bow Bazar Road and Hare Street, to Police Ghaut.
South—Durrumtollah Street and Esplanade Row, to Chandpaul Ghaut.
East—Circular Road.
West—River Hooghly.

4th or Lower South Division, bounded as follows:
North—by the Durrumtollah Street and Esplanade Row, to Chandpaul Ghaut.
South—by the Lower Circular Road to Kidderpore Bridge and Tolly's Nullah, to River Hooghly, including the Fort and Cooly Bazar.
East—by the Circular Road.
West—by the River Hooghly.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate-payers of any of such respective divisions shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorise the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of

Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of Distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any Zenana, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

GENERAL POST OFFICE NOTICE.

UNDER the orders of Government, the subjoined Notice to the Public of England, is promulgated for the information of the Public of India; and as the inconveniences described in that Notice, as arising out of the use of sealing wax, for closing letters, are equally experienced in India, it is strongly recommended that the use of wafers be universally adopted as suggested by the English Post Office Authorities.

Offg. Post Master General.

No. 9, 1840.

NOTICE TO THE PUBLIC AND INSTRUCTIONS TO ALL POST MASTERS AND LETTER RECEIVERS.

General Post Office, August 1840.

The practice of sealing letters passing to and from the East and West Indies, and other warm climates, with wax, is attended with much inconvenience, and frequently with serious injury to the letters, in consequence of the melting of the wax and adhesion of the letters to each other.

In the case of a Mail recently received from India, considerable delay was occasioned at this Office, and notwithstanding the greatest care was taken in separating the letters, which, owing to the cause already mentioned, adhered closely together, many were much damaged and torn: the Public are therefore recommended in all possible cases to use wafers in preference to wax in sealing their letters sent to India or other warm climates, and also to advise their correspondents in those countries to pursue the same course.

Post Masters are also enjoined to give every publicity to this caution.

By Command,

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

Offg. Post Master General.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance,—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, triedand vouched for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 7TH DECEMBER, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 7th of December 1840, is hereby promulgated for general Information.

ACT NO. XXIV. OF 1840.

For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta.

I Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per-centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per-centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo. 3, Cap 52, in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;—

It is hereby enacted, that the assessments which by the Statute 33 Geo. 3 Ch. 52 are authorized to be made for the Town of Calcutta, shall be applicable to the following purposes only—viz. lighting, and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always that no rate shall be made exceeding the amount of five per cent. on the assessed value of property without the sanction of the Governor of Fort William in Bengal.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within the following divisions of the Town, or such other divisions as the Governor of Fort William in Bengal may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under their jurisdiction, viz the

1st or Upper North Division, bounded as follows:
North—by the Mahratta Ditch.
South—by the Mutchooa Bazar Road and Cotton Street to Meerbhur's Ghaut.
East—by the Circular Road.
West—by the River Hooghly.

2d or Lower North Division, bounded as follows:
North—by Mutchooa Bazar Road and Cotton Street, to Meerbhur's Ghaut.
South—by the Boitakhanna and Bow Bazar Road, and Hare Street, to Police Ghaut.
East—by the Circular Road
West—by the River Hooghly.

3d or Upper South Division, bounded as follows:
North—Boitakhanna, Bow Bazar Road and Hare Street, to Police Ghaut.
South—Durrumtollah Street and Esplanade Row, to Chandpaul Ghaut
East—Circular Road
West—River Hooghly

4th or Lower South Division, bounded as follows:
North—by the Durrumtollah Street and Esplanade Row, to Chandpaul Ghaut.
South—by the Lower Circular Road to Kidderpore Bridge and Tolly's Nullah, to River Hooghly, including the Fort and Cooly Bazar.
East—by the Circular Road.
West—by the River Hooghly.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate-payers of any of such respective divisions shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorise the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of

Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of Distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any *Zonana*, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

No. 269 of 1840.—His Excellency the Commander in Chief having laid before Government a letter from Major General Sir Willoughby Cotton, G. C. B. and K. C. H., Commanding in Affghanistan, transmitting Medical Certificates, and soliciting permission to resign his Command for the purpose of returning to Europe, for the recovery of his health, the Right Hon'ble the Governor General of India in Council, while he much regrets the retirement of an Officer who has rendered such valuable services to the State, and deeply laments its cause, nevertheless deems it due to the Major General, in consideration of the seriously impaired state of his health, to comply with his solicitation.

The Governor General of India in Council has great satisfaction in expressing the high sense entertained by Government of the ability displayed by Sir W. Cotton in exercising during a period of great difficulty the important Command for which he was selected, and their acknowledgment of the judgment, discretion and vigilance, with which he directed the distribution, and consulted the well being of the troops under his Command.

Duly appreciating the feeling which induced the Major General, notwithstanding the precarious state of his health, to remain at his post, while he deemed his presence necessary, the Governor General of India in Council congratulates Sir W. Cotton, on having before relinquishing his Command, succeeded in surmounting the principal Military difficulties of the task imposed on him.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

The 7th December, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 7th of December 1840, is hereby promulgated for general information.

Act No. XXIV. of 1840.

For amending the Law with respect to rates for Municipal purposes within the Town of Calcutta.

1. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Calcutta shall be applied; and abolish the practice which has hitherto prevailed, of levying five per cent on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the purposes of the rates; such per-centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per-centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expences and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33 Geo. 3, Cap. 52, in regard to assessments for the Town of Calcutta in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;—

It is hereby enacted, that the assessments which by the Statute 33 Geo 3 Ch. 52 are authorized to be made for the Town of Calcutta, shall be applicable to the following purposes only—viz. lighting and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expences, and for making up deficiencies and defaults of every kind whatsoever. Provided always that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor of Fort William in Bengal.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves—the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expences of collection and deficiencies during the preceding quarter within the following divisions of the Town, or such other divisions as the Governor of Fort William in Bengal may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under their jurisdiction, viz. the

1st or Upper North Division, bounded as follows:
North—by the Mahratta Ditch.
South—by the Mutchooa Bazar Road and Cotton Street to Meerbhur's Ghaut.
East—by the Circular Road.
West—by the River Hooghly.

2d or Lower North Division, bounded as follows:
North—by Mutchooa Bazar Road and Cotton Street, to Meerbhur's Ghaut.
South—by the Boitakhanna and Bow Bazar Road, and Hare Street, to Police Ghaut.
East—by the Circular Road
West—by the River Hooghly.

3d or Upper South Division, bounded as follows:
North—Boitakhanna, Bow Bazar Road and Hare Street, to Police Ghaut.
South—Durrumtollah Street and Esplanade Row, to Chandpaul Ghaut.
East—Circular Road.
West—River Hooghly.

4th or Lower South Division, bounded as follows:
North—by the Durrumtollah Street and Esplanade Row, to Chandpaul Ghaut.
South—by the Lower Circular Road to Kidderpore Bridge and Tolly's Nullah, to River Hooghly, including the Fort and Cooly Bazar.
East—by the Circular Road.
West—by the River Hooghly.

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate-payers of any of such respective divisions shall apply to the Governor of Fort William in Bengal to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort William in Bengal to authorise the same accordingly, at his discretion; provided always that such majority of rate-payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor of Fort William in Bengal upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor of Fort William in Bengal, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any Assessment rate or Warrant of Distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and, in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chattles of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any Zenana, the Officer charged with the execution of the Warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

Secy. to the Govt. of India.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

NOTICE.

It having been found expedient to abolish the Noon Despatch of Letters in the North Western Provinces, and as the Mid-day Dak in Bengal has been so little availed of for the conveyance of letters, it has pleased the Right Hon'ble the Governor General in Council to direct its discontinuance in these Provinces also; consequently, the existing system of receiving letters at this Office for the Noon Despatch, will cease on the 1st of the ensuing month of January.

Article of the Convention above referred to.

6. "With regard to the "Trade in Opium it is agreed "between the high contracting parties that at each of the periodical Sales of that "Article there shall be reserved for the French Government and delivered upon requisition duly made by the "Agents of His Most Christian Majesty, or by the Persons "duly appointed by them, the number of Chests so applied "for, provided that such supply shall not exceed three "hundred Chests in each year, and the price for the same "shall be determined by the average rate at which Opium "shall have been sold at every such periodical Sale, it "being understood that if the quantity of Opium applied for "at any one time shall not be taken on account of the "French Government by the Agents of His Most Christian "Majesty within the usual period of delivery, the quantity "so applied for shall nevertheless be considered as so "much in reduction of the three hundred Chests herein "before mentioned—the requisitions for Opium as aforesaid are to be addressed to the Governor General at "Calcutta within thirty days after notice of the intended "Sales shall have been published in the Government "Gazette."

And whereas, in pursuance of such enactments it is expedient to frame such Regulations as are mentioned therein, and the compliance with which shall be required in respect of all ships or vessels not registered, or licensed (for the period of such licence) before the passing of this Act, in order that they may be deemed British ships under such Proclamation as aforesaid;—

It is hereby enacted, that no ship or vessel shall be entitled to any of the privileges or advantages of British ships under such Proclamation as aforesaid (except as regards ships or vessels registered before the passing of this act and as regards ships or vessels belonging to Native Princes or States or their subjects) unless the person or persons claiming property therein shall have caused the same to have been registered at some one of the ports hereinafter mentioned within the territories of the East India Company, and shall have obtained a certificate of such registry from the person or persons authorised to make such registry and grant such certificate as hereinafter directed; the form of which certificate shall be as follows;

II. And it is hereby enacted, that the ports at which registration shall be made, shall be the ports of Calcutta, Madras, Bombay, —, —, —, —, and such other places subordinate to the local Governments of India, as such Governments respectively may, from time to time, declare to be registering ports under this Act. Provided, that ships or vessels built at any place other than any of such ports, shall be allowed to make their first voyage to any of such ports, being the ports at which it is intended they shall be registered, under a certificate to be granted by the principal British Officer at the place where the ship is built, or if there be no British Officer in authority there, then by three merchants of such place, which certificate shall contain all the particulars with regard to the ownership and description of the ships or vessels contained in a certificate of registry, and shall specify the ports at which it is intended that they shall respectively be registered, and which certificate shall have all the effect of a certificate of registry under this Act, during the first voyage from the place of building to the ports at which the ships or vessels respectively, shall be afterwards registered.

III. And it is hereby enacted, that the persons authorized to make such registry, and to grant such certificates as aforesaid, shall be the persons now authorized to make registry of ships or vessels under the Statute 3 and 4 W. 4. Ch. 85, and such other or different persons as the local Governments may from time to time appoint for the ports under their respective Presidencies.

IV. And it is hereby enacted, that at every port where registry shall be made in pursuance of this Act a book shall be kept by the Registering Officer in which all the particulars contained in the form of the certificate of the registry, hereinbefore directed to be used shall be duly entered; and every registry shall be numbered in progression beginning such progressive numeration at the commencement of each and every year. And such Registering Officer shall forthwith, or within one month at the furthest, send to the Government of the Presidency to which he is subordinate a true and exact copy, together with the number of every certificate which shall be by him so granted.

V. And it is hereby enacted, that no registry shall henceforth be made or certificate be granted, until the following declaration be made or subscribed before the Registering Officer, by the owner or major part of the owners of the ship or vessel required to be registered.

I, A. B., of (place of residence and occupation) do truly declare that the ship or vessel (name) of (port or place) whereof (master's name) is at present master, being (kind of built, burthen, et cetera, as described in the certificate of the Surveying Officer) was (when and where) built, and that I the said (A. B.) and the other owners (names and occupations if any and where they respectively reside) am (or are) sole owner (or owners) of the said vessel, and that no other person or persons whatever hath or have any right, title, interest, share, or property therein or thereto; and that I the said (A. B.) and the said other owners (if any) am (or are) truly and bona fide a subject (or subjects) of Her Majesty for whom the Governor General of India in Council has power to legislate, and that no person not being subject as aforesaid, directly or indirectly, hath any share or part interest in the said ship or vessel. Provided that if the Registering Officer shall see occasion to doubt the truth of any of the facts contained in the above declaration he shall not deem such declaration to be conclusive, but may refuse the registry or certificate and his discretion exercised in this behalf shall be subject only to an appeal to the local Government to which he is subordinate.

VI. And it is hereby enacted, that in case the required number of joint owners of any ship or vessel shall not personally attend to make and subscribe the declaration hereinbefore directed to be made and subscribed, then and in such case such owner or owners, as shall personally attend and make and subscribe the declarations aforesaid, shall further declare that the part owner or part owners of such ship or vessel then absent is or are not resident within twenty miles of such port or place, and hath or have not to the best of his or their knowledge or belief, wilfully absented himself or themselves in order to avoid the making the declaration hereinbefore directed to be made and subscribed, or is or are prevented by illness from attending to make and subscribe the said declaration.

VII. And in order to enable the Registering Officer to grant a certificate truly and accurately describing every ship or vessel to be registered in pursuance of this Act, and also to enable all other Officers of Customs on due examination, to discover whether any such ship or vessel is the same with that for which a certificate is alleged to have been granted, it is hereby enacted, that previous to the registering or granting of any certificate of registry as aforesaid some one or more person or persons appointed by the local Governments respectively, taking to his or their assistance if he or they shall judge it necessary, one or more person or persons skilled in the building and admeasurement of ships, shall go on board of every such ship or vessel that is to be registered, and shall strictly and accurately examine and measure every such ship or vessel as to all and every particular contained in the form of the certificate hereinbefore directed in the presence of the master, or of any other person who shall be appointed for that purpose on the part of the owener or owners, or in his or their absence by the said master, and shall deliver a true and just account in writing of all such particulars of the built, description, and admeasurement of every such ship or vessel as are specified in the form of the certificate above recited to the Collector authorized as aforesaid to make such registry and grant such certificate of registry; and the said master or other person attending on the part of the owner or owners is hereby required to sign his name also to the certificate of such Surveying or Examining Officer, in testimony of the truth thereof, provided such master or other person shall consent and agree to the several particulars set forth and described therein.

VIII. And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rule; (that is to say) divide the length of the upper deck between the afterpart of the stem and the forepart of the stern post into six equal parts. Depths; at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the limber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths; divide each of those three depths into five equal parts and measure the inside breadths at the following points videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length; at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the result as above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

IX. And it is hereby enacted, that the tonnage or burthen of every ship belonging to the United Kingdom, ascertained in the manner hereinbefore directed, shall, in respect of any such ship which shall be registered after the commencement of this Act (except as hereinafter excepted,) be inserted in the certificate of the registry thereof, and be taken and deemed to be the tonnage or burthen thereof for all the purposes of the said recited Act.

X. And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

XI. And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel, and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

XII. And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to the skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ships.

XIII. And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the main beam of every such ship or vessel, prior to her being registered.

XIV. And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rule herein prescribed (except in the case of ships or vessels which have been admeasured afloat) such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the form of burthen of such ship or vessel, or it shall be discovered that the tonnage of such ship or vessel had been erroneously taken and computed.

XV. And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted such certificate shall thenceforth be utterly void, and the master or any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence shall be liable upon conviction by information to a penalty not exceeding 10,000 rupees, and that in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost and forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process or law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered de novo, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port, in default whereof the master shall be liable on conviction before a Justice of the Peace in a penalty not exceeding 5,000 rupees. And that if any person not being such subject as aforesaid shall purchase or otherwise become entitled to the whole or to any part or share of or any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the person or persons hereinbefore authorized to make registry and grant certificate of registry at such port or place respectively as aforesaid, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then that the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company, in default whereof the master shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees.

XVI. And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner hereinbefore directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificates of registry at the port where such change shall take place if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon indorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. But if the change do not take place in any port within the territories of the East India Company, then such delivery, memorandum and indorsement shall be made and notice given at the first port within the territories of the East India Company at which the new master shall arrive after such change. In default of which delivery of the certificate such new master shall be liable on conviction before a Justice of the Peace, to a penalty not exceeding 5,000 rupees.

XVII. And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel, to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground on some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the port to which she belongs in a distinct and legible manner, and shall so keep and preserve the same, and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be done or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered pursuant to this Act, or shall verbally describe, or cause or procure or permit such ship or vessel to be described by any other name to any Officer or Officers of Revenue in the due execution of his or their duty, then and in every such case the certificate of registry shall thenceforth become utterly void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on information to a penalty not exceeding 1,000 rupees.

XVIII And it is hereby enacted, that all and every person and persons who shall apply for a certificate of the registry of any ship or vessel shall, and they are hereby required to produce to the person or persons authorized to grant such certificate, a true and full particular under the hand of the builder of such ship or vessel, or in case the want of such certificate can be satisfactorily accounted for, then to produce other sufficient evidence of the proper denomination, and of the time when and the place where such ship or vessel was built, and also an exact account of the tonnage of such ship or vessel, and shall also make and subscribe a declaration before the person or persons hereinbefore authorized to grant such certificate that the ship or vessel for which such certificate is required is the same with that which is so described by the builder as aforesaid.

XIX. And it is hereby enacted, that if the certificate of registry of any ship or vessel shall be lost or mislaid, so that the same cannot be found or obtained for the use of such ship or vessel when needful, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship is registered, such Officer shall and may permit such ship or vessel to be registered de novo, and a certificate thereof to be granted. Provided always that if such ship or vessel be absent and far distant from the port to which she belongs, or by reason of the absence of the owner or owners, or of any other impediment, registry of the same cannot then be made in sufficient time, such Registering Officer shall and may grant a license for the present use of such ship or vessel, which license shall for the time and to the extent specified therein, and no longer, be of the same force and virtue as a certificate of registry granted under this Act. Provided always that if the certificate of registry shall at any time afterwards be found, the same shall be forthwith delivered to the proper Officers of Customs to be cancelled, and that no illegal use be made of the same, in default whereof the original certificate and the renewed certificate or license shall thenceforth become utterly void, and any person wilfully detaining the certificate so required to be cancelled, or making any illegal use thereof, shall be liable on conviction before any Justice in a penalty not exceeding 5000 rupees.

XX. And whereas it is not proper that any person under any pretence whatever should detain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained by any means or for any purpose whatever the certificate of the registry of any such ship or vessel (whether such person shall claim to be the master or to be the owner or one of the owners of such ship or vessel, or not,) shall wilfully detain and refuse to deliver up the same to the proper Officers of Customs, for the purposes of such ship or vessel, as occasion shall require, or to the person or persons having the actual command, possession, and management of such ship or vessel as the ostensible and reputed master, or as the ostensible and reputed owner or owners thereof, it may and shall be lawful to and for any such last mentioned person to make complaint on oath of such detainer and refusal to any Justice of the Peace residing near to the place where such detainer and refusal shall be, and on such complaint the said Justice shall and is hereby required by warrant under his hand and seal, to cause the person so complained against to be brought before him to be examined touching such detainer and refusal, and if it shall appear to the said Justice on examination of such person or otherwise that the said certificate of registry is not lost or mislaid, but is wilfully detained by the said person, such person shall be subject on conviction before such Justice to a penalty not exceeding 1 000 rupees, and the said Justice shall, and he is hereby required to certify the aforesaid detainer, refusal, and conviction to the person or persons who granted such certificate of registry for such ship or vessel who shall, on the terms and conditions of law being complied with make registry of such ship or vessel de novo, and grant a certificate thereof conformably to law, notifying on the back of such certificate the ground upon which the ship or vessel was so registered de novo; and if the person who shall have detained and refused to deliver up such certificate of registry as aforesaid, or shall be verily believed to have detained the same, shall have absconded so that the said warrant of the Justice cannot be executed upon him, and proof thereof shall be made to the satisfaction of the Registering Officer, of the port at which the ship or vessel was registered, it shall be lawful for the said Officer to permit such ship or vessel to be registered de novo, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided in the case wherein the certificate of registry is lost or mislaid.

XXI. And it is hereby enacted, that if any ship or vessel, after she shall have been registered pursuant to the directions of this Act, shall in any manner whatever be altered so as not to correspond with all the particulars contained in the certificate of her registry, in such case such ship or vessel shall be registered de novo, in manner hereinbefore required as soon as she returns to the port to which she belongs, or to any other port within the territories of the East India Company, on failure whereof such ship or vessel shall to all intents and purposes be considered and deemed and taken to be a ship or vessel *not duly registered.*

XXII. And whereas great inconvenience may arise from the Registering Officers being served with subpœnas requiring them to bring with them and produce, on trials in Courts of Law relative to the ownership of vessels, or otherwise the declarations required to be taken by the owners thereof prior to the registering thereof, and the books of registry, or copies or extracts therefrom. And whereas it would tend much to the dispatch of business if the attendance of such Registering Officers with the same upon such trials were dispensed with, it is therefore hereby enacted, that the Registering Officer at any port or place, and the person or persons acting for them respectively, shall, upon every reasonable request by any person or persons whomsoever, produce and exhibit for his, her or their inspection and examination any declaration made by any such owner or owners, and also any register or entry in any book or books of registry required, and shall upon every reasonable request by any person or persons whomsoever, permit him, her, or them to take a copy or copies, or an extract or extracts thereof respectively, and that the copy and copies of any such oath or declaration, registry or entry, shall upon being proved to be true copy or copies thereof respectively, be allowed and received as evidence upon every trial at law, without the production of the original or originals, and without the testimony or attendance of any Registering Officer, or other person or persons acting for them respectively, in all cases, as fully and to all intents and purposes as such original or originals if produced by any Registering Officer, or other person or persons acting for them, could or might legally be admitted or received in evidence.

XXIII. And it is hereby enacted, that if any person or persons shall falsely make declaration to any of the matters hereinbefore required to be verified by declaration, or if any person or persons shall counterfeit, erase, alter, or falsify any certificate or other instrument in writing required or directed to be obtained, granted, or produced by this Act, or shall knowingly or wilfully make use of any certificate or other instrument so counterfeited, erased, altered, falsified, or shall wilfully grant such certificate or other instrument in writing, knowing it to be false, such person or persons shall for every such offence be liable on conviction upon information to a penalty not exceeding 10,000 rupees. And if any such offence be committed by the owner of any ship or vessel, the certificate or license of such ship or vessel shall thenceforth be wholly void.

XXIV. It is hereby enacted, that when any ship or vessel duly registered under this Act, or sailing under the British Navigation Law, shall come to be owned, by a Native Prince or State, or by any subject of such Native Prince or State, it shall be lawful for the Governor of Fort William in Bengal, or for the Governor in Council of any Presidency, to continue to such vessel the privilege of a British ship by a pass to be issued under the Company's Seal and subscribed by a Secretary to Government, stating the voyage or voyages for which the same is to have effect, and the period for which it is to last; and it shall be lawful for the Governor of Fort William in Bengal, or the Governor in Council of any Presidency, to issue a similar pass conferring the privileges of a British ship under this Act to any ship or vessel built within the dominions of such Native Prince or State, and owned by such Prince or State, or by any of their subjects, provided always, that the ships belonging to Native Princes or States, or their subjects, in respect of which passes may be granted under this Act shall, during the voyage or voyages, or the period for which any such pass shall be granted be commanded by a subject of Her Majesty for whom the Governor General in Council has power to legislate.

XXV. And it is hereby enacted, that the fees demandable in respect of the granting any certificate or pass under this Act shall be fixed from time to time according to the directions of the Governor General in Council, but so that the same shall not exceed the amount of fees now payable for registering or granting passes to ships or vessels at the different Presidencies.

OVERLAND LETTERS AND POSTAGE

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

Provided, that ships or vessels built at any place other than any of such ports, shall be allowed to make their first voyage to any of such ports, being the ports at which it is intended they shall be registered, under a certificate to be granted by the principal British Officer at the place where the ship is built, or if there be no British Officer in authority there, then by three merchants of such place, which certificate shall contain all the particulars with regard to the ownership and description of the ships or vessels contained in a certificate of registry, and shall specify the ports at which it is intended that they shall respectively be registered, and which certificate shall have all the effect of a certificate of registry under this Act, during the first voyage from the place of building to the ports at which the ships or vessels respectively, shall be afterwards registered.

III. And it is hereby enacted, that the persons authorized to make such registry, and to grant such certificates as aforesaid, shall be the persons now authorized to make registry of ships or vessels under the Statute 3 and 4 W. 4, Ch. 55, and such other or different persons as the local Governments may from time to time appoint for the ports under their respective Presidencies.

IV. And it is hereby enacted, that at every port where registry shall be made in pursuance of this Act a book shall be kept by the Registering Officer in which all the particulars contained in the form of the certificate of the registry hereinbefore directed to be used shall be duly entered; and every registry shall be numbered in progression beginning such progressive numeration at the commencement of each and every year. And such Registering Officer shall forthwith, or within one month at the furthest, send to the Government of the Presidency to which he is subordinate a true and exact copy, together with the number of every certificate which shall be by him so granted.

V. And it is hereby enacted, that no registry shall henceforth be made or certificate be granted, until the following declaration be made or subscribed before the Registering Officer, by the owner or major part of the owners of the ship or vessel required to be registered.

I, A. B., of (place of residence and occupation) do truly declare that the ship or vessel (name) of (port or place) whereof (master's name) is at present master, being (kind of built, burthen, et cetera, as described in the certificate of the Surveying Officer) was (when and where) built, and that I the said (A. B.) and the other owners (names and occupations if any and where they respectively reside) am (or are) sole owner (or owners) of the said vessel, and that no other person or persons whatever hath or have any right, title, interest, share, or property therein or thereto; and that I the said (A. B.) and the said other owners (if any) am (or are) truly and bona fide a subject (or subjects) of Her Majesty for whom the Governor General of India in Council has power to legislate, and that no person not being subject as aforesaid, directly or indirectly, hath any share or part interest in the said ship or vessel. Provided that if the Registering Officer shall see occasion to doubt the truth of any of the facts contained in the above declaration he shall not deem such declaration to be conclusive, but may refuse the registry or certificate and his discretion exercised in this behalf shall be subject only to an appeal to the local Government to which he is subordinate.

VI. And it is hereby enacted, that in case the required number of joint owners of any ship or vessel shall not personally attend to make and subscribe the declaration hereinbefore directed to be made and subscribed, then and in such case such owner or owners, as shall personally attend and make and subscribe the declarations aforesaid, shall further declare that the part owner or part owners of such ship or vessel then absent is or are not resident within twenty miles of such port or place, and hath or have not to the best of his or their knowledge or belief, wilfully absented himself or themselves in order to avoid the making the declaration hereinbefore directed to be made and subscribed, or is or are prevented by illness from attending to make and subscribe the said declaration.

VII. And in order to enable the Registering Officer to grant a certificate truly and accurately describing every ship or vessel to be registered in pursuance of this Act, and also to enable all other Officers of Customs on due examination, to discover whether any such ship or vessel is the same with that for which a certificate is alleged to have been granted, it is hereby enacted, that previous to the registering or granting of any certificate of registry as aforesaid some one or more person or persons appointed by the local Governments respectively, taking to his or their assistance if he or they shall judge it necessary, one or more person or persons skilled in the building and admeasurement of ships, shall go on board of every such ship or vessel that is to be registered, and shall strictly and accurately examine and measure every such ship or vessel as to all and every particular contained in the form of the certificate hereinbefore directed in the presence of the master, or of any other person who shall be appointed for that purpose on the part of the owner or owners, or in his or their absence by the said master, and shall deliver a true and just account in writing of all such particulars of the built, description, and admeasurement of every such ship or vessel as are specified in the form of the certificate above recited to the Collector authorized as aforesaid to make such registry and grant such certificate of registry; and the said master or other person attending on the part of the owner or owners is hereby required to sign his name also to the certificate of such Surveying or Examining Officer, in testimony of the truth thereof, provided such master or other person shall consent and agree to the several particulars set forth and described therein.

VIII. And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rule; (that is to say) divide the length of the upper deck between the afterpart of the stem and the forepart of the stern post into six equal parts. Depths; at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the limber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths; divide each of those three depths into five equal parts and measure the inside breadths at the following points videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length; at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the result as above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

IX. And it is hereby enacted, that the tonnage or burthen of every ship belonging to the United Kingdom, ascertained in the manner hereinbefore directed, shall, in respect of any such ship which shall be registered after the commencement of this Act (except as hereinafter excepted,) be inserted in the certificate of the registry thereof, and be taken and deemed to be the tonnage or burthen thereof for all the purposes of the said recited Act.

X. And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

XI. And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel, and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

XII. And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to be skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ships.

XIII. And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the main beam of every such ship or vessel, prior to her being registered.

XIV. And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rule herein prescribed (except in the case of ships or vessels which have been admeasured afloat) such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the form of burthen of such ship or vessel, or it shall be discovered that the tonnage of such ship or vessel had been erroneously taken and computed.

XV. And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted such certificate shall thenceforth be utterly void, and the master or any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence shall be liable upon conviction by information to a penalty not exceeding 10,000 rupees, and that in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost and forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process or law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered de novo, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port, in default whereof the master shall be liable on conviction before a Justice of the Peace in a penalty not exceeding 5,000 rupees. And that if any person not being such subject as aforesaid shall purchase or otherwise become entitled to the whole or to any part or share of or any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the person or persons hereinbefore authorized to make registry and grant certificate of registry at such port or place respectively as aforesaid, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then that the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company, in default whereof the master shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees.

XVI. And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner hereinbefore directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificates of registry at the port where such change shall take place if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon indorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. But if the change do not take place in any port within the territories of the East India Company, then such delivery, memorandum and indorsement shall be made and notice given at the first port within the territories of the East India Company at which the new master shall arrive after such change. In default of which delivery of the certificate such new master shall be liable on conviction before a Justice of the Peace, to a penalty not exceeding 5,000 rupees.

XVII. And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel, to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground on some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the port to which she belongs in a distinct and legible manner, and shall so keep and preserve the same, and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be done or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered pursuant to this Act, or shall verbally describe, or cause or procure or permit such ship or vessel to be described by any other name to any Officer or Officers of Revenue in the due execution of his or their duty, then and in every such case the certificate of registry shall thenceforth become utterly void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on information to a penalty not exceeding 1,000 rupees.

XVIII. And it is hereby enacted, that all and every person and persons who shall apply for a certificate of the registry of any ship or vessel shall, and they are hereby required to produce to the person or persons authorized to grant such certificate, a true and full particular under the hand of the builder of such ship or vessel, or in case the want of such certificate can be satisfactorily accounted for, then to produce other sufficient evidence of the proper denomination, and of the time when and the place where such ship or vessel was built, and also an exact account of the tonnage of such ship or vessel, and shall also make and subscribe a declaration before the person or persons hereinbefore authorized to grant such certificate that the ship or vessel for which such certificate is required is the same with that which is so described by the builder as aforesaid.

XIX. And it is hereby enacted, that if the certificate of registry of any ship or vessel shall be lost or mislaid, so that the same cannot be found or obtained for the use of such ship or vessel when needful, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship is registered, such Officer shall and may permit such ship or vessel to be registered de novo, and a certificate thereof to be granted. Provided always that if such ship or vessel be absent and far distant from the port to which she belongs, or by reason of the absence of the owner or owners, or of any other impediment, registry of the same cannot then be made in sufficient time, such Registering Officer shall and may grant a license for the present use of such ship or vessel, which license shall for the time and to the extent specified therein, and no longer, be of the same force and virtue as a certificate of registry granted under this Act. Provided always that if the certificate of registry shall at any time afterwards be found, the same shall be forthwith delivered to the proper Officers of Customs to be cancelled, and that no illegal use be made of the same, in default whereof the original certificate and the renewed certificate or license shall thenceforth become utterly void, and any person wilfully detaining the certificate so required to be cancelled, or making any illegal use thereof, shall be liable on conviction before any Justice in a penalty not exceeding 5000 rupees.

XX. And whereas it is not proper that any person under any pretence whatever should detain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained by any means or for any purpose whatever the certificate of the registry of any such ship or vessel (whether such person shall claim to be the master or to be the owner or one of the owners of such ship or vessel, or not,) shall wilfully detain and refuse to deliver up the same to the proper Officers of Customs, for the purposes of such ship or vessel, as occasion shall require, or to the person or persons having the actual command, possession, and management of such ship or vessel as the ostensible and reputed master, or as the ostensible and reputed owner or owners thereof, it may and shall be lawful to and for any such last mentioned person to make complaint on oath of such detainer and refusal to any Justice of the Peace residing near to the place where such detainer and refusal shall be, and on such complaint the said Justice shall and is hereby required by warrant under his hand and seal, to cause the person so complained against to be brought before him to be examined touching such detainer and refusal, and if it shall appear to the said Justice on examination of such person or otherwise that the said certificate of registry is not lost or mislaid, but is wilfully detained by the said person, such person shall be subject on conviction before such Justice to a penalty not exceeding 1,000 rupees, and the said Justice shall, and he is hereby required to certify the aforesaid detainer, refusal, and conviction to the person or persons who granted such certificate of registry for such ship or vessel who shall, on the terms and conditions of law being complied with make registry of such ship or vessel de novo, and grant a certificate thereof conformably to law, notifying on the back of such certificate the ground upon which the ship or vessel was so registered de novo; and if the person who shall have detained and refused to deliver up such certificate of registry as aforesaid, or shall be verily believed to have detained the same, shall have absconded so that the said warrant of the Justice cannot be executed upon him, and proof thereof shall be made to the satisfaction of the Registering Officer, of the port at which the ship or vessel was registered, it shall be lawful for the said Officer to permit such ship or vessel to be registered de novo, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided in the case wherein the certificate of registry is lost or mislaid.

XXI. And it is hereby enacted, that if any ship or vessel, after she shall have been registered pursuant to the directions of this Act, shall in any manner whatever be altered so as not to correspond with all the particulars contained in the certificate of her registry, in such case such ship or vessel shall be registered de novo, in manner hereinbefore required as soon as she returns to the port to which she belongs, or to any other port within the territories of the East India Company, on failure whereof such ship or vessel shall to all intents and purposes be considered and deemed and taken to be a ship or vessel not duly registered.

XXII. And whereas great inconvenience may arise from the Registering Officers being served with subpœnas requiring them to bring with them and produce, on trials in Courts of Law relative to the ownership of vessels, or otherwise the declarations required to be taken by the owners thereof prior to the registering thereof, and the books of registry, or copies or extracts therefrom. And whereas it would tend much to the dispatch of business if the attendance of such Registering Officers with the same upon such trials were dispensed with, it is therefore hereby enacted, that the Registering Officer at any port or place, and the person or persons acting for them respectively, shall, upon every reasonable request by any person or persons whomsoever, produce and exhibit for his, her or their inspection and examination any declaration made by any such owner or owners, and also any register or entry in any book or books of registry required, and shall upon every reasonable request by any person or persons whomsoever, permit him, her, or them to take a copy or copies, or an extract or extracts thereof respectively, and that the copy and copies of any such oath or declaration, registry or entry, shall upon being proved to be true copy or copies thereof respectively, be allowed and received as evidence upon every trial at law, without the production of the original or originals, and without the testimony or attendance of any Registering Officer, or other person or persons acting for them rerpectively, in all cases, as fully and to all intents and purposes as such original or originals if produced by any Registering Officer, or other person or persons acting for them, could or might legally be admitted or received in evidence.

XXIII. And it is hereby enacted, that if any person or persons shall falsely make declaration to any of the matters hereinbefore required to be verified by declaration, or if any person or persons shall counterfeit, erase, alter, or falsify any certificate or other instrument in writing reqnired or directed to be obtained, granted, or produced by this Act, or shall knowingly or wilfully make use of any certificate or other instrument so counterfeited, erased, altered, falsified, or shall wilfully grant such certificate or other instrument in writing, knowing it to be false, such person or persons shall for every such offence be liable on conviction upon information to a penalty not exceeding 10,000 rupees. And if any such offence be committed by the owner of any ship or vessel, the certificate or license of such ship or vessel shall thenceforth be wholly void.

XXIV. It is hereby enacted, that when any ship or vessel duly registered under this Act, or sailing under the British Navigation Law, shall come to be owned, by a Native Prince or State, or by any subject of such Native Prince or State, it shall be lawful for the Governor of Fort William in Bengal, or for the Governor in Council of any Presidency, to continue to such vessel the privilege of a British ship by a pass to be issued under the Company's Seal and subscribed by a Secretary to Government, stating the voyage or voyages for which the same is to have effect, and the period for which it is to last; and it shall be lawful for the Governor of Fort William in Bengal, or the Governor in Council of any Presidency, to issue a similar pass conferring the privileges of a British ship under this Act to any ship or vessel built within the dominions of such Native Prince or State, and owned by such Prince or State, or by any of their subjects, provided always, that the ships belonging to Native Princes or States, or their subjects, in respect of which passes may be granted under this Act shall, during the voyage or voyages, or the period for which any such pass shall be granted be commanded by a subject of Her Majesty for whom the Governor General in Council has power to legislate.

XXV. And it is hereby enacted, that the fees demandable in respect of the granting any certificate or pass under this Act shall be fixed from time to time according to the directions of the Governor General in Council, but so that the same shall not exceed the amount of fees now payable for registering or granting passes to ships or vessels at the different Presidencies.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first meeting of the Legislative Council of India, after the 21st day of March next.

OVERLAND LETTERS AND POSTAGE.

It is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

THE 28TH DECEMBER, 1840.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 28th December 1840, is hereby promulgated for general information.

ACT No. XXV. of 1840.

For the better protection of the Abkaree Revenue within the Presidency of Fort William in Bengal.

I. Whereas it has been found necessary, with a view to make better provision for the protection of the Abkaree Revenue than is afforded by the existing system of management, to place the superintendence of certain Districts in a separate Commissioner acting under the direction and control of the Board of Customs, Salt and Opium, and whereas it is required to make provision by law for the extension and improvement of this system of management within the Presidency of Fort William in Bengal;—

It is hereby enacted, that whenever a Commissioner or Commissioners shall be appointed by the Governor of Bengal, or by the Governor or Lieutenant Governor of the N. W. Provinces, with the sanction of the Government of India, for the superintendence of the Abkaree Revenue, such Commissioner or Commissioners shall exercise within such Districts as may be assigned and prescribed from time to time by the said Governors or Lieutenant Governor the powers, authority and jurisdiction vested by the Regulations and Acts of the Government in Commissioners of the Land Revenue in all matters appertaining to the Abkaree Revenue.

II. And it is hereby enacted, that within the Districts so assigned to such Commissioner or Commissioners, the Governor of Bengal or Governor or Lieutenant Governor of the N. W. Provinces may appoint any duly qualified persons not being of the description specially provided for in Section XXXI. Regulation X. 1813, to be Superintendents of the Abkaree Revenue, and to vest them with the charge and management of the Abkaree Revenue under the orders of the said Commissioner within such local limits as to him may seem fit, and the persons so appointed shall exercise all the powers of Collectors in regard to this Revenue, excepting the adjudication of cases of contravention of the Laws relating to Abkaree.

III. And it is hereby enacted, that it shall be competent for the Governor of Bengal to vest any person appointed under the foregoing Clause to the charge and superintendence of the Abkaree Revenue with the power of adjudicating cases of contravention of the Abkaree Laws, in addition to the powers attaching to the office of Superintendent of Abkaree Revenue in the District or Districts assigned to him—provided that no such Superintendent when so vested with the powers of adjudication shall sentence any person to a fine exceeding 200 Rupees, whether commutable or otherwise, or to imprisonment for a term exceeding 3 months, except for a second offence under Section XVII. of this Act.

IV. And it is hereby enacted, that the warrant of any Officer authorized, or specially appointed, to adjudicate cases of contravention of the Abkaree Laws certifying the conviction of any individual, with a specification of the offence proved and penalty adjudged, shall be authority for the levying of any fine imposed, as therein specified, and for the detention of the person therein described in the Civil Jail of the District as may be therein prescribed,—provided always that it shall be competent to the Commissioner, upon appeal by the parties concerned, or of his own motion, to call for the papers and revise the proceedings in any case decided by such Superintendent, and to alter or reverse the judgment passed thereon, and a like power shall be possessed and exercised by the Board of Customs, Salt and Opium, or by any other Board possessing like authority whenever they think proper.

V. And it is hereby enacted, that any Officer employed in the Abkaree Department above the rank of Jemadar of Peons, who shall receive information that any person without a license is engaged in the manufacture of fermented or spirituous liquors, or in the preparation of intoxicating drugs, or has on his premises fermented or spirituous liquors or intoxicating drugs in such quantity as may render such person liable to the suspicion of secretly and illicitly trafficking in such articles, shall and is hereby authorised and required to take the deposition of the informer in writing, and if the information so given shall appear credible, so as to justify such proceeding, it shall further be competent to such Officer to enter and search such premises as may be declared by the informer to contain the illicit articles specified in his deposition, and to seize all illicit stills and materials of the kind used in manufacturing liquors and preparing drugs as well as all fermented or spirituous liquors, or intoxicating drugs, and to arrest the owner or occupant of the premises, together with all parties concerned in the transaction who may be found on the premises.

VI. And it is hereby enacted, that except in cases already provided for by Section XVIII. Regulation VII. of 1824, if any person or persons shall by threats or violence prevent the lawful arrest of any person by an Officer duly authorized to seize illicit stills, fermented or spirituous liquors, or intoxicating drugs and materials for the manufacture of the same, or shall procure by unlawful means his release after arrest, or shall obstruct any Officer duly authorized in making search for or seizure of any of the above mentioned illicit articles, or shall rescue such articles after seizure, or if the party found with any such illicit articles in possession, or any other person or persons shall resist such Officer in the execution of a legal process, such person or persons shall severally and respectively be liable on conviction before a Magistrate, to be sentenced for the same to pay a fine not exceeding 500 Rupees, commutable, if not paid, to imprisonment for a term not exceeding six months, provided that such person or persons shall be further liable, in the event of an affray or breach of the peace occurring, in consequence of his or their resistance, on conviction of the same before a competent tribunal to such punishment as is prescribed in the general rules applicable to cases of affray and breach of the peace in addition to the penalties above prescribed for the resistance of process.

VII. And it is hereby enacted, in modification of Clause 6, Section XXII. Regulation X. of 1813 of the Bengal Code, that if any person shall wilfully and maliciously give false information in respect to there being an illicit still or illicit stills, or fermented or spirituous liquors, or intoxicating drugs or materials prepared for the manufacture of spirituous liquors and drugs in any premises, and so procure that such premises shall be searched to the injury and vexation of the owners thereof, or of any other person or persons whatsoever, such false informer shall, besides being subject to any other penalties or damages to which he would be subject under the general law, be liable to imprisonment with or without labor for a term not exceeding two years, and to fine not exceeding 500 Rupees, commutable to a further term of imprisonment for six months if not paid.

VIII. And it is hereby enacted, that whenever any Officer of the Abkaree Department duly authorized under Section V. of this Act shall arrest any person charged with an infraction of the Laws for the protection of the Abkaree Revenue, or shall seize any still, or fermented or spirituous liquors or intoxicating drugs, or enter any premises for the purpose of searching for such illicit articles, he shall make a full report of all the particulars of such arrest or seizure or search to his official superior, within twenty-four hours after the transaction has occurred.

IX. And it is hereby enacted, that whenever any person may be arrested by an Officer employed in the Abkaree Department or by any other Officer of other Departments duly empowered to make seizure of illicit stills or spirituous liquors, or intoxicating drugs, or materials prepared for the purpose of manufacturing spirituous liquors or intoxicating drugs, the person making the arrest shall be bound to carry the party arrested with all convenient despatch to the Officer of the Department who may be competent to try the case, and no person so arrested shall be released until the case shall have been brought to judgment in the manner provided by Law.

X. And it is hereby enacted, that any Officer who shall neglect to report all the particulars of an arrest, seizure, or search within 24 hours after the transaction has occurred, or who shall delay carrying the person arrested to the proper Officer with all convenient despatch, or who shall release or connive at the escape of the person arrested shall be liable, on conviction, to dismissal from his situation, and to pay a fine not exceeding 200 Rupees, and to imprisonment for a term not exceeding three months, and in case of non-payment of the fine, to further imprisonment not exceeding three months, and the sentence shall be adjudged by any Officer competent to adjudicate cases of contravention of the Abkaree Laws.

XI. And it is hereby enacted, that it shall be lawful for any Officer employed in the Abkaree Department to enter and inspect at any time, by day or by night, the shop or premises in which any licensed Abkar shall carry on the sale or manufacture of fermented or spirituous liquors, or intoxicating drugs or liquors, in order to satisfy himself that nothing is going on in contravention of the Abkaree Laws, or of the conditions of the license.

XII. And it is hereby enacted, that if any Officer of the Abkaree Department be convicted before the Magistrate of any District, of having vexatiously and unnecessarily seized the goods of any person on the pretence of seizing or searching for illicit stills, spirituous liquors, intoxicating drugs, or the materials for manufacturing the same, or of having vexatiously and unnecessarily arrested any person, or of committing any other excess not required for the execution of his duty, every such Officer shall, besides dismissal, be punished with imprisonment not exceeding six months, and with fine not exceeding 200 Rupees, commutable, if not paid to a further imprisonment not exceeding six months.

XIII. And it is hereby enacted, that whenever in this Act or in any other law the terms "Officers employed in the Abkaree Department," are used they shall be deemed and construed to apply to such Officers as receive salary from and are appointed by the persons in charge of the Abkaree Department in the District, or such Officers as the Commissioner of the Abkaree Revenue may by special delegation or appointment empower to act in relation to this branch of the Revenue.

XIV. And it is hereby enacted, that every person holding a license for the manufacture or sale of fermented or spirituous liquors or intoxicating drugs, shall preserve such license at the shop or premises specified in the body of the license, and shall exhibit the license on the demand of any Abkaree Officer, who shall desire to inspect the same, and any such licensed manufacturer or vender who shall refuse, or be unable to produce his license on the demand of any Abkaree Officer, shall be liable on conviction before a Magistrate to a fine not exceeding 200 Rupees, or to imprisonment for a term not exceeding three months, and in case of non-payment of the fine to further imprisonment not exceeding a like term.

XV. And it is hereby enacted, that one moiety of all fines realized from persons convicted of the illicit possession or manufacture or sale of fermented or spirituous liquors or intoxicating drugs, excepting Opium, and of the proceeds from sale of articles confiscated, shall upon adjudication of the case be awarded to the Officer or Officers who may have apprehended the offender or seized the illicit articles, and the other half shall be given to the informer as provided in Clause 8, Section XXII. Regulation X. of 1813, and if no fine be realized, the Commissioner may recommend through the Board of Customs, Salt and Opium such reasonable reward, not exceeding the sum of 200 Rupees in each case as may appear to him fit,—provided however, that it shall be competent to the Board of Customs, Salt and Opium to prescribe by General Order what classes of Officers of the Department shall receive reward and what classes shall have no title to participate therein.

XVI. And it is hereby enacted, that any Officer employed in the Abkaree Department, who shall be convicted of conniving at the manufacture or sale of fermented or spirituous liquors without license, or by any licensed manufacturer or vender contrary to the terms of such license, shall be liable to the same penalties that would be incurred by the offender at whose act in contravention of the law he so connived.

XVII. And it is hereby enacted, that whenever any person shall be convicted of an infraction of the laws for protection of the Abkaree Revenue after having been previously convicted of a like offence, he shall be liable, in addition to the penalty attached to such offence, to imprisonment in the Dewanny Jail for a period of six months, and a like punishment of six months' imprisonment shall be incurred, in addition to the punishment which may be inflicted for a first offence, upon every subsequent conviction after the second, and the warrant of the Officer adjudicating any case under the provisions of this Section shall be authority for the Judge or other Officer in charge of the Dewanny Jail to hold the person described therein in confinement in such Jail, and for such time as may be specified and required in the said warrant.

And such Registering Officer shall forthwith, or within one month at the furthest, send to the Government of the Presidency to which he is subordinate a true and exact copy, together with the number of every certificate which shall be by him so granted.

V. And it is hereby enacted, that no registry shall henceforth be made or certificate be granted, until the following declaration be made or subscribed before the Registering Officer, by the owner or major part of the owners of the ship or vessel required to be registered.

I, A. B., of (place of residence and occupation) do truly declare that the ship or vessel (name) of (port or place) whereof (master's name) is at present master being (kind of built, burthen, et cetera, as described in the certificate of the Surveying Officer) was (when and where) built, and that I the said (A. Provided that if the Registering Officer shall see occasion to doubt the truth of any of the facts contained in the above declaration he shall not deem such declaration to be conclusive, but may refuse the registry, or certificate and his discretion exercised in this behalf shall be subject only to an appeal to the local Government to which he is subordinate.

VI. And it is hereby enacted, that in case the required number of joint owners of any ship or vessel shall not personally attend to make and subscribe the declaration hereinbefore directed to be made and subscribed, then and in such case such owner or owners, as shall personally attend and make and subscribe the declarations aforesaid, shall further declare that the part owner or part owners of such ship or vessel then absent, is or are not resident within twenty miles of such port or place and hath or have not to the best of his or their knowledge or belief, wilfully absented himself or themselves in order to avoid the making the declaration hereinbefore directed to be made and subscribed, or is or are prevented by illness from attending to make and subscribe the said declaration.

VII. And in order to enable the Registering Officer to grant a certificate truly and accurately describing every ship or vessel to be registered in pursuance of this Act, and also to enable all other Officers of Customs on due examination, to discover whether any such ship or vessel is the same with that for which a certificate is alleged to have been granted, it is hereby enacted, that previous to the registering or granting of any certificate of registry as aforesaid some one or more person or persons appointed by the local Governments respectively, taking to his or their assistance if he or they shall judge it necessary, one or more person or persons skilled in the building and admeasurement of ships, shall go on board of every such ship or vessel that is to be registered, and shall strictly and accurately examine and measure every such ship or vessel as to all and every particular contained in the form of the certificate hereinbefore directed in the presence of the master, or of any other person who shall be appointed for that purpose on the part of the owener or owners, or in his or their absence by the said master, and shall deliver a true and just account in writing of all such particulars of the built, description, and admeasurment of every such ship or vessel as are specified in the form of the certificate above recited to the Collector authorized as aforesaid to make such registry and grant such certificate of registry ; and the said master or other person attending on the part of the owner or owners is hereby required to sign his name also to the certificate of such Surveying or Examining Officer in testimony of the truth thereof, provided such master or other person shall consent and agree to the several particulars set forth and described therein.

VIII. And it is hereby enacted, that from and after the commencement of this Act the tonnage of every ship or vessel required by law to be registered, shall, previous to her being registered, be measured and ascertained while her hold is clear, and according to the following rule; (that is to say) divide the length of the upper deck between the afterpart of the stem and the forepart of the stern post into six equal parts. Depths; at the foremost, the middle, and the aftermost of those points of division, measure in feet and decimal parts of a foot the depths from the underside of the upper deck to the ceiling at the limber strake. In the case of a break in the upper deck, the depths are to be measured from a line stretched in a continuation of the deck. Breadths; divide each of those three depths into five equal parts and measure the inside breadths at the following points videlicet, at one-fifth and at four-fifths from the upper deck of the foremost and aftermost depths, and at two-fifths and four-fifths from the upper deck of the midship depth. Length; at half the midship depth measure the length of the vessel from the afterpart of the stem to the forepart of the stern-post, then to twice the midship depth add the foremost and the aftermost depths for the sum of the depths; add together the upper and lower breadths at the foremost division, three times the upper breadth, and the lower breadth at the midship division, and the upper and twice the lower breadth at the after division, for the sum of the breadths; then multiply the sum of the depths by the sum of the breadths, and this product by the length, and divide the final product by three thousand five hundred, which will give the number of tons for register. If the vessel have a poop or half deck, or a break in the upper deck, measure the inside mean length, breadth and height of such part thereof as may be included within the bulk head; multiply these three measurements together, and dividing the product by 92.4 the quotient will be the number of tons to be added to the result as above found. In order to ascertain the tonnage of open vessels, the depths are to be measured from the upper edge of the upper strake.

IX. And it is hereby enacted, that the tonnage or burthen of every ship belonging to the United Kingdom, ascertained in the manner hereinbefore directed, shall, in respect of any such ship which shall be registered after the commencement of this Act (except as hereinafter excepted,) be inserted in the certificate of the registry thereof, and be taken and deemed to be the tonnage or burthen thereof for all the purposes of the said recited Act.

X. And it is hereby provided, that in each of the several rules hereinbefore prescribed, when applied for the purpose of ascertaining the tonnage of any ship or vessel propelled by steam, the tonnage due to the cubical contents of the engine room shall be deducted from the total tonnage of the vessel as determined by either of the rules aforesaid, and the remainder shall be deemed the true register tonnage of the said ship or vessel. The tonnage due to the cubical contents of the engine room shall be determined in the following manner; that is to say, measure the inside length of the engine room in feet and decimal parts of a foot from the foremost to the aftermost bulk-head, then multiply the said length by the depth of the ship or vessel at the midship division as aforesaid, and the product by the inside breadth at the same division at two-fifths of the depth from the deck taken as aforesaid, and divide the last product by 92.4, and the quotient shall be deemed the tonnage due to the cubical contents of the engine room.

XI. And it is hereby provided, that the tonnage due to the cubical contents of the engine room and also the length of the engine room shall be set forth in the certificate of registry as part of the description of the ship or vessel, and that any alteration of such tonnage due to the cubical contents of the engine room, or of such length of the engine room, after registry, shall be deemed to be an alteration requiring registry de novo within the meaning of the said Act for the registering of ships or vessels.

XII. And it is hereby enacted, that for the purpose of ascertaining the tonnage of all such ships whether belonging to the United Kingdom or otherwise, as there shall be occasion to measure while their cargoes are on board, the following rule shall be observed and is hereby established; (that is to say,) measure, first the length on the upper deck between the afterpart of the stem and the forepart of the stern-post; secondly, the inside breadth on the underside of the upper deck at the middle point of the length; and, thirdly, the depth from the underside of the upper deck down the pump-well to be skin, multiply these three dimensions together, and divide the product by one hundred and thirty, and the quotient will be the amount of the register tonnage of such ships.

XIII. And it is hereby enacted, that the true amount of the register tonnage of every merchant ship or vessel belonging to the United Kingdom, to be ascertained according to the rule by this Act established in respect of such ships, shall be deeply carved or cut in figures of at least three inches in length on the main beam of every such ship or vessel, prior to her being registered.

XIV. And it is hereby enacted, that whenever the tonnage of any ship or vessel shall have been ascertained according to the rule herein prescribed (except in the case of ships or vessels which have been admeasured afloat) such account of tonnage shall ever after be deemed the tonnage of such ship or vessel, and shall be repeated in every subsequent registry of such ship or vessel, unless it shall happen that any alteration has been made in the form of burthen of such ship or vessel, or it shall be discovered that the tonnage of such ship or vessel had been erroneously taken and computed.

XV. And it is hereby enacted, that if such certificate as aforesaid shall be sold, lent, or otherwise disposed of to any person or persons whatever than those for whose use it is granted or shall be made use of for the service of any other ship or vessel than the ship or vessel for which it is granted such certificate shall thenceforth be utterly void, and the master or any owner of the ship or vessel who shall be proved to have sold, lent, or disposed of such certificate or made use of the same as aforesaid, or shall have concurred in or been privy to the committing any such offence shall be liable upon conviction by information to a penalty not exceeding 10,000 rupees, and that in case such ship or vessel shall be lost or taken by the enemy, burnt, or broken up, or otherwise prevented from returning to the port at which she is registered, or shall on any account have lost and forfeited the privileges of a British ship, or shall have been seized and legally condemned for illicit trading, or shall have been taken in execution for debt and sold by due process or law, or shall have been sold to the Crown or the East India Company, or shall under any circumstances have been registered de novo, the certificate, if preserved, shall be delivered up, within one month after the arrival of the master in any port or place in the territories of the East India Company to the Registering Officer at such port, in default whereof the master shall be liable on conviction before a Justice of the Peace in a penalty not exceeding 5,000 rupees. And that if any person not being such subject as aforesaid shall purchase or otherwise become entitled to the whole or to any part or share of or any interest in such ship or vessel, and the same shall be within the limits of any port of the territories of the East India Company, then and in such case the certificate of registry shall within seven days after such purchase or transfer of property in such ship or vessel, be delivered up to the person or persons hereinbefore authorized to make registry and grant certificate of registry at such port or place respectively as aforesaid, and if such ship or vessel shall be in any place not within the territories of the East India Company when such purchase or transfer of property shall take place, then that the certificate shall be delivered up within fourteen days after the arrival of such ship or vessel, or of the master thereof in any port of the territories of the East India Company, in default whereof the master shall be liable on conviction before any Justice of the Peace in a penalty not exceeding 5,000 rupees.

XVI. And it is hereby enacted, that when and so often as the master of any ship or vessel registered in manner hereinbefore directed shall be changed, the master or owner of such ship or vessel shall deliver to the person or persons hereinbefore authorized to make such registry and grant such certificates of registry at the port where such change shall take place if it be a port within the territories of the East India Company, the certificate of registry belonging to such ship or vessel, who shall thereupon indorse and subscribe a memorandum of such change, and shall forthwith give notice of the same to the proper officer of the port or place where such ship or vessel was last registered pursuant to this Act, who shall likewise make a memorandum of the same in the book of registers which is hereby directed and required to be kept, and shall forthwith give notice thereof in like manner as of the original entry. But if the change do not take place in any port within the territories of the East India Company, then such delivery, memorandum and indorsement shall be made and notice given at the first port within the territories of the East India Company at which the new master shall arrive after such change. In default of which delivery of the certificate such new master shall be liable on conviction before a Justice of the Peace, to a penalty not exceeding 5,000 rupees.

XVII. And it is hereby enacted, that it shall not be lawful for any owner or owners of any ship or vessel, to give any name to such ship or vessel other than that by which she was first registered in pursuance of this Act, and that the owner or owners of all and every ship or vessel which shall be so registered, shall, before such ship or vessel after such registry, shall begin to take in any cargo, paint or cause to be painted, in white or yellow letters of a length of not less than four inches, upon a black ground on some conspicuous part of the stern, the name by which such ship or vessel shall have been registered pursuant to this Act, and the port to which she belongs in a distinct and legible manner, and shall so keep and preserve the same, and that if such owner or owners, or master or other person having or taking the charge or command of such ship or vessel, shall permit such ship or vessel to begin to take in cargo before the name of such ship or vessel has been so painted as aforesaid, or shall wilfully alter, erase, obliterate, or in any wise hide or conceal, or cause or procure or permit the same to be done or shall in any written or printed paper, or other document describe such ship or vessel by any name other than that by which she was first registered pursuant to this Act, or shall verbally describe, or cause or procure or permit such ship or vessel to be described by any other name to any Officer or Officers of Revenue in the due execution of his or their duty, then and in every such case the certificate of registry shall thenceforth become utterly void, and such owner or owners, or master or other person having or taking the charge or command of such ship or vessel shall be liable on information to a penalty not exceeding 1,000 rupees.

XVIII. And it is hereby enacted, that all and every person and persons who shall apply for a certificate of the registry of any ship or vessel shall, and they are hereby required to produce to the person or persons authorized to grant such certificate, a true and full particular under the hand of the builder of such ship or vessel, or in case the want of such certificate can be satisfactorily accounted for, then to produce other sufficient evidence of the proper denomination, and of the time when and the place where such ship or vessel was built, and also an exact account of the tonnage of such ship or vessel, and shall also make and subscribe a declaration before the person or persons hereinbefore authorized to grant such certificate that the ship or vessel for which such certificate is required is the same with that which is so described by the builder as aforesaid.

XIX. And it is hereby enacted, that if the certificate of registry of any ship or vessel shall be lost or mislaid, so that the same cannot be found or obtained for the use of such ship or vessel when needful, and proof thereof shall be made to the satisfaction of the Registering Officer of the port at which the ship is registered, such Officer shall and may permit such ship or vessel to be registered de novo, and a certificate thereof to be granted. Provided always that if such ship or vessel be absent and far distant from the port to which she belongs, or by reason of the absence of the owner or owners, or of any other impediment, registry of the same cannot then be made in sufficient time, such Registering Officer shall and may grant a license for the present use of such ship or vessel, which license shall for the time and to the extent specified therein, and no longer, be of the same force and virtue as a certificate of registry granted under this Act. Provided always that if the certificate of registry shall at any time afterwards be found, the same shall be forthwith delivered to the proper Officers of Customs to be cancelled, and that no illegal use be made of the same, in default whereof the original certificate and the renewed certificate or license shall thenceforth become utterly void, and any person wilfully detaining the certificate so required to be cancelled, or making any illegal use thereof, shall be liable on conviction before any Justice in a penalty not exceeding 5000 rupees.

XX. And whereas it is not proper that any person under any pretence whatever should detain the certificate of registry of any ship or vessel, or hold the same for any purpose other than the lawful use and navigation of the ship or vessel for which it was granted, it is therefore hereby enacted, that in case any person who shall have received or obtained by any means or for any purpose whatever the certificate of the registry of any such ship or vessel (whether such person shall claim to be the master or to be the owner or one of the owners of such ship or vessel, or not,) shall wilfully detain and refuse to deliver up the same to the proper Officers of Customs, for the purposes of such ship or vessel, as occasion shall require, or to the person or persons having the actual command, possession, and management of such ship or vessel as the ostensible and reputed master, or as the ostensible and reputed owner or owners thereof, it may and shall be lawful to and for any such last mentioned person to make complaint on oath of such detainer and refusal to any Justice of the Peace residing near to the place where such detainer and refusal shall be, and on such complaint the said Justice shall and is hereby required by warrant under his hand and seal, to cause the person so complained against to be brought before him to be examined touching such detainer and refusal, and if it shall appear to the said Justice on examination of such person or otherwise that the said certificate of registry is not lost or mislaid, but is wilfully detained by the said person, such person shall be subject on conviction before such Justice to a penalty not exceeding 1,000 rupees, and the said Justice shall, and he is hereby required to certify the aforesaid detainer, refusal, and conviction to the person or persons who granted such certificate of registry for such ship or vessel who shall, on the terms and conditions of law being complied with make registry of such ship or vessel de novo, and grant a certificate thereof conformably to law, notifying on the back of such certificate the ground upon which the ship or vessel was so registered de novo; and if the person who shall have detained and refused to deliver up such certificate of registry as aforesaid, or shall be verily believed to have detained the same, shall have absconded so that the said warrant of the Justice cannot be executed upon him, and proof thereof shall be made to the satisfaction of the Registering Officer, of the port at which the ship or vessel was registered, it shall be lawful for the said Officer to permit such ship or vessel to be registered de novo, or otherwise, in his discretion, to grant a license for the present use of such ship or vessel in like manner as is hereinbefore provided in the case wherein the certificate of registry is lost or mislaid.

And it is hereby enacted, that if any ship or vessel, after she shall have been registered pursuant to the directions of this Act, shall in any manner whatever be altered so as not to correspond with all the particulars contained in the certificate of her registry, in such case such ship or vessel shall be registered de novo, in manner hereinbefore required as soon as she returns to the port to which she belongs, or to any other port within the territories of the East India Company, on failure whereof such ship or vessel shall to all intents and purposes be considered and deemed and taken to be a ship or vessel not duly registered.

XXII. And whereas it would tend much to the dispatch of business if the attendance of such Registering Officers with the same upon such trials were dispensed with, it is therefore hereby enacted, that the Registering Officer at any port or place, and the person or persons acting for them respectively, shall, upon every reasonable request by any person or persons whomsoever, produce and exhibit for his, her or their inspection and examination any declaration made by any such owner or owners, and also any register or entry in any book or books of registry required, and shall upon every reasonable request by any person or persons whomsoever, permit him, her, or them to take a copy or copies, or an extract or extracts thereof respectively, and that the copy and copies of any such oath or declaration, registry or entry, shall upon being proved to be true copy or copies thereof respectively, be allowed and received as evidence upon every trial at law, without the production of the original or originals, and without the testimony or attendance of any Registering Officer, or other person or persons acting for them rerpectively, in all cases, as fully and to all intents and purposes as such original or originals if produced by any Registering Officer, or other person or persons acting for them, could or might legally be admitted or received in evidence.

XXIII. And it is hereby enacted, that if any person or persons shall falsely make declaration to any of the matters hereinbefore required to be verified by declaration, or if any person or persons shall counterfeit, erase, alter, or falsify any certificate or other instrument in writing required or directed to be obtained, granted, or produced by this Act, or shall knowingly or wilfully make use of any certificate or other instrument so counterfeited, erased, altered, falsified, or shall wilfully grant such certificate or other instrument in writing, knowing it to be false, such person or persons shall for every such offence be liable on conviction upon information to a penalty not exceeding 10,000 rupees. And if any such offence be committed by the owner of any ship or vessel, the certificate or license of such ship or vessel shall thenceforth be wholly void.

XXIV. It is hereby enacted, that when any ship or vessel duly registered under this Act, or sailing under the British Navigation Law, shall come to be owned, by a Native Prince or State, or by any subject of such Native Prince or State, it shall be lawful for the Governor of Fort William in Bengal, or for the Governor in Council of any Presidency, to continue to such vessel the privilege of a British ship by a pass to be issued under the Company's Seal and subscribed by a Secretary to Government, stating the voyage or voyages for which the same is to have effect, and the period for which it is to last; and it shall be lawful for the Governor of Fort William in Bengal, or the Governor in Council of any Presidency, to issue a similar pass conferring the privileges of a British ship under this Act to any ship or vessel built within the dominions of such Native Prince or State, and owned by such Prince or State, or by any of their subjects, provided always, that the ships belonging to Native Princes or States, or their subjects, in respect of which passes may be granted under this Act shall, during the voyage or voyages, or the period for which any such pass shall be granted be commanded by a subject of Her Majesty for whom the Governor General in Council has power to legislate.

XXV. And it is hereby enacted, that the fees demandable in respect of the granting any certificate or pass under this Act shall be fixed from time to time according to the directions of the Governor General in Council, but so that the same shall not exceed the amount of fees now payable for registering or granting passes to ships or vessels at the different Presidencies.
